almost ten years ago, but evidence of the Respondent's "cavalier attitude" occurred in 1991 before the Medical Board, and in 1994 in the hearing before Judge Bittner. As Judge Bittner noted, the DEA has previously determined that "[t]he paramount issue is not how much time has elapsed since [the Respondent's unlawful conduct, but rather, whether during that time [the] Respondent has learned from past mistakes and has demonstrated that he would handle controlled substances properly if entrusted with a DEA registration." Leonardo V. Lopez, M.D., 54 FR 36915 (1989). Here, the Deputy Administrator is currently not convinced that the Respondent would properly handle controlled substances if his registration is granted.

Accordingly, the Deputy Administrator of the Drug Enforcement Administration, pursuant to the authority vested in him by 21 U.S.C. 823, and 28 CFR 0.100(b) and 0.104, hereby orders that the pending DEA Certificate of Registration application of James W. Shore, M.D., be, and it hereby is, denied. This order is effective March 18, 1996.

Dated: February 12, 1996. Stephen H. Greene, Deputy Administrator. [FR Doc. 96-3508 Filed 2-15-96; 8:45 am] BILLING CODE 4410-09-M

DEPARTMENT OF LABOR

Employment Standards Administration

Wage and Hour Division; Minimum Wages for Federal and Federally Assisted Construction; General Wage **Determination Decisions**

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR Part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR Part 1,

Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedes decisions thereto, contain no expiration dates and are effective from their date of notice in the Federal Register, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon And Related Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interested in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department. Further information and selfexplanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, **Employment Employment Standards** Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution

Avenue, N.W., Room S-3014, Washington, D.C. 20210.

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-295 and 50-304]

Commonwealth Edison Company; Zion Nuclear Power Station, Unit Nos. 1 and 2; Environmental Assessment and **Finding of No Significant Impact**

The U.S. Nuclear Regulatory Commission (the Commission) is considering issuance of an amendment to Facility Operating License Nos. DPR-39 and DPR-48, issued to Commonwealth Edison Company (the licensee), for operation of Zion Nuclear Power Station, Unit Nos. 1 and 2, located in Lake County, Illinois.

Environmental Assessment

Identification of the Proposed Action

The proposed amendment will revise the existing Technical Specifications (TS) in its entirety and incorporate the guidance provided in NUREG-1431 (September 1992), "Standard Technical Specifications, Westinghouse Plants.' The proposed action is in accordance with the licensee's amendment request dated November 3, 1995, as supplemented on November 22, 1995.

The Need for the Proposed Action

It has been recognized that nuclear safety in all plants would benefit from improvement and standardization of TS. The "NRC Interim Policy Statement on **Technical Specification Improvements** for Nuclear Power Reactors," (52 FR 3788) contained proposed criteria for defining the scope of technical
