

the plan has included interdisciplinary team meetings with the Keweenaw National Historical Park Advisory Commission, interested agencies, organizations, and individuals. Meetings with the general public were conducted in February and May, 1995. The scoping process has indicated that the proposals being considered may result in significant impacts to the human environment and may constitute a major Federal action significantly affecting the quality of the human environment. Therefore, the preparation of an EIS in conjunction with the plan is appropriate.

The General Management Plan and EIS will investigate alternatives ranging from no action to a variety of development and management proposals designed to guide visitor use, resource protection, and partnership relationships. Federal, State and local agencies, and other individuals or organizations who may be interested in, or affected by, the future development of Keweenaw National Historical Park are further invited to participate in refining or identifying issues. Written comments and suggestions concerning preparation of the EIS should be sent to: Superintendent, Keweenaw National Historical Park, 100 Red Jacket Road (2nd floor), Calumet, Michigan 49913. William Schenk, Field Director for the Midwest Field Area in Omaha, Nebraska is the responsible official.

Preparation of the plan and EIS is expected to take about 12 months. The draft plan and EIS should be available for public review by spring, 1997 with the final plan and EIS and Record of Decision expected to be completed by fall, 1997. Schedules for public meetings to solicit comments on the draft plan will be announced at the time of plan completion.

Dated: November 22, 1996.
William W. Schenk,
Field Director, Midwest Field Area.

Wage and Hour Division

Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR Part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR Part 1, Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.
