[Docket No. EC97-7-000]

Take notice that on November 27, 1996, Atlantic City Electric Company (Atlantic) and Delmarva Power & Light Company (Delmarva) (collectively, "Applicants") tendered for filing an application to merge Atlantic and Delmarva as separate operating subsidiaries of a newly-formed holding company, which will be a registered holding company under the Public Utility Holding Company Act (PUHCA).

Atlantic is currently a subsidiary of Atlantic Energy, Inc., an exempt holding company under PUHCA. Under the terms of an Agreement and Plan of Merger, the common shares of Atlantic Energy and Delmarva will be surrendered and the common shareholders will receive common shares of the newly-formed, as-yet unnamed holding company. Applicants state that the exchange ratios for the common stock were negotiated at arms-length. As part of these negotiations, applicants also agreed that Atlantic Energy shareholders will receive a separately established amount of so-called "Class A" common stock.

Notice is also hereby given that in conjunction with and dependent on approval of the merger, applicants have proposed a "hold-harmless" provision that is stated to ensure that the merger will not increase the rates under any existing FERC-jurisdictional resale agreement throughout the remaining terms of such agreements.

Applicants have filed a joint open-access FERC Order No. 888 transmission tariff, which applicants state would go into effect at the time the merger closes unless superseded by tariffs made effective as part of the ongoing proceedings involving the restructuring of the Pennsylvania-New Jersey-Maryland Interconnection Association.

Applicants submit that the proposed merger, which, for accounting purposes, is treated as an acquisition by Delmarva of Atlantic Energy, is consistent with the public interest as required by Section 203 of the FPA. Applicants, therefore, request that the Commission approve the proposed transaction and merger without the necessity of a hearing.
