Fresh and Chilled Atlantic Salmon From Norway, Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Final Results of Antidumping Duty Administrative Review.

SUMMARY: On September 26, 1995, the Department of Commerce (the Department) published the preliminary results of its administrative review of the antidumping duty order on fresh and chilled Atlantic salmon from Norway. The review covers 24 exporters, and the period April 1, 1993, through March 31, 1994. Based on our analysis of the comments received, we determine the dumping margins for two of the reviewed exporters, Skaarfisk A/S (Skaarfisk) and Norwegian Salmon A/S (Norwegian Salmon), have changed.

EFFECTIVE DATE: December 13, 1996.

FOR FURTHER INFORMATION CONTACT: Todd Peterson or Thomas Futtner, Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone (202) 482-4106, or 482-3814, respectively.

SUPPLEMENTARY INFORMATION:

Applicable Statute and Regulations

The Department is conducting this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). Unless otherwise indicated, all citations to the statute and to the Department's regulations are in reference to the provisions as they existed on December 31, 1994.

Background

On September 26, 1995, the Department published the preliminary results (60 FR 49579) of its administrative review of the antidumping duty order on fresh and

chilled Atlantic salmon from Norway (April 12, 1991, 56 FR 14920). The Department has now completed this administrative review in accordance with section 751 of the Act.

Scope of the Review

The merchandise covered by this review is fresh and chilled Atlantic salmon (salmon). It encompasses the species of Atlantic salmon (*Salmo salar*) marketed as specified herein; the subject merchandise excludes all other species of salmon: Danube salmon; Chinook (also called "king" or "quinnat"); Coho ("silver"); Sockeye ("redfish" or "blueback"); Humpback ("pink"); and Chum ("dog"). Atlantic salmon is whole or nearly whole fish, typically (but not necessarily) marketed gutted, bled, and cleaned, with the head on. The subject merchandise is typically packed in fresh water ice (chilled). Excluded from the subject merchandise are fillets, steaks, and other cuts of Atlantic salmon. Also excluded are frozen, canned, smoked or otherwise processed Atlantic salmon. Fresh and chilled Atlantic salmon is currently provided for under Harmonized Tariff Schedule (HTS) subheading 0302.12.00.02.09. The HTS item number is provided for convenience and Customs purposes. The written description remains dispositive.

Cost of Production and Foreign Market Value

We calculated the cost of production (COP) of salmon sold by each exporter based on the sum of the following: (1) The simple average of farmers' costs of cultivation (COC) (which included the cost of materials, fabrication, wellboat services, general expenses of the farmer, and any applicable fees); (2) processing expenses; and (3) each exporter's general expenses. The total COP was calculated on a Norwegian kroner per kilogram (NOK/kg) basis.

Based on the comments presented by both respondents and petitioner, and after further consideration and review, we have revised certain costs as detailed in the comments below.

We calculated foreign market value (FMV) based on c.i.f., duty paid prices to unrelated third country purchasers. We deducted, where appropriate, third country inland freight, air freight, inland/marine insurance, Norwegian export taxes, brokerage and handling, inland freight in Norway, and third country import duties. We made circumstance of sale adjustments, where appropriate, for differences in credit, commissions, and warranty expenses.
