By the terms of the proposed AOC, these parties will together pay \$85,984.12 to the Hazardous Substance Superfund. This payment represents approximately .014% of the total anticipated costs for the Site upon which this settlement is based.

In exchange for payment, EPA will provide the settling parties with a limited covenant not to sue for liability under sections 106 and 107(a) of CERCLA, including liability for EPA's past costs, the cost of the remedy, and future EPA oversight costs, and under section 7003 of the Solid Waste Disposal Act, as amended (also known as the Resource Conservation and Recovery Act).

The amount that each individual PRP will pay, as shown above, reflects the number of drums that each PRP sent to the Site that had hazardous materials in them. The cost per drum is \$3.24. The total amount of settlement dollars owed by each party to the settlement was arrived at by multiplying the price per drum by the number of drums a party sent to the Site (Base Amount) plus a premium payment of 30% of the Base Amount.

For a period of thirty (30) days from the date of this publication, the public may submit comments to EPA relating to this proposed de minimis settlement.

A copy of the proposed AOC may be obtained from Maureen O'Reilly (8ENF-T), U.S. Environmental Protection Agency, Region VIII, 999 18th Street, Suite 500, Denver, Colorado 80202-2405, (303) 312-6402. It is so agreed:

### Public Information Collections Approved by Office of Management and Budget

December 6, 1996.

The Federal Communications Commission (FCC) has received Office of Management and Budget (OMB) approval for the following public information collections pursuant to the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid control number. For further information contact Shoko B. Hair, Federal Communications Commission, (202) 418-1379.

**OMB Control No.:** 3060-0742.

**Expiration Date:** 12/31/99.

**Title:** Telephone Number Portability, First Report and Order and Further Notice of Proposed Rulemaking.

**Form No.:** N/A.

**Estimated Annual Burden:** 735 total annual hours; 6.89 hours per respondent (avg.); 107 respondents.

**Estimated Annual Reporting and Recordkeeping Cost Burden:** \$0.

**Description:** In Telephone Number Portability, CC Docket No. 95-116, First Report and Order and Further Notice of Proposed Rulemaking (released June 27, 1996), the Commission promulgates rules and regulations implementing the

statutory requirement that local exchange carriers (LECs) provide number portability as set forth in Section 251 of the Telecommunications Act of 1996 (1996 Act). Pursuant to Section 251, the First Report and Order establishes performance criteria for acceptable long-term number portability methods and requires all LECs to begin deploying number portability in the 100 largest Metropolitan Statistical Areas (MSAs) no later than October 1, 1997, and to complete deployment in those MSAs by December 31, 1998, in accordance with a phased schedule.

*OMB Control No.:* 3060-0729.

*Expiration Date:* 12/31/99.

*Title:* Bell Operating Company Provision of Out-of-Region, Interstate, Interexchange Services (Affiliated Company Recordkeeping Requirement—CC Docket No. 96-21).

*Form No.:* N/A.

*Estimated Annual Burden:* 42,394 total annual hours; 6056 hours per respondent (avg.); 7 respondents.

*Description:* In the Report and Order issued in CC Docket No. 96-21, the Commission removed dominant regulation for BOCs that provide out-of-region, interstate, interexchange services through an affiliated that complies with certain safeguards, in order to facilitate the efficient and rapid provisions of out-of-region, domestic, interstate, interexchange services by the BOCs, as contemplated by the 1996 Act, while still protecting ratepayers and competition in the interexchange market. These safeguards require that the affiliate: (1) Maintain separate books of account from the LEC; (2) not jointly own transmission or switching facilities with the LEC; and (3) take any tariffed services from the affiliated LEC pursuant to the terms and conditions of the LEC's generally applicable tariff. The recordkeeping requirement will not impose any significant burden on BOC interexchange affiliates because we do not require that the interexchange affiliate maintain separate books of accounts that comply with our Part 32 rules. Instead, these affiliates must maintain separate books as would any separate corporation, as a matter of course.
