NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice 96-144]

Notice of Prospective Patent License

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of Prospective Patent License.

SUMMARY: NASA hereby gives notice that TECH 2000, L.L.C., of Roswell, Georgia, has applied for an exclusive license to practice the invention described in U.S. Patent No. 5,277,959, entitled "Composite Flexible Blanket Insulation," which was issued on January 11, 1994, to the United States of America as represented by the Administrator of the National Aeronautics and Space Administration. Written objections to the prospective grant of a license should be sent to Kenneth L. Warsh, Patent Counsel, Ames Research Center.

DATES: Responses to this notice must be received by February 25, 1997.

FOR FURTHER INFORMATION CONTACT: Kenneth L. Warsh, Patent Counsel, Ames Research Center, Mail Code 202A-3, Moffett Field, CA 94035-1000; telephone (415) 604-1592.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Agency Information Collection Activities: Proposed Collection; Comment Request

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice.

SUMMARY: NARA is giving public notice that the agency proposes to request extension of a currently approved information collection for requesting permission to use privately-owned equipment to microfilm archival holdings in the National Archives of the United States and Presidential libraries. The public is invited to comment on the proposed information collection pursuant to the Paperwork Reduction Act of 1995.

DATES: Written comments must be received on or before February 25, 1997 to be assured of consideration.

ADDRESSES: Comments should be sent to: Paperwork Reduction Act Comments (PIRM-POL), Room 4100, National Archives and Records Administration, 8601 Adelphi Rd, College Park, MD 20740-6001; or faxed to 301-713-7270; or electronically mailed to nancy.allard@arch2.nara.gov.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or

copies of the proposed information collections and supporting statements should be directed to Nancy Allard at telephone number 301-713-6730, ext. 226, or fax number 301-713-7270.

SUPPLEMENTARY INFORMATION: Pursuant to the Paperwork Reduction Act of 1995 (Public Law 104-13), NARA invites the general public and other Federal agencies to comment on proposed information collections. The comments and suggestions should address one or more of the following points: (a) Whether the proposed collection information is necessary for the proper performance of the functions of NARA; (b) the accuracy of NARA's estimate of the burden of the proposed information collections; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including the use of information technology. The comments that are submitted will be summarized and included in the NARA request for Office of Management and Budget (OMB) approval. All comments will become a matter of public record. In this notice, NARA is soliciting comments concerning the following information collection:

Title: Request to Microfilm Records.

OMB number: 3095-0017.

Agency form number: none.

Type of review: Regular.

Affected public: Companies and organizations that wish to microfilm archival holdings in the National Archives of the United States or a Presidential library for micropublication.

Estimated number of respondents: 5.

Estimated time per response: 10 hours.

Frequency of response: On occasion (when respondent wishes to request permission to microfilm records).

Estimated total annual burden hours: 50.

Abstract: The information collection is prescribed by 36 CFR 1254.92. The collection is prepared by companies and organizations that wish to microfilm archival holdings with privately-owned equipment. NARA uses the information to determine whether the request meets the criteria in 36 CFR 1254.94, to evaluate the records for filming and to schedule use of the limited space available for filming.

Dated: December 22, 1996.

L. Reynolds Cahoon,
Assistant Archivist for Policy and IRM Services.

NATIONAL SCIENCE FOUNDATION

Submission for OMB Review: Comment Request

Title of Proposed Collection: National Survey of College Graduates.

In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the National Science Foundation (NSF) will publish periodic summaries of proposed projects. Such a notice was published at Federal Register 51723, dated October 3, 1996. No comments were received.

The materials are now being sent to OMB for Review. Send any written comments to Desk Officer, OMB, 3145-0141, OIRA, Office of Management and Budget, Washington, DC 20503. Comments should be received by January 31, 1997.

Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the equality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: The National Survey of College Graduates (NSCG), formerly called National Survey of Natural and Social Scientists and Engineers, has been conducted biennially since the 1970's. In the 1997 NSCG, persons identified as trained and/or working in science and engineering, who responded to the 1995 survey, will be contacted again. The purpose of this longitudinal study is to provide national estimates on the science and engineering workforce and changes in employment, education and demographic characteristics. The study is one of three components of the Scientists and Engineers Statistical Data System (SESTAT), formerly called the Scientific and Technical Personnel Data System (STPDS), which produces national estimates of the size and characteristics of the nation's science and engineering population.

The National Science Foundation Act of 1950, a subsequently amended, includes a statutory charge to ". . . provide a central clearinghouse for the collection, interpretation, and analysis of data on scientific and engineering

resources, and to provide a source of information for policy formulation by other agencies of the Federal Government." The National Survey of College Graduates is designed to comply with these mandates by providing information on the supply and utilization of nation's scientists and engineers. The NSCG provides the majority of records into the SESTAT data system. The NSF uses this information to prepare congressionally mandated reports such as Science and Engineering Indicators and Women and Minorities in Science and Engineering. A public release file of collected data, edited to protect respondent confidentiality, will be made available to researchers on CD-ROM and on the World Wide Web.

The Bureau of the Census, as in the past, will conduct the study for NSF through an interagency agreement. Respondents from the 1995 NSCG, who had at least a bachelor's degree in science engineering as of 1990 Decennial Census, or who worked in science and engineering jobs as of April 1993, will be contacted in 1997. The sample design included oversampling of minority college graduate population and varying sampling rates to represent specific fields of science and engineering. Sample members will be sent mail questionnaires, and non-respondents to the mail questionnaire will be followed up by telephone or personal visit interview.

The 1997 NSCG sample size will be about 53,000 and an unweighted response rate of 95 percent is anticipated (94 percent was obtained on the previous cycle). The amount of time required to complete the questionnaire may vary depending on individuals' circumstances but on the average, it will take about 25 minutes. The survey will be collected in conformance with the Privacy Act of 1974 and the individual's response to the survey will be entirely voluntary. NSF will insure that all information collected will be kept strictly confidential and will be used only for research or statistical purposes, analyzing data, and preparing scientific reports and articles.

Dated: December 20, 1996.

Herman G. Fleming,

NSF Clearance Officer.
