Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (the Act) by the Uruguay Rounds Agreements Act (URAA).

Scope of Investigation

The scope of this investigation consists of certain non-egg dry pasta in packages of five pounds (or 2.27 kilograms) or less, whether or not enriched or fortified or containing milk or other optional ingredients such as chopped vegetables, vegetable purees, milk, gluten, diastases, vitamins, coloring and flavorings, and up to two percent egg white. The pasta covered by this scope is typically sold in the retail market, in fiberboard or cardboard cartons or polyethylene or polypropylene bags, of varying dimensions.

Excluded from the scope of this investigation are refrigerated, frozen, or canned pastas, as well as all forms of egg pasta, with the exception of non-egg dry pasta containing up to two percent egg white.

The merchandise under investigation is currently classifiable under item 1902.19.20 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading is provided for convenience and customs purposes, our written description of the scope of this investigation is dispositive.

Case History

On December 14, 1995, the Department of Commerce (the Department) made its affirmative preliminary determination of sales at less than fair value (*Preliminary Determination*) in the above-referenced investigation (61 FR 1344, January 19, 1996). We disclosed our calculations for the preliminary determination on January 18 and 22, 1996, to the respondents and petitioners, respectively, pursuant to their requests. We disclosed our calculations to Pastificio Guido Ferrara (Ferrara), an interested party in the investigation on January 25, 1996. After publication of the preliminary determination, the petitioners, Ferrara, and two of the respondents De Matteis Agroalimentare S.p.A. (De Matteis), and La Molisana

Industrie Alimentari S.p.A. (La Molisana) alleged that the Department made ministerial errors in calculating the preliminary margins. We have determined that ministerial errors were made with regards to the following respondents.

Arrighi

We agree that a ministerial error was made with regard to the calculation of the weighted-average percent margin. We also agree that a ministerial error was made with regard to the interest expense used for constructed value. (For specific details of this and the other allegations and our analysis of them, see Memorandum from the Team to Barbara R. Stafford dated February 9, 1996.)

Delverde

We agree with the petitioners that we made ministerial errors with respect to the cost of manufacture and the difference in merchandise adjustment for certain U.S. products. With regard to the calculation of U.S. packing expenses, we also agree with the petitioners' allegation that a ministerial error was made.

De Matteis

We agree with De Matteis' allegation that we inadvertently excluded a number of U.S. sales and double-counted its yield for purchased semolina.

Pagani

We agree with the petitioners' allegations that we inadvertently discarded certain sales although not for the reason alleged by the petitioners. We also agree that we miscoded one variable, excluded one variable from the price strings in our calculations, treated some of Pagani's expenses as if they were denominated in Italian lira, and used an incorrect programming statement which inadvertently caused some U.S. sales not to match to a normal value.

Amendment of Preliminary Determination

The Department has stated that it will amend a preliminary determination only to correct for significant ministerial errors (i.e., corrections that result in a difference of five absolute percentage points and that are at least 25 percent greater or less than the preliminary margin, and corrections resulting in a margin of zero or de minimis). See, *Notice of Amendment to Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination: Bicycles From the*

People's Republic of China, 60 FR 64016 (December 13, 1995).

Given the facts of this investigation, as noted above, we are amending Arrighi's and Pagani's preliminary dumping margins to correct for the ministerial errors, since the correction of these ministerial errors results in a difference between a dumping margin of zero (or *de minimis*) and a margin of greater than *de minimis*. The corrected dumping margins for Arrighi and Pagani are 6.14 and 6.42 percent, respectively. As a result, the "All Others" rate is now 11.94 percent.

We are not amending the preliminary margins of De Matteis and Delverde because the corrections of the ministerial errors do not result in a difference of five absolute percentage points from the preliminary margin rates, nor do they result in a difference between a *de minimis* margin and a margin of greater than *de minimis*.

In its allegation, La Molisana stated that the alleged errors were not significant, as defined above, therefore,

no further analysis was warranted. However, we are correcting the company's deposit rate. In the preliminary determination, we stated that the deposit rate was 14.03 percent. While the dumping margin that we calculated was correct, we incorrectly calculated the deposit rate. The correct rate is 14.75 percent.

Suspension of Liquidation

In accordance with section 733(d)(2) of the Act, we are directing the Customs Service to continue to suspend liquidation of all entries of pasta from Italy that are entered, or withdrawn from warehouse, for consumption on or after the date of publication of this amended preliminary determination notice in the Federal Register. As discussed in the *Preliminary Determination*, we are subtracting for deposit purposes, the rate attributable to the export subsidies found in the concurrent countervailing duty investigation (0.62 percent for Arrighi)

from the antidumping margin percentages for Arrighi. The "All Others" deposit rate is based on subtracting the rate attributable to the export subsidies found in the countervailing duty investigation for those companies that are respondents in the antidumping investigation and are found to have dumping margins. In keeping with Article 17.4 of the WTO Agreement on Subsidies and Countervailing Measures, the Department will terminate the suspension of liquidation in the companion countervailing duty investigation of *Certain Pasta From Italy*, effective February 14, 1996, which is 120 days after the date of publication of the preliminary determination. Accordingly, on February 14, 1996, the antidumping deposit rate will revert to the full amount calculated in this amended preliminary determination. These suspension of liquidation instructions will remain in effect until further notice.

Manufacturer/producer/exporter	Original margin	Revised margin	Deposit rate
Arrighi06	6.14	5.52
Pagani14	6.42	6.42
All Others	15.85	11.94	11.78

ITC Notification

In accordance with section 733(f) of the Act, we have notified the International Trade Commission of our amended preliminary determination.

This amended preliminary determination is published in accordance with section 733(f) of the Act.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limit of antidumping duty administrative review.

SUMMARY: The Department of Commerce (the Department) is extending the time limit for preliminary and final results in the administrative review of the antidumping duty order on tapered roller bearings (TRBs) and parts thereof, finished and unfinished, from the People's Republic of China (PRC), covering the period June 1, 1994, through May 31, 1995, since it is not practicable to complete the reviews within the time limits mandated by the Tariff Act of 1930, as amended, 19 U.S.C. 1675(a) (the Act).

EFFECTIVE DATE: February 28, 1996.

FOR FURTHER INFORMATION CONTACT: Kris Campbell or Michael Rill, Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th and Constitution Avenue NW., Washington, D.C. 20230; telephone: (202) 482-4733.

SUPPLEMENTARY INFORMATION:
Background

The Department of Commerce has received requests to conduct an administrative review of the

antidumping duty order on TRBs from the PRC. On August 16, 1995, the Department initiated this administrative review covering the period June 1, 1994, through May 31, 1995. The Department adjusted the time limits by 28 days due to the government shutdowns, which lasted from November 14, 1995, to November 20, 1995, and from December 15, 1995, to January 6, 1996. See Memorandum to the file from Susan G. Esserman, Assistant Secretary for Import Administration, January 11, 1996.

It is not practicable to complete this review within the time limits mandated by section 751(a)(3)(A) of the Act. Therefore, in accordance with that section, the Department is extending the time limits for the preliminary results to July 27, 1996, and for the final results to January 23, 1997.

Interested parties must submit applications for disclosure under administrative protective order in accordance with 19 CFR 353.34(b). These extensions are in accordance with section 751(a)(3)(A) of the Act.

Dated: February 22, 1996,

Roland L. MacDonald,
Acting Deputy Assistant Secretary for
Compliance.
