Proposed Project

1. Emergency Epidemic Investigations (0920-0008)—Reinstatement—During most emergency situations, CDC

specialists (epidemiologist, biostatisticians, laboratory specialists, etc.) work under the aegis of a State or local health department. Usually such investigations are completed by the State or local government, with technical assistance from CDC. Occasionally, an investigation must be continued or is multistate or global. In these cases, the CDC collects or sponsors the collection of information from the public.

This request, therefore, is for the re-instatement of OMB approval to collect data in such emergency situations. The total burden hours are 3,000.
