

We calculated NV based on packed F.O.B. Canadian cold storage prices to unaffiliated customers, and made deductions, where applicable, for home market inland freight, pre-sale warehouse expense, home market packing costs, home market credit, and home market commissions. When EP was used as the United States price, in accordance with section 773(a)(6) of the Act, and sections 353.56 and 57 of the Department's regulations, we made a circumstance of sale adjustment for credit, and commissions. In addition, we added U.S. packing costs and made an adjustment for differences in the physical characteristics of the merchandise. When CEP was used as the United States price, we added U.S. packing costs and made an adjustment for differences in the physical characteristics of the merchandise.

#### Level of Trade

As set forth in section 773(a)(1)(B)(i) of the Act and in the Statement of Administrative Action (SAA) accompanying the Uruguay Round Agreements Act, H.R. Doc. 316, Vol. 1, 103d Cong., at 829-831 (1994), to the extent practicable, the Department will calculate NV based on sales at the same level of trade (LOT) as the U.S. sales. Berryhill did not request an adjustment for LOT. To ensure that no such adjustment was necessary, we requested and examined information on the selling activities associated with each phase of marketing in each of Berryhill's markets; since there were no differences in such selling activities in either market, and since all sales in both markets were at a single LOT, we compared sales at this sole LOT.

#### Preliminary Results of the Review

As a result of our comparison of EP and CEP to NV, we preliminarily determine that the following weighted-average dumping margin exists:

Exporter/ processor	Period	Margin
Berryhill .....	06/01/95-05/31/96	1.56

Interested parties may request disclosure within 5 days of the date of publication of this notice and may request a hearing within 10 days of publication. Any hearing, if requested, will be held as early as convenient for the parties but not later than 34 days after the date of publication or the first business day thereafter. Case briefs and/or written comments from interested parties may be submitted not later than 20 days after the date of publication of this notice. Rebuttal briefs and rebuttal

comments, limited to issues raised in the case briefs, may be filed no later than 27 days after the date of publication of this notice. The Department will issue the final results of this new shipper administrative review, including the results of its analysis of issues raised in any such written comments, within 90 days of issuance of these preliminary results.

Upon completion of this new shipper review, the Department will issue appraisal instructions directly to the U.S. Customs Service. The results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the determination and for future deposits of estimated duties.

Furthermore, upon completion of this review, the posting of a bond or security in lieu of a cash deposit, pursuant to section 751(a)(2)(B)(iii) of the Act and section 353.22(h)(4) of the Department's interim regulations, will no longer be permitted and, should the final results yield a margin of dumping, a cash deposit will be required for each entry of the merchandise. The following deposit requirements will be effective upon publication of the final results of this new shipper antidumping duty administrative review for all shipments of red raspberries from Canada exported/processed by Berryhill, entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(1) of the Act: (1) The cash deposit rate for the reviewed company will be that established in the final results of this new shipper administrative review; (2) for exporters not covered in these reviews, but covered in previous reviews or the original less-than-fair-value (LTFV) investigation, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, previous reviews, or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be that established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 2.41 percent, the all others rate established in the LTFV investigation (50 FR 19772, May 10, 1985). These requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties

prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This new shipper administrative review and this notice are in accordance with section 751(a)(2)(B) of the Act (19 U.S.C. 1675(a)(2)(B)) and 19 CFR 353.22(h).

Dated: March 7, 1997.

#### Background

On December 10, 1996, the Department published in the Federal Register the preliminary results of its 1995–1996 administrative review of the antidumping duty order on shop towels from Bangladesh (61 FR 65025). We gave interested parties an opportunity to comment on our preliminary results. We did not receive any comments. There was no request for a hearing. The Department has conducted this review in accordance with section 751 of the Act.

#### Scope of Review

The product covered by this administrative review is shop towels. Shop towels are absorbent industrial wiping cloths made from a loosely woven fabric. Shop towels are currently classifiable under item numbers 6307.10.2005 and 6307.10.2015 of the *Harmonized Tariff Schedules* (HTS). Although HTS subheadings are provided for convenience and customs purposes, our written description of the scope of this proceeding remains dispositive.

#### Final Results of Review

We determine that the following percentage weighted-average margins exist for the period March 1, 1995, through February 29, 1996:

Manufacturer/exporter	Margin (percent)
Greyfab (Bangladesh) Ltd .....	0.00
Hashem International .....	0.00
Khaled Textile Mills Ltd .....	0.00
Shabnam Textiles .....	0.00

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. The Department will issue appraisal instructions on each exporter directly to the Customs Service.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results of this administrative review, as provided by section 751(a)(1) of the Act: (1) the cash deposit rates for the reviewed

companies will be those rates established above; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value investigation (LTFV), but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review or the original investigation, the cash deposit rate will be 4.60 percent, the "All Others" rate established in the *LTFV Final Determination* (57 FR 3996). These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders (APOs) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d)(1). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.
