**Natural Gas Pipeline Company of  
America; Notice of Request Under  
Blanket Authorization**

March 14, 1997.

Take notice that on March 6, 1997, Natural Gas Pipeline Company of America (Natural), 701 East 22nd Street, Lombard, Illinois 60148, filed in Docket No. CP97-277-000, a request pursuant to Sections 157.205 and 157.212 of the Commission's Regulations under the Natural Gas Act (NGA) (18 CFR 157.205 and 157.212) for authorization to provide NGA jurisdictional service, including transportation pursuant to Subpart G of Part 284 of the Commission Regulations<sup>1</sup> through an existing delivery point to an end-user of natural gas, under the blanket certificate issued in Docket No. CP-82-402-000, pursuant to Section 7(c) of the Natural Gas Act, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

Specifically, Natural requests authorization to operate an existing dual 3-inch tap facility and its associated 3-inch meter facility to deliver gas to Acme Brick Company, and end-user of natural gas in Hot Spring County, Arkansas. Natural explains that these

<sup>1</sup> Natural was authorized to provide Subpart G service in Docket No. CP-86-582-000.

facilities were constructed for the purpose of transportation pursuant to Section 311(a)(1) of the Natural Gas Policy Act (NGPA) and Subpart B of Part 284 of the Commission's Regulations and were available for service on December 31, 1996. Natural states it has been providing self-implementing transportation service through these facilities pursuant to Subpart B of Part 284 of the Commission's Regulations. Natural asserts that it has sufficient capacity to provide the requested service through these facilities without detriment or disadvantage to Natural's peak day and annual delivery capability. Natural states that the total volume of gas to be delivered after the facilities are authorized to provide NGA jurisdictional service will not exceed the total volume capable of being delivered prior to such request and authorization.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the National Gas Act.
