Notice of Four Meetings of the National Bioethics Advisory Commission (NBAC)

SUMMARY: Pursuant to Section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. Appendix 2), notice is given of four meetings of the National Bioethics Advisory Commission. The

Commission will continue discussing its response to the President's request to review the legal and ethical implications of the possible cloning of humans following the discovery of a technique for cloning sheep. The Commission is to report to the President in late May. This scientific finding raises a host of issues including ethical questions, in particular, the possible use of this technique to clone human embryos, as well as the promise of benefits in a number of areas. The meetings are open to the public and opportunities for statements by the public will be provided.

SUPPLEMENTARY INFORMATION: The President established the National Bioethics Advisory Commission (NBAC) by Executive Order 12975 on October 3, 1995. The general mission of the NBAC is to advise and make recommendations to the National Science and Technology Council and other entities on bioethical issues arising from the research on human biology and behavior, and in the applications of that research including clinical applications. On the issue of cloning, the Commission is to undertake a thorough review of the legal and ethical issues associated with the use of this technology, and report back to the President with recommendations on possible federal actions to prevent its abuse.

Tentative Agenda

The Commission will continue its review of the legal and ethical issues associated with the possible cloning of human beings and may hear from a number of invited speakers who are experts in their fields. Because of the very short lead time, more details are not yet available. Agendas will be available shortly before each meeting (see details below).

Public Participation

The meetings are open to the public with attendance limited by the

availability of space. Members of the public who wish to present oral statements should contact the Acting Deputy Executive Director of the NBAC by telephone, fax machine, or mail as shown below as soon as possible, prior to the meeting. The Chair of the NBAC will reserve limited time for presentations by persons requesting an opportunity to speak. The order of speakers will be assigned on a first come, first serve basis or along other considerations. Individuals unable to make oral presentations are encouraged to mail or fax their comments to the NBAC at least two business days prior to the meeting for distribution to the Commission members and inclusion in the record. We urge anyone planning to speak to call the NBAC office two or three days before each meeting to obtain final information on the final logistical arrangements.

Persons needing special assistance, such as sign language interpretation or other special accommodations, should contact NBAC staff at the address or telephone number listed below as soon as possible.

Office of Inspector General

Program Exclusions: February 1997

AGENCY: Office of Inspector General, HHS.

ACTION: Notice of program exclusions.

During the month of February 1997, the HHS Office of Inspector General imposed exclusions in the cases set forth below. When an exclusion is imposed, no program payment is made to anyone for any items or services (other than an emergency item or service not provided in a hospital emergency room) furnished, ordered or prescribed by an excluded party under the Medicare, Medicaid, Maternal and Child Health Services Block Grant and Block Grants to States for Social Services programs.

In addition, no program payment is made to any business or facility, e.g., a hospital, that submits bills for payment

The exclusions have national effect and also apply to all Executive Branch procurement and non-procurement programs and activities.
