Calcium Aluminate Flux From France; Amended Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Amended Final Results of Antidumping Duty Administrative Review.

SUMMARY: On February 4, 1997, the Department of Commerce (the Department) published the final results of its administrative review of the antidumping duty order on calcium aluminate flux (CA flux) from France (62 FR 5200). The period of review is June 15, 1994 through May 31, 1995. On February 18, 1997, the sole respondent, Lafarge Aluminates, and its U.S. subsidiary, Lafarge Calcium Aluminates, Inc. (collectively, Lafarge) filed a timely request that the Department correct a ministerial error in these final results. We are publishing this amendment to the final results of review in accordance with 19 CFR 353.28(c).

EFFECTIVE DATE: March 28, 1997.

FOR FURTHER INFORMATION CONTACT:

Maureen McPhillips or Linda Ludwig, AD/CVD Enforcement Group III, Office 8, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-3019 or (202) 482-3833, respectively.

SUPPLEMENTARY INFORMATION:

Applicable Statute and Regulations

Unless otherwise stated, all citations to the Tariff Act are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department's regulations are to the current regulations, as amended by the interim regulations published in the **Federal Register** on May 11, 1995 (60 FR 25130).

Scope of the Review

Imports covered by this review are shipments of CA Flux, other than white, high purity CA flux. This product contains by weight more than 32 percent but less than 65 percent alumina and more than one percent each of iron and silica.

CA flux is currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheading 2523.10.0000. The HTSUS is provided for convenience and U.S. Customs' purposes only. The written description of the scope of this order remains dispositive. This review covers the period June 15, 1994 through May 31, 1995.

Ministerial Error in Final Results of Review

After reviewing Lafarge's allegation of a ministerial error in the Department's final results of CA flux from France, we agree that misplaced parentheses in the computer program resulted in the failure to multiply the per-unit U.S. cost of manufacture (COM) by the quantity when calculating the U.S. cost of goods sold (COGS) to derive profit based on the total costs, total revenues, and total expenses for all subject merchandise during the period of review. The intent of the Department was clearly to include total, not per-unit, revenue, costs and expenses in the profit calculation as we did for revenue, and all components of selling expenses and movement charges. For these amended final results we have multiplied all components of the COGS, including the COM, by the quantity in order to correctly include the total COGS in the calculation of profit.

Amended Final Results of Review

As a result of our correction of a ministerial error, we have determined the margin to be:

Company	Period of review	Margin (per-cent)
Lafarge Fondu Inter'l, Inc	6/15/94-5/31/95	11.71

The Customs Service shall assess antidumping duties on all appropriate entries. Individual differences between U.S. price and normal value may vary from the percentages stated above. The Department will issue appraisal instructions concerning the respondent directly to the U.S. Customs Service.

Furthermore, the following deposit requirements will be effective for all shipments of the subject merchandise, entered, or withdrawn from warehouse, for consumption on or after the publication date of these amended final results of administrative review, as provided for by section 751(a)(1) of the Tariff Act: (1) the cash deposit rate for Lafarge will be the rate indicated above; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or in the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review conducted by the Department, the cash deposit rate will be 37.93 percent, the "all-others" rate established in the LTFV investigation, 59 FR 5994 (February 9, 1994).

These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice serves as the final reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during these review periods. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d). Timely written notification or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of the APO is a sanctionable violation.

These amended final results of administrative review and notice are in accordance with section 751(a)(1) of the Tariff Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.28(c).

Dated: March 20, 1997.

Robert S. LaRussa,

Acting Assistant Secretary for Import Administration.
