#### Environmental Assessment (EA) and Finding of no Significant Impact (FNSI) for the Disposal and Reuse of Fort Holabird Defense Investigative Service and Cummins Apartments Parcels, Baltimore, Maryland

**AGENCY:** Department of the Army, DoD.

**ACTION:** Notice of availability.

**SUMMARY:** In accordance with Public Law 101-510, the Defense Base Closure and Realignment Commission recommended the closure of Fort Holabird upon relocation of its remaining tenant, the Defense Investigative Service (DIS). The law further directs that the organization be relocated to a new facility at Fort Meade, Maryland. In addition, Public Law 104-106 allows for the conveyance of the 6.6 acres under and around Cummins Apartments, housing located on a parcel of Fort Holabird, to the current owner of the apartment building(s).

The EA analyzes the environmental and socioeconomic effects of the closure of Fort Holabird, and the sale of land associated with Cummins Apartments. The relocation of the organization to Fort Meade and the planned construction of a new facility is covered in a separate EA. The Fort Holabird disposal EA also evaluates potential reuse of the property.

The EA evaluated three disposal alternatives: encumbered disposal, unencumbered disposal, and the no-action alternative. The preferred alternative is encumbered disposal. This involves transfer of the property with conditions, imposed by the Army and incorporated into transfer documents, on future reuse. Currently, there are no encumbrances associated with the parcels. There are, however, several potentially contaminated areas in the vicinity of the DIS parcel. These areas require further environmental evaluation. If the ongoing investigation reveals contamination that needs to be remediated, it may be necessary to dispose of the property with encumbrances to protect and allow continued access to affected area.

In addition to the proposed Army disposal actions, the EA also evaluates three potential reuse scenarios for the DIS parcel (high-intensity, medium-intensity, and low-intensity reuse scenarios). These scenarios were developed by the Army in cooperation with the City of Baltimore to evaluate a range of reasonably foreseeable impacts

from reuse by other parties, as an indirect action resulting from the disposal. A local community reuse plan is being prepared.

The Chief of Staff, U.S. Army Military District of Washington, has concluded the proposed disposal and reuse of the DIS and Cummins Apartments parcels do not constitute a major federal action significantly affecting the environment. Because no significant adverse effects are expected as a result of the disposal and reuse of the parcels, an Environmental Impact Statement is not required, and will not be prepared.

**DATES:** Public comments must be submitted on or before May 27, 1997.

**ADDRESSES:** Copies of the EA and FNSI may be obtained by writing to, and any inquiries should be addressed to, the U.S. Army Corps of Engineers, ATTN: Ms. Maria de la Torre (CENAB-PL-EM), P.O. Box 1715, Baltimore, Maryland 21203-1715, or by telefax at (410) 962-4698, within 30 days of the publication of this notice. Individuals wishing to review the EA may also examine a copy at the Enoch Pratt Library, 400 Cathedral Street, Baltimore, Maryland.

#### Notice of Availability of the Record of Decision (ROD) for Hamilton Army Airfield, California, Disposal and Reuse Final Environmental Impact Statement (FEIS)

**AGENCY:** Department of the Army, DoD.

**ACTION:** Notice of availability.

**SUMMARY:** In compliance with the National Environmental Policy Act of 1969 and the President's Council on Environmental Quality, the Army has prepared an FEIS for the disposal of lands at Hamilton Army Airfield (HAAF), California. The FEIS also describes the potential impacts of a range of potential reuse alternatives. The ROD, based on the FEIS, finds no significant impacts are associated with disposal of HAAF. Any impacts or mitigation associated with reuse depending on intensity and scenario chosen will be the responsibility of non-

Army entities for implementation in accordance with applicable laws and regulations.

**AVAILABILITY OF REVIEW COPIES:** Copies of the ROD can be reviewed at the Novato Department of Community Development, 901 Sherman Avenue, Novato, California; the Marin County Free Library, 3501 Civic Center Drive, San Rafael, California; and the Novato Branch of the Marin County Free Library, 1720 Novato Boulevard, Novato, California.

#### Notice of Scoping Meetings for Environmental Impact Statement for the Implementation of a Comprehensive Land Use Management Plan at the Naval Air Weapons Station, China Lake, CA

**SUMMARY:** On April 1, 1997, the Department of the Navy announced its intent to prepare an Environmental Impact Statement (EIS) to evaluate the potential environmental effects of implementing a comprehensive Land Use Management Plan for the Naval Air Warfare Center Weapons Division (NAWCWD), located at the Naval Air Weapons Station (NAWS), China Lake, California. The Navy's proposed action is the implementation of a comprehensive Land Use Management Plan (LUMP) at NAWS China Lake for managing existing and proposed land uses authorized under the California Desert Protection Act. Proposed land uses include, but are not limited to, ongoing and future military operations, public health and safety practices, and ongoing and future environmental resources management and conservation at NAWS China Lake. The LUMP will be developed in conformance with the Federal Land Policy and Management Act.

The EIS will also evaluate a range of land use management practices, including the no action alternative. Alternative land use management practices could include a range of activities of greater or lesser intensity of land use type or tempo. The no action alternative would implement a Land Use Management Plan that would not change the ongoing type or tempo of

land uses and environmental resources management direction or emphasis.

Six scoping meetings will be held to solicit public input and identify issues that need discussion in the EIS. The meetings will be held at the following times and locations: (1) the fairgrounds in Ridgecrest, CA on May 20, 1997 at 7:00 p.m.; (2) The Rand Community Building in Johannesburg, CA on May 21, 1997 at 7:30 p.m.; (3) The Learning Center in Independence, CA on May 22, 1997 at 7:00 p.m.; (4) Trona High School in Trona, CA on June 3, 1997 at 7:00 p.m.; (5) Barstow Community College in Barstow, CA on June 4, 1997 at 7:00 p.m.; and (6) Inyokern Elementary School in Inyokern, CA on June 5, 1997 at 7:00 p.m. A one-hour poster session will precede each meeting, so the public can familiarize itself with NAWS China Lake and the proposed action.

**ADDRESSES:** Agencies and the public are invited and encouraged to provide written comments in addition to, or in lieu of oral comments at the public scoping meetings. To be most helpful, scoping comments should clearly describe specific issues or topic which the EIS should address. Written comments must be postmarked by June 30, 1997 and should be mailed to Commander, Naval Air Weapons Station China Lake, Attn: Ms. Robin Hoffman, Land Use Planning Office, China Lake, CA 93555, telephone (619) 939-0935, fax (619) 939-2541.

**FOR FURTHER INFORMATION CONTACT:** Additional information concerning this notice may be obtained by contacting Ms. Robin Hoffman at (619) 939-0935.
