BILLING CODE 4140-01-M

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4124-N-35]

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

FOR FURTHER INFORMATION CONTACT:

Mark Johnston, room 7256, Department of Housing and Urban Development, 451 Seventh Street SW, Washington, DC 20410; telephone (202) 708-1226; TDD number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

SUPPLEMENTARY INFORMATION: In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the

property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Brian Rooney, Division of Property Management, Program Support Center, HHS, room 5B-41, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Mark Johnston at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the **Federal Register**, the landholding agency, and the property number.

For more information regarding particular properties identified in this Notice (i.e., acreage, floor plan, existing sanitary facilities, exact street address), providers should contact the appropriate landholding agencies at the following addresses: *Army*: Mr. Jeff Holste, CECPW-FP, U.S. Army Center for Public Works, 7701 Telegraph Road, Alexandria, VA 22310-3862; (703) 428-6318; *Interior*: Ms. Lola D. Knight, Department of the Interior, 1849 C Street, NW, Mail Stop 5512-MIB, Washington, DC 20240; (202) 208-4080; *GSA*: Mr. Brian K. Polly, Assistant Commissioner, General Services Administration, Office of Property Disposal, 18th and F Streets, NW, Washington, DC 20405; (202) 501-2059; *Navy*: Mr. Charles C. Cocks, Department of the Navy, Director, Real Estate Policy Division, Naval Facilities Engineering Command, Code 241A, 200 Stovall Street, Alexandria, VA 22332-2300; (703) 325-7342; (These are not toll-free numbers).

Dated: April 18, 1997.

Jacquie M. Lawing,
General Deputy Assistant Secretary.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Marine Mammals; Stock Assessment Reports

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of completion and availability of draft revised marine mammal stock assessment reports; request for comments.

SUMMARY: In accordance with the Marine Mammal Protection Act (MMPA), the Fish and Wildlife Service (FWS) has developed draft revised marine mammal stock assessment reports for the southern sea otter in California, the northern sea otter in Washington State, and the Florida and Antillean stocks of West Indian manatees from the southeastern United States and Puerto Rico, respectively. The draft revised reports are available for public review and comment. Copies of the revised guidelines upon which the reports are based are also available for review. FWS stock assessment reports for polar bears, Pacific walrus, and northern sea otters in Alaska are not being revised at this time.

DATES: Comments must be received by July 24, 1997.

ADDRESSES: Copies of the draft revised stock assessment reports and the revised guidelines are available from the Division of Fish and Wildlife Management Assistance, US Fish and Wildlife Service, Room 840–ARLSQ, 4401 N. Fairfax Drive, Arlington, Virginia 22203. Copies of the FWS's final 1995 stock assessment reports for polar bears, Pacific walrus, and northern

sea otters in Alaska are also available from this same address.

Comments on the draft revised stock assessment reports for West Indian manatees should be sent to Robert Turner, Manatee Coordinator, US Fish and Wildlife Service, 6620 South Point Drive, South, Suite 310, Jacksonville, Florida 32216.

Comments on the draft revised stock assessment reports for southern sea otters in California and northern sea otters in Washington State should be sent to Carl Benz, Sea Otter Coordinator, US Fish and Wildlife Service, 2493 Portola Road, Suite B, Ventura, California 93003.

Any new information, inquiries, or comments on the FWS's final stock assessment reports of October 4, 1995, for polar bears, Pacific walrus, and northern sea otters in Alaska should be sent to David McGillivray, Supervisor, Office of Marine Mammals Management, US Fish and Wildlife Service, 1011 E. Tudor Road, Anchorage, Alaska 99503.

FOR FURTHER INFORMATION CONTACT:

Jeff Horwath in the FWS's Division of Fish and Wildlife Management Assistance, Arlington, Virginia at (703) 358–1718. For information about West Indian manatees, contact Robert Turner at (904) 232–2580 or FAX: (904) 232–2404. For information about southern sea otters in California and northern sea otters in Washington State, contact Carl Benz at (805) 644–1766 or FAX: (805) 644–3958. For information about polar bears, Pacific walrus, and northern sea otters in Alaska, contact David McGillivray at (907) 786–3800 or FAX: (907) 786–3816.

SUPPLEMENTARY INFORMATION: Section 117 of the MMPA (16 USC 1361–1407) required the FWS and the National Marine Fisheries Service (NMFS) to prepare stock assessment reports for each marine mammal stock that occurs in waters under the jurisdiction of the United States. In late 1995, the FWS issued final stock assessment reports as required, and announced their completion and public availability in a **Federal Register** notice on October 4, 1995 (60 FR 52008). These reports contained information regarding the distribution and abundance of the stocks, population growth rates and trends, estimates of human-caused mortality from all sources, descriptions of the fisheries with which the stocks interact, and the status of each stock.

Section 117 of the MMPA also requires the FWS and the NMFS, consistent with any new information that indicates that the status of a stock has changed or can be more accurately determined, to revise these reports annually for strategic stocks of marine mammals and every three years for stocks determined to be non-strategic. In accordance with these statutory provisions, the FWS has reviewed all eight of its final stock assessment reports from 1995, and determined that it would be appropriate at this time to revise reports for two stocks of west coast sea otters and two stocks of West Indian manatees in order to incorporate new information that was not available in 1995. Although the FWS has decided to revise these reports, the status of the four stocks has not changed. Both West Indian manatee stocks and the southern sea otter stock in California are still classified as strategic, while the northern sea otter stock in Washington State is still classified as non-strategic.

For polar bear, Pacific walrus, and northern sea otter in Alaska, the FWS has determined that no significant new information is available that would provide substantial benefit to these stocks, or necessitate revising stock assessment reports at this time. However, the FWS will continue to gather pertinent information on these stocks, and reconsider whether to revise these stock assessment reports during the next review/revision cycle. Individuals wishing to submit such information can do so by sending it to the name and address identified in the **ADDRESSES** Section above.

Table 1 in this notice summarizes (**in bold print**) the four draft revised stock assessment reports. The table lists the four stocks, their geographic range, regional designation, minimum abundance estimate, Potential Biological Removal level, annual estimated average human-caused mortality, and the status of the stock. Table 1 also repeats information from the FWS's **Federal Register** notice of October 4, 1995, for the four marine mammal stocks in Alaska for which the FWS has decided not to revise the stock assessment reports at this time.

Dated: April 18, 1997.

John G. Rogers,

Acting Director, Fish and Wildlife Service.
