[Project No. 11291-001—Indiana]

#### Star Mill, Inc.; Notice of Availability of Final Environmental Assessment

April 22, 1997.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR Part 380 (Order No. 486, 52 F.R. 47897), the Office of Hydropower Licensing has reviewed the application for an original license for the Star Milling and Electric Minor Water Power Project (project) and has prepared a Final Environmental Assessment (FEA) for the project. The project is located on the Fawn River near the town of Howe, in northeastern Indiana.

In the FEA, the Commission's staff has analyzed the existing and potential future environmental impacts of the project and has concluded that licensing the project, with appropriate environmental protective or enhancement measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

Copies of the FEA are available for review in the Public Reference Branch, Room 2A, of the Commission's offices at

888 First Street, N.E. Washington D.C. 20426.
