

- The applicant's 6-year average share of all Cooperator marketing plan budgets plus a 6-year average share of MAP program ceiling levels and a 6-year average share of foreign overhead provided for co-location within a U.S. agricultural trade office in those targeted markets.

(d) Future Demand Expansion Goals (20)

(This criterion will receive a weight of 10 beginning with the year 2000 program)

- The total dollar value of the applicant's projected world imports of the commodities being promoted by the applicant for the year 2003 across all Cooperator Program targeted markets compared to

- The applicant's requested funding level.

(e) Accuracy of Past Demand Expansion Projections

(Since the information is not currently available, this criterion will be used beginning with the year 2000 program and will receive a weight of 10)

- The actual dollar value share of world imports of the commodities being promoted by the applicant for the year 1998 across all Cooperator Program targeted markets compared to

- The applicant's past projected share of world imports of the commodities being promoted by the applicant for the year 1998, as specified in the 1998 Cooperator Program application.

The Commodity Division's recommended program levels for each applicant are converted to a percent of the total Cooperator Program funds available and multiplied by the total weight factor to determine the amount of funds allocated to each applicant.

Dated: May 6, 1997.

Timothy J. Galvin,

Acting Administrator, Foreign Agricultural Service.

BILLING CODE 3410-10-M

DEPARTMENT OF AGRICULTURE

Forest Service

Snowbird Ski and Summer Resort Master Development Plan, Wasatch-Cache National Forest, Salt Lake Ranger District, Salt Lake County, Utah and Uinta National Forest, Pleasant Grove Ranger District, Utah County, Utah

AGENCY: Forest Service, USDA.

ACTION: Notice of Intent to prepare an Environmental Impact Statement (EIS).

SUMMARY: The Forest Service will prepare an environmental impact statement on Snowbird Ski and Summer Resort's proposed master development plan.

DATES: Comments concerning the scope of the analysis should be received in writing by June 16, 1997.

ADDRESSES: Send written comments to Michael Sieg, District Ranger, 6944 South 3000 East, Salt Lake City, Utah 84121.

FOR FURTHER INFORMATION CONTACT: Rob Cruz, District Environmental Coordinator, (801) 943-9483.

SUPPLEMENTARY INFORMATION: Snowbird Ski and Summer Resort, a "Special Use Permit" permittee is proposing to update its master plan. Much of the resort's permitted boundary lies on National Forest System Land. This proposal includes elements on both public and private lands. Public land elements include the following: upgrade the Big Emma NASTAR course; regrade and asphalt the Gad Valley parking lot; construct a new day lodge facility in the lower Gad Valley; upgrade the skier services facilities on Hidden Peak with a multi-use structure; add additional snowmaking capacity which would be completed in three phases and total approximately 110 acres; construct a new Gad III Chairlift; upgrade the Little Cloud Chairlift to a fixed-grip quad; implement a vegetation management plan; regrade portions of the following ski trails: Middle Bassackwards, Madam Annie, ski access to upper Big Emma, Upper Regulator intermediate route, Big Emma creek crossing, and Modify the Blackjack Road: construct the following summer trails: Extension to the barrier-free trail; trails that would augment existing trails on both sides of Hidden Peak; construct an access road to the top station of the Gad III lift; construct ski trails associated with the God III chairlift; improve skier access from Hidden Peak into Peruvian Gulch and Mineral Basin.

The following private land elements are also included in this proposal; construct a quad lift and fixed-grip double in Mineral Basin; develop, improve or maintain the following trails and roads: Chips Switchback; Lower Men's Downhill Chute; South Ridge widening; construct new ski trails in Mineral Basin; a snowcat route from the top of Little Cloud lift down into Mineral Basin; Mineral Basin access tunnel/road; alter a rock chute in Mineral Basin and install three avalauncher platforms in Mineral Basin.

Associated with the Mineral Basin expansion, the special use permit would be expanded to include portions of the Uinta National Forest. A complete description of the proposal and its elements is available from the Salt Lake Ranger District.

In addition to obtaining a new Ski Area Term Special Use Permit from the Forest Service, Snowbird may also be required to obtain a Department of Army 404 permit from the Army Corps of Engineers and consult with the Environmental Protection Agency. They may also be required to obtain an amendment of water supply permit agreement from Salt Lake City Department of Public Utilities.

A scoping document will be sent to over 750 individuals, organizations and government agencies on May 16, 1997, explaining the decision to conduct an environmental impact statement, and soliciting comments. Comments received from scoping documents on Snowbird's Three and Five-year plans will be included in this analysis. Two public meetings will be held during the scoping period: June 2, 1997 at the Hampton Inn (10690 South, 160 West) in Sandy, Utah, and June 3, at the Lehi Public Library, 120 Center Street, Lehi, Utah. Both meetings will run from 7:00 p.m. to 9:00 p.m. Preliminary issues identified by the Forest Service interdisciplinary team include effects on visual quality, effects on wetland and riparian areas, effects on water quality and quantity, effects on vegetation diversity, effects on fish and wildlife, effects on traffic and parking in Little Cottonwood Canyon, recreational conflicts and effects on threatened, endangered and sensitive species. Two preliminary alternatives have been identified. The proposed action alternative would permit the aforementioned projects and require Snowbird to convert to a new Ski Area Term Special Use Permit. The No Action alternative would continue the use as currently permitted with no new facilities.

The public is invited to submit comments or suggestions to the address above. Comments received from individuals, groups and government agencies received from the September 1993 and May 1995 scoping documents will be incorporated into this analysis. The responsible officials are Bernie Weingardt and Peter Karp, Forest Supervisors. A draft EIS is anticipated to be filed in May 1998 and the final EIS filed in November 1998.

The comment period on the draft environmental impact statement will be 45 days from the date the Environmental Protection Agency's

notice of availability appears in the **Federal Register**. It is very important that those interested in this proposed action participate at that time. To be the most helpful, comments on the draft environmental impact statement should be as specific as possible and may address the adequacy of the statements or the merits of the alternatives discussed (see The Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3).

In addition, Federal court decisions have established that reviewers of draft environmental impact statements must structure their participation in the environmental review of the proposal so that it is meaningful and alerts an agency to the reviewers' position and contentions. *Vermont Yankee Nuclear Power Corp. v. NRDC*, 435 U.S. 519, 533 (1978). Environmental objections that could have been raised at the draft stage may be waived if not raised until after completion of the final environmental impact statement. *City of Angoon v. Hodel*, (9th Circuit, 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D. Wis. 1980). The reason for this is to ensure that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final.

Dated: May 8, 1997.

Michael Sieg,

District Ranger.

BILLING CODE 3410-11-M

ASSASSINATION RECORDS REVIEW BOARD

Formal Determinations, Releases, Assassination Records Designation, and Reconsideration

AGENCY: Assassination Records Review Board.

ACTION: Notice.

SUMMARY: The Assassination Records Review Board (Review Board) met in a closed meeting on April 23-24, and made formal determinations on the release of records under the President John F. Kennedy Assassination Records Collection Act of 1992 (JFK Act). By issuing this notice, the Review Board complies with the section of the JFK Act that requires the Review Board to publish the results of its decisions on a document-by-document basis in the **Federal Register** within 14 days of the date of the decision.

FOR FURTHER INFORMATION CONTACT: T. Jeremy Gunn, General Counsel and Associate Director for Research and Analysis, Assassination Records Review Board, Second Floor, Washington, DC 20530, (202) 724-0088, fax (202) 724-0457.

SUPPLEMENTARY INFORMATION: This notice complies with the requirements of the President John F. Kennedy Assassination Records Collection Act of 1992, 44 U.S.C. 2107.9(c)(4)(A) (1992). On April 23-24, 1997, the Review Board made formal determinations on records it reviewed under the JFK Act. These determinations are listed below. The assassination records are identified by the record identification number assigned in the President John F. Kennedy Assassination Records Collection database maintained by the National Archives.

Notice of Formal Determinations

For each document, the number of postponements sustained immediately follows the record identification number, followed, where appropriate, by the date the document is scheduled to be released or re-reviewed.
