

Department will amend the amended final LTFV determination to reflect the margins in the Department's redetermination on remand filed with the CIT on February 4, 1997. Liquidation of entries continues to be suspended pending the expiration of the period of appeal, or, if the CIT's decision is appealed, pending a "conclusive" court decision, or, where applicable, pending the final results of the first administrative review.

Dated: May 14, 1997.

Robert S. LaRussa,

Acting Assistant Secretary for Import Administration.

Roller Chain, Other Than Bicycle, From Japan: Termination of Antidumping Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of termination of antidumping duty administrative reviews.

SUMMARY: In response to requests made by the American Chain Association (petitioner), the Department of Commerce (the Department) initiated reviews for various respondents in the antidumping proceeding of roller chain, other than bicycle, for the periods April 1, 1981 through March 31, 1983; April 1, 1983 through March 31, 1984; April 1, 1984 through March 31, 1985; April 1, 1985 through March 31, 1986; April 1, 1987 through March 31, 1988; April 1, 1988 through March 31, 1989; April 1, 1989 through March 31, 1990; and April 1, 1991 through March 31, 1992. On May 6, 1997, petitioner filed withdrawals of its review requests with regard to certain respondents for which the above-cited review results are still pending. Because there were no requests for review from the respondents affected by this termination notice, we are now terminating these reviews.

EFFECTIVE DATE: May 23, 1997.

FOR FURTHER INFORMATION CONTACT: Matthew Blaskovich, AD/CVD Enforcement, Group II, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230, telephone: (202) 482-5831.

SUPPLEMENTARY INFORMATION:

Background

On April 12, 1973, the Department published in the **Federal Register** (38 FR 9226) the antidumping duty finding on roller chain, other than bicycle, from Japan. In accordance with 19 CFR 353.22(c), we published in the **Federal Register** notices of initiation of administrative reviews for the periods April 1, 1981 through March 31, 1983 (51 FR 2747, January 21, 1986); April 1, 1983 through March 31, 1984 and April 1, 1984 through March 31, 1985 (51 FR 24883, July 9, 1986); April 1, 1985 through March 31, 1986 (51 FR 18475, May 20, 1986); April 1, 1987 through March 31, 1988 (53 FR 18324, May 23, 1988); April 1, 1988 through March 31, 1989 (54 FR 22465, May 24, 1989); April 1, 1989 through March 31, 1990 (55 FR 22366, June 1, 1990); and April 1, 1991 through March 31, 1992 (57 FR 21769, May 22, 1992). Although the Department has issued final results for most of the companies reviewed for these periods, reviews are still incomplete with regard to the following companies: Daido Kogyo Co., Ltd., Enuma Chain Manufacturing Co., Ltd. or Daido Tsusho Co., Ltd. (formerly known as Meisei Trading Co., Ltd.), and Izumi Chain. On May 6, 1997, petitioner withdrew its requests for review for the above-cited review periods, with the exception of the 1981 through 1983 period, regarding Daido Kogyo Co., Ltd., Enuma Chain Manufacturing Co., Ltd. or Daido Tsusho Co., Ltd. In addition, on May 16, 1997, petitioner withdrew its request for review for the period October 1, 1982 through March 31, 1983 for the company Izumi Chain. There were no requests for review from other interested parties, and completion of these reviews would place an administrative burden on the Department. Therefore, although petitioner's request was not filed in a timely manner, in accordance with CFR 353.22(a)(5), the Department finds it reasonable to extend the time limit for accepting the withdrawal request. We are, therefore terminating the above-cited administrative reviews for the companies Daido Kogyo Co., Ltd., Enuma Chain Manufacturing Co., Ltd. or Daido Tsusho Co., Ltd., and Izumi Chain.

This termination notice is in accordance with section 751(a)(1) of the Act and 19 CFR 353.22(a)(5).

Dated: May 19, 1997.

Jeffrey P. Bialos,

Principal Deputy Assistant Secretary for Import Administration.

International Trade Administration

Business Development Mission to Belfast and Londonderry (Derry), Northern Ireland, October 13-17, 1997

AGENCY: International Trade Administration, Commerce.

ACTION: Notice.

SUMMARY: This notice serves to inform the public of a trade and investment mission to Belfast and Londonderry, Northern Ireland to be held October 13-17, 1997; provides interested U.S. firms with the opportunity to submit an application to participate in the mission; sets forth objectives, procedures, and selection review criteria for the mission; and requests applications. The recruitment and selection of private sector participants in the mission will be conducted in accordance with the Statement of Policy Governing Department of Commerce Overseas Trade Missions announced by Secretary Daley on March 3, 1997 and reflected herein.

DATES: Applications should be received by July 30, 1997. The Mission is scheduled for October 13-17, 1997. Applications received after that date will be considered only if space and scheduling constraints permit.

ADDRESSES: Requests for and submission of applications: Applications are available from Virginia Manuel, Senior Advisor and Project Manager, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Room 3868, telephone: 202-482-5853 and facsimile: 202-482-5444, Washington, D.C. 20230. An original and two copies of the required application materials should be sent to the Project Manager at the above address. Applications sent by facsimile must be immediately followed by submission of the original application.

SUPPLEMENTARY INFORMATION:

Mission Description

The U.S. Department of Commerce, International Trade Administration (ITA) will organize a business development mission to Northern Ireland (NI), October 13-17, 1997. The delegation, which will be led by a senior Departmental official, will be comprised

of 10–15 U.S. company executives from three industry sectors: electronics, environmental technologies, and medical technologies.

The business purpose of the mission is the promotion of U.S. trade and investment interests in Northern Ireland, and in the European Union. The present state of the Northern Ireland economy and the ready access to the \$7.8 trillion European market provides strong and growing markets for U.S. products and services.

The itinerary of the mission will include stops in Belfast and Londonderry (Derry), the largest and second largest cities, respectively, and the two major industrial centers in Northern Ireland.

The private sector participants will be offered: (1) One-on-one pre-screened business appointments; (2) expert market briefings with senior U.K. (Northern Ireland) Government officials and development authorities; (3) site visits to U.S. companies operating in Northern Ireland; and, (4) logistical support, transportation in Belfast and Londonderry, and ground tours of the two cities.

Mission Goals

The goals of the mission are to increase U.S. exports and to promote trade and investment in Northern Ireland through strategic alliances, joint ventures, and other partnerships between U.S. and Northern Ireland companies.

Participation Criteria

A maximum of 15 companies will be selected to participate in the mission. Participants must fall into one of the three sectors of environmental technologies, medical technologies, and electronics identified for the mission, and must be U.S. companies providing U.S. origin goods and/or services that are export-ready. Participant executives ideally will be at the level of president or vice president. Each firm participating in this mission will have been recruited by U.S. DOC in Washington and reviewed by our U.S. Embassy in London, our commercial representative in Belfast, and Northern Ireland's Industrial Development Board (IDB) for: (1) Consistency of the company's goals with the scope, nature and desired outcome of the mission (as described herein); (2) relevance of the company's sector to the mission; (3) past, present, or prospective business activity in the U.K., Ireland, or Europe; (4) diversity of company size, type, location, demographics and traditional under-representation in business; and, (5) timeliness of completed application

by company (including payment of participation fee).

An applicant's partisan political activities (including political contributions) are entirely irrelevant to selection of mission participants.

Endorsements/Referrals

Third parties may nominate or endorse potential applicants, but companies that are nominated or endorsed must themselves submit an application in order to be eligible for consideration. Referrals from political organizations will not be considered.

Costs

The fee to participate in the mission is \$1800. The participation fee does not cover the participant's travel, lodging or other personal expenses.

Authority: 15 U.S.C. 1512.

Dated: May 19, 1997.

Franklin Vargo,

Acting Assistant Secretary for Market Access and Compliance, International Trade Administration.

BILLING CODE 3510-DA-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Public Meeting To Gather Information for an Assessment of the State-of-Knowledge of the Properties of Possible SF₆ Replacement Gases

AGENCY: National Institute of Standards and Technology, Commerce Department.

ACTION: Notice of meeting.

SUMMARY: Notice of public meeting to gather information for an assessment of the state-of-knowledge of the properties of possible sulfur hexafluoride (SF₆) replacement gases.

DATES: The meeting will be on Wednesday, June 18, 1997 from 9:00 am until 1:00 pm.

ADDRESSES: The meeting will be held in Lecture Room B at the National Institute of Standards and Technology, Gaithersburg, Maryland 20899.

FOR FURTHER INFORMATION CONTACT: James Olthoff, 301-975-2431.

SUPPLEMENTARY INFORMATION: The National Institute of Standards and Technology is in the process of evaluating available data on the properties of dielectric gases and mixtures, in order to assess the potential use of these gases or mixtures in high-voltage applications which currently utilize sulfur hexafluoride. The end

purpose of this investigation is to provide a thorough assessment of the state-of-knowledge of the properties of possible SF₆-replacement gases. This report is intended for use by high voltage equipment manufacturers, electric utilities, and the Environmental Protection Agency in making decisions about the future use of SF₆ by the electric-power industry. The purpose of the meeting is to gather information from informed individuals from within equipment manufacturing companies, electric utilities, gas companies, and academia. Four major areas will be discussed during the meeting: (1) Possible "drop-in" gases or mixtures that could substitute for SF₆ in existing equipment; (2) the identification of gases or gas mixtures that may be likely candidates for use in further designs of high voltage equipment; (3) the identification of gases which have potentially useful dielectric properties, but for which insufficient data is currently available to allow a decision as to their practical use; and (4) areas of research required for the development of environmentally acceptable alternatives to pure SF₆ use. A draft copy of the NIST report will be provided to participants, upon request. The tentative meeting schedule is as follows.

9:00 a.m. Introduction

9:20 a.m. Possible universal application "drop-in" gas mixtures

10:00 a.m. Likely gases for arc interruption and high voltage insulation

11:00 a.m. Future Research and Development: Continue search for substitutes

11:40 a.m. Comments, input, further discussion

Input from the discussions may be incorporated into the NIST final report prior to its publication.

Dated: May 16, 1997.

Elaine Buntin-Mines,

Director, Program Office.
