Morphological evidence indicates these individuals are Native American based on dental patterns and cranial formation. Anthropological evidence, including continuities of technology and material culture, indicates continuous occupation by Salishan peoples over the last 2,000 years in the Puget Sound region of Washington State which includes the sites and vicinities listed above. Consultation evidence, including oral history, presented by representatives of the Puyallup Indian Tribe of Indians and the Muckleshoot Indian Tribe further support this evidence of occupation.

Based on the above mentioned information, officials of the Department of Anthropology, Central Washington University have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of a minimum of ten individuals of Native American ancestry. Officials of the Department of Anthropology, Central Washington University have determined that, pursuant to 25 U.S.C. 3001 (2), there is a relationship of shared group identity which can be reasonably traced between these Native American human remains and Puyallup Indian Tribe of Indians and the Muckleshoot Indian Tribe.

This notice has been sent to officials of the Puyallup Indian Tribe of Indians and the Muckleshoot Indian Tribe. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains should contact Steven Hackenberger, Chair, Department of Anthropology, Central Washington University, 400 E. 8th Ave., Ellensburg, WA 98926-7544; telephone: (509) 963-3201, fax (509) 963-3215, before July 11, 1997. ## DEPARTMENT OF LABOR

### Office of the Secretary

#### Proposed Information Collection Request Submitted for Public Comment and Recommendations; Attestations by Employers Using Alien Crewmembers for Longshore Activities in U.S. Ports

**AGENCY:** Employment and Training Administration, Labor.

**ACTION:** Notice.

**SUMMARY:** The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95), 44 U.S.C. 3506(c)(2)(A). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment and Training Administration is soliciting comments concerning the proposed extension to the collection of information on the Attestation by Employers Using Alien Crewmembers to Perform Longshore Work at Locations in the State of Alaska. A copy of the proposed information collection request (ICR) can be obtained by contacting the office listed below in the addressee section of this notice.

**DATES:** Written comments must be submitted to the office listed in the addressee section below on or before August 11, 1997.

The Department of Labor is particularly interested in comments which:

- Evaluate whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated,

**ADDRESSEE:** Comments and questions regarding the collection of information on Form ETA 9033-A, Attestation by Employers Using Alien Crewmembers for Longshore Activities in the State of Alaska, should be directed to James Norris, Chief, Division of Foreign Labor Certifications, U.S. Department of Labor, 200 Constitution Avenue, NW., Room N-4456, Washington, D.C. 20210 ((202) 219-5263 (this is not a toll-free number)).

#### SUPPLEMENTARY INFORMATION:

##### I. Background

The information collection is required due to amendments to section 258 of the Immigration and Nationality Act (8 U.S.C. 1101 *et seq.*) (INA). The amendments created an Alaska exception to the general prohibition on the performance of longshore work by alien crewmembers in U.S. ports. Under the Alaska exception, before any employer may use alien crewmembers to perform longshore work in the State of Alaska, it must submit an attestation to ETA containing the elements prescribed by the INA.

The INA further requires that the Department make available for public examination in Washington, DC, a list of employers which have filed attestations, and for each such employer, a copy of the employer's attestation and accompanying documentation it has received.

##### II. Current Actions

In order for the Department to meet its statutory responsibilities under the INA there is a need for an extension of an existing collection of information pertaining to employers' seeking to use alien crewmembers to perform longshore activities at locations in the State of Alaska.

**Type of Review:** Extension of a currently approved collection without change.

**Agency:** Employment and Training Administration, Labor.

**Title:** Attestations by Employers Using Alien Crewmembers for Longshore Activities at Locations in the State of Alaska.
