Agency Information Collection Activities: New Collection; Comment Request

ACTION: Notice of information collection under review; Collection of laboratory analysis data on drug samples tested by non-Federal (state and local government) crime laboratories.

Office of Management and Budget approval is being sought for the information collection listed below. This proposed information collection was previously published in the **Federal Register** on March 14, 1997 at 62 FR 12250, allowing for a 60-day public comment period.

The purpose of this notice is to allow an additional 30 days for public comments until July 16, 1997. This process is conducted in accordance with 5 CFR 1320.10.

response time should be directed to the Office of Management and Budget, Office of Regulatory Affairs, Attention: Department of Justice Desk Office, Washington DC 20530. Additionally, comments may be submitted to DOJ via facsimile at (202) 514-1590.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information should address one or more of the following four points:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agencies estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this information collection:

1. *Type of Information Collection:* New Collection.
2. *Title of the Form/Collection:* Collection of laboratory analysis data on drug samples tested by non-Federal (state and local government) crime laboratories also known as National Forensic Laboratory Information System (NFLIS);
3. *Agency form number:* None;

Applicable component of the Department of Justice sponsoring the collection: Office of Diversion Control, Drug Enforcement Administration, Department of Justice.

4. *Affected public who will be asked to respond, as well as a brief abstract:* Primary: State and local crime laboratories. Other: None.

DEA is required under the Controlled Substances Act (CSA) (21 U.S.C. 811(b)) to gather data relevant to a

determination of the actual or relative abuse potential of drugs. Existing Federal drug abuse data bases do not provide the type or quality of information necessary to accomplish this task in a timely and efficient manner. Non-Federal crime laboratories conduct chemical analyses on a significantly larger number of illicit drug samples than DEA's seven laboratories. The non-Federal analyzed drug data is an untapped resource which would give DEA a very comprehensive representation of drug trafficking in the U.S. This data has the highest degree of validity because it is verified by chemical analysis. Participating laboratories and other government agencies will be permitted to access part of the data base.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* 330 respondents at 12 times per year at 8 hours per response.

6. *An estimate of the total public burden (in hours) associated with the collection:* 31,680 annual burden hours.

If additional information is required contact: Mr. Robert B. Briggs, Clearance Officer, United States Department of Justice, Information Management and Security Staff, Justice Management Division, Suite 850, Washington Center, 1001 G Street, NW., Washington, DC 20530.
