SUPPLEMENTARY INFORMATION:

Title: U.S. Individual Income Tax Return

OMB Number: 1545-0074

Form Number: 1040 and Schedules A, B, C, C-EZ, D, E, EIC, F, H, R, and SE

Abstract: These forms are used by individuals to report their income tax liability. The data is used to verify that the items reported on the forms are correct, and also for general statistical use.

Current Actions:

Changes to Form 1040

(1) Lines 23 a and b were combined to reduce taxpayer burden. The new spousal IRA rules permit the maximum contribution for each spouse, so it is no longer necessary to know how much was contributed to each. As a result, line 23b was deleted. Also, the IRA worksheets in the instructions were substantially shortened and simplified.

(2) New line 24 was added for the medical savings account deduction. This line was added to implement Internal Revenue Code section 220(a).

(3) The text on line 28 was revised to reflect that the deduction for a SIMPLE plan maintained by a self-employed person will be entered on this line. Therefore, the checkbox for line 28 (old line 27) was deleted because it is no longer needed.

(4) New line 42 was added for taxpayers to take the adoption credit.

Type of Review: Revision of a currently approved collection.

Affected Public: Individuals or households

Estimated Number of Respondents: 59,384,249

Estimated Time Per Respondent: Varies

Estimated Total Annual Burden Hours: 1,107,975,034

The following paragraph applies to all of the collections of information covered by this notice:

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless the collection of information displays a valid OMB control number. Books or records relating to a collection of information must be retained as long as their contents may become material in the administration of any internal revenue law. Generally, tax returns and tax return information are confidential, as required by 26 U.S.C. 6103.
