

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the draft environmental impact statement should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the draft environmental impact statement or the merits of the alternatives formulated and discussed in the statement. Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Additions

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Additions to the Procurement List.

SUMMARY: This action adds to the Procurement List commodities and services to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities.

EFFECTIVE DATE: August 6, 1997.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, Crystal Square 3, Suite 403,

1735 Jefferson Davis Highway, Arlington, Virginia 22202-3461.

FOR FURTHER INFORMATION CONTACT: Beverly Milkman (703) 603-7740.

SUPPLEMENTARY INFORMATION:

On January 31, February 14, May 9 and 16, 1997 the Committee for Purchase From People Who Are Blind or Severely Disabled published notices (62 F.R. 4722, 6946, 25586 and 27011) of proposed additions to the Procurement List.

The following Comments Pertain to Paper, Kraft Treated

Comments were received from the current contractor for the paper, along with expressions of support for the contractor from two Members of Congress. The contractor noted that a large part of the price it receives for kraft paper is the cost of the paper, which is passed through to the customer. Accordingly, the contractor stated that the Committee should look at its net sales rather than gross sales as the Committee usually does to assess the extent of impact adding the paper to the Procurement List would have on the contractor. We discovered, however, that calculating impact by this method made only a slight difference (less than one percent) in the percentage of the contractor's sales which this Procurement List addition represents. The amount of impact using either method was well below the level which the Committee normally considers to be severe. Consequently, the Committee has concluded that this addition to the Procurement List will not have a severe adverse impact on the contractor, even when the effect of recently losing a major customer is taken into account.

The following Comments Pertain to Laundry Service, San Diego, CA

Comments were received from a previous contractor which was asked to supply sales data. The contractor indicated that addition of the service to the Procurement List would minimally impact the corporation's overall operations. However, the contractor indicated that the addition would greatly impact the commercial business side of its laundry operations and might cause the layoff of a few workers.

As the contractor has indicated, losing this business will have little effect on the corporation, so the Committee has concluded that there will not be severe adverse impact on the contractor. While the Committee regrets displacing any workers, the possible layoff of a few workers is outweighed by the creation of jobs for people with severe disabilities, who have an unemployment rate well

above that of other workers, who can more easily find replacement employment. After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the commodities and services and impact of the additions on the current or most recent contractors, the Committee has determined that the commodities and services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the commodities and services to the Government.

2. The action will not have a severe economic impact on current contractors for the commodities and services.

3. The action will result in authorizing small entities to furnish the commodities and services to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the commodities and services proposed for addition to the Procurement List.

Accordingly, the following commodities and services are hereby added to the Procurement List:

Commodities

Beverly L. Milkman,
