

days after the date of publication, or the first working day thereafter. Interested parties may submit case briefs and/or written comments no later than 30 days after the date of publication. Rebuttal briefs and rebuttals to written comments, limited to issues raised in such briefs or comments, may be filed no later than 37 days after the date of publication. The Department will publish the final results of this administrative review, which will include the results of its analysis of issues raised in any such written comments or at a hearing, within 120 days after the publication of this notice.

The Department shall determine, and Customs shall assess, antidumping duties on all appropriate entries. Because the inability to link sales with specific entries prevents calculation of duties on an entry-by-entry basis, we have calculated an importer specific *ad valorem* duty assessment rate for the merchandise based on the ratio of the total amount of antidumping duties calculated for the examined sales made during the POR to the total customs value of the sales used to calculate these duties. This rate will be assessed uniformly on all entries of that particular importer made during the POR. (This is equivalent to dividing the total amount of antidumping duties, which are calculated by taking the difference between NV and U.S. Price, by the total U.S. value of the sales compared, and adjusting the result by the average difference between U.S. price and customs value for all merchandise examined during the POR.) The Department will issue appraisal instructions directly to Customs. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the determination and for future deposits of estimated duties.

Furthermore, the following deposit requirements will be effective upon completion of the final results of these administrative reviews for all shipments of stainless steel plate from Sweden entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of these administrative reviews, as provided by section 751(a)(1) of the Act: (1) the cash deposit rate for reviewed firms will be the rate established in the final results of administrative review, except if the rate is less than 0.50 percent, and therefore, de minimis within the meaning of 19 CFR 353.6, in which case the cash deposit rate will be zero; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in the original less-than-fair-value (LTFV)

investigation or a previous review, the cash deposit will continue to be the most recent rate published in the final determination or final results for which the manufacturer or exporter received a company-specific rate; (3) if the exporter is not a firm covered in this review, or the original investigation, but the manufacturer is, the cash deposit rate will be that established for the manufacturer of the merchandise in the final results of these reviews, or the LTFV investigation; and (4) if neither the exporter nor the manufacturer is a firm covered in this or any previous review or the original fair value investigation, the cash deposit rate will be 4.46%.

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 353.26(b) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during these review periods. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.22.

Dated: June 30, 1997.

## COMMODITY FUTURES TRADING COMMISSION.

### Chicago Board of Trade Futures Contract in Wheat; Request for Public Comment on Delivery Point Specifications

**AGENCY:** Commodity Futures Trading Commission.

**ACTION:** Request for Public Comment on the Delivery Specifications of the Chicago Board of Trade's Wheat Futures Contract.

**SUMMARY:** The Commodity Futures Trading Commission ("Commission"), by letter dated December 19, 1996, issued a request to the Board of Trade of the City of Chicago ("CBT") to undertake a study of the delivery specifications of its wheat futures contract and to submit its findings to the Commission by April 18, 1997, 120 days from the date of the Commission's request. By letter dated April 18, 1997, the CBT responded by providing a status report to the Commission of its actions. In that response, the CBT reported that the CBT would refrain from acting on the recommendations of the special task force which it had appointed and would instead conduct market research to determine whether a broader review of the contract not limited to its delivery terms should be undertaken.
