

the short and long term impacts on the natural and built environments of developing and operating a consolidated INS facility at 9300-9499 NW 41st Street, Miami, FL 33172. Potential impact assessment included impacts to public facilities and infrastructure, parking, traffic, and community and economic issues.

The DEIS also examined measures to mitigate unavoidable adverse impacts of the proposed action. Concurrent with NEPA implementation, GSA also implemented its consultation requirements under Section 106 of the National Historic Preservation Act to identify potential impacts to any existing historic or cultural resources.

The proposed action is to and lease a newly constructed building for the INS consolidation on the vacant parcel of land consisting of approximately 7.31 acres at 9300-9499 NW 41st Street, Miami, FL 33172. The proposed facility will consist of an office building containing a total occupiable area of approximately 214,600 square feet, along with supporting site improvements and 885 parking spaces. The subject site fronts for 390 feet along NW 41st Street and spans to the back to Dressels Canal (approximately 1150 feet south from 41st Street at the deepest point). The proposed facility would accommodate the INS by consolidating the District Office, the Asylum Office, and the Executive Office of Immigration Review (EOIR). The Krome Detention Center is a high-security containment facility located in Western Dade county and its location, function, and purpose will be unchanged as a result of the proposed action.

GSA has identified and screened from consideration, over 20 alternatives to the proposed action since 1993. GSA has identified the following alternatives to be examined by the EIS:

- "No Action," that is, take no action and continue to house the INS at its current locations.

- Lease construction of a consolidated facility of 214,600 occupiable square feet (osf) at the proposed site at 9300-9499 NW 41st Street, Miami, Florida 33172. This is the GSA preferred alternative.

The 45-day comment period will close on March 10, 1997. Comments should be provided in writing to the address below. Copies of the DEIS were distributed on Friday January 17. A copy of the DEIS and one copy of all of the public comments are available for inspection at the Metro-Date Public Library Fairlawn Branch located at 6869 SW 8th Street, Miami, FL 33144.

[Docket No. 95N-253V]

**Cigarettes and Smokeless Tobacco;
Notice of Public Video Conference**

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice of public video conference.

SUMMARY: The Food and Drug Administration (FDA) is announcing that it is sponsoring a national video conference to promote understanding of, and to encourage compliance with, FDA's regulations restricting the sale and distribution of cigarettes and smokeless tobacco to protect children and adolescents. The video conference will focus on those provisions of the final rule that take effect on February 28, 1997, when retailers will be prohibited from selling cigarettes, cigarette tobacco, or smokeless tobacco to persons under the age of 18, and will be required to check the photographic identification of persons under the age of 27 to verify their age. FDA officials will attend the conference, explain the new regulations, and be available to answer questions. The purpose of the national video conference is to advance the agency's mission to promote and protect the public health.

DATES: The video conference will be held on Tuesday, February 18, 1997, from 1 p.m. to 2:30 p.m., e.s.t. The deadline for registration is Tuesday, February 11, 1997. Persons will be registered in the order in which their call is received. Late registration will be accepted if space is available.

ADDRESSES: See Table 1 in the "Supplementary Information" section of this document.

FOR FURTHER INFORMATION CONTACT: See Table 1 in the "Supplementary Information" section of this document.

SUPPLEMENTARY INFORMATION: In the Federal Register of August 28, 1996 (61 FR 44396), FDA published a final rule to restrict the sale and distribution of cigarettes and smokeless tobacco in order to protect children and adolescents. These regulations will address the serious public health problem caused by cigarettes and smokeless tobacco products. They will
