## Becoming an Intervenor

In addition to involvement in the EA scoping process, you may want to become an official party to the proceeding or become an "intervenor". Among other things, intervenors have the right to receive copies of caserelated Commission documents and filings by other intervenors. Likewise, each intervenor must provide copies of its filings to all other parties. If you want to become an intervenor you must file a motion to intervene according to Rule 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.214) (see appendix 2).

The date for filing timely motions to intervene in this proceeding has passed. Therefore, parties now seeking to file late interventions must show good cause, as required by section 385.214(b)(3), why this time limitation should be waived. Environmental issues have been viewed as good cause for late intervention.

#### Docket No. CP97-93-000

You do not need intervenor status to have your scoping comments considered.

Additional procedural information about the proposed project is available from Ms. Laura Turner, Project Manager, at (202) 208–0916.

*Title:* Standards of Performance for Wool Fiberglass Insulation Manufacturing Plants (OMB Control No.2060–0114; EPA ICR No 1160.05, expiring 4/30/97). This is a request for extension of a currently approved collection.

Abstract: The Administrator has judged that PM emissions from wool fiberglass insulation manufacturing plants cause or contribute to air pollution that may reasonably be anticipated to endanger public health or welfare. Owners/operators of wool fiberglass insulation manufacturing plants must notify EPA of construction, modification, startups, shut downs, date and results of initial performance test and provide semiannual reports of excess emissions.

In order to ensure compliance with the standards promulgated to protect public health, adequate reporting and recordkeeping is necessary. In the absence of such information enforcement personnel would be unable to determine whether the standards are being met on a continuous basis, as required by the Clean Air Act.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB
