

Iowa, and PACE/Orchard Place-Child Guidance, Inc., in Des Moines, Iowa, whose innovative efforts to design and implement state-of-the-art substance abuse and gang prevention programming have made them uniquely suited for this explorative effort.

Both organizations address youth substance abuse by preventing school truancy, improving academic performance, tracking services to improve school attendance, providing tutoring services, family involvement projects, after-school programming, extensive substance abuse education, and school-based supportive services. Additionally, PACE/Orchard Place-Child Guidance, Inc., is the only private agency in Iowa working with substance abuse and delinquency prevention and truancy reduction in the Des Moines public schools. PACE/Orchard Place-Child Guidance, Inc., is also the primary private provider of preventive services under contract with Polk County Juvenile Court. Similarly, Family Resources, Inc., administers the oldest substance abuse prevention and gang intervention program in the "Quad cities" area, and the program served as a pilot project for the State of Iowa.

For the above reasons, only applications from the Iowa organizations identified above may be considered for this program.

[Docket No. FR-4238-N-04]

Notice of Funding Availability (NOFA) and Program Guidelines for Homeownership Zones; Fiscal Year 1997; Correction and Extension of Deadline

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice of Funding Availability (NOFA); Correction and Extension of Deadline.

SUMMARY: On July 7, 1997 HUD published the fiscal year (FY) 1997 NOFA and program guidelines for Homeownership Zones. This notice provides a copy of the lobbying certification that applicants must submit in accordance with 24 CFR part 87; the copy of the certification was inadvertently omitted from the July 7, 1997 NOFA. This notice also provides additional information about the availability of and instructions for completing the forms applicants are required to submit. This notice corrects a typographical error with regard to the points available for the rating criteria. Finally, this notice extends the application submission deadline until September 30, 1997.

DEADLINE DATE: One original and two copies of each application must be received by HUD Headquarters at the address provided below by the deadline date. One additional copy must be received by the HUD Field Office by the deadline date. All four copies may be used in reviewing the application.

Applications Delivered. Applications are due before midnight on *September 30, 1997*. Before the deadline date, and on normal workdays between the hours of 8:30 a.m. and 4:30 p.m., completed applications will be accepted at the Processing and Control Unit, Room 7255, Community Planning and Development at the address provided below.

After 4:30 p.m. on the deadline date, hand-delivered applications will be received at the South Lobby of the Department of Housing and Urban Development at the address provided below. HUD will treat as ineligible for consideration hand-delivered applications that are received after midnight on *September 30, 1997*.

Applications Mailed. HUD will consider applications as received by the deadline if they are postmarked before midnight on *September 30, 1997*, and received by HUD Headquarters within ten (10) calendar days after that date.

Applications Sent by Overnight Delivery. HUD will consider applications sent by overnight delivery as having been received by the deadline upon submission of documentary evidence that they were placed in transit with the overnight delivery service by no later than *September 30, 1997*.

Applications Sent by Facsimile (FAX). HUD will NOT accept any application sent by FAX.

Applications Sent to HUD Field Offices. One copy of the application must be received by the HUD field office serving the area in which the applicant's Homeownership Zone is located. The field office must receive this copy by the deadline date, but a determination that an application was received on time will be made solely according to the receipt of the application at HUD Headquarters in Washington, DC.

ADDRESSES: This notice does not change the application submission information provided in the July 7, 1997 NOFA. One original and two copies of the completed application must be submitted to HUD Headquarters at the following address: Processing and Control Unit, Room 7255, Office of Community Planning and Development, Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, DC 20410. One additional copy of the application must be sent to the Director of Community Planning and Development, at the HUD field office serving the State in which the Homeownership Zone is located.

FOR FURTHER INFORMATION CONTACT: Mr. Gordon McKay, Director, Office of Affordable Housing Programs, Room

7164, Department of Housing and Urban Development, 451 Seventh Street, SW., Washington, DC 20410; telephone (202) 708-2685 (this is not a toll-free number). Hearing- or speech-impaired individuals may access this number via TTY by calling the Federal Information Relay Service at (800) 877-TDDY, which is a toll-free number. You may also contact the HUD field office serving your area at the number and address provided in Appendix A of the July 7, 1997 NOFA. General background information about homeownership zones is also available through Community Connections by calling (800) 998-9999.

SUPPLEMENTARY INFORMATION: On July 7, 1997 (62 FR 36412), HUD published the FY 1997 NOFA and program guidelines for Homeownership Zones. The July 7, 1997 NOFA announced the availability of \$10 million to help reclaim distressed neighborhoods by creating homeownership opportunities for low- and moderate-income families, and to serve as a catalyst for private investment, business creation, and neighborhood revitalization. The NOFA contained information concerning basic program requirements, eligible applicants, funding availability, and application requirements and procedures.

Application Submission Requirements

One of the application submission requirements is the certification regarding lobbying, which is required under HUD's regulations in 24 CFR part 87 (see 62 FR 36415). As indicated in the NOFA, HUD intended to include a copy of this certification as part of Appendix B of the NOFA (see 62 FR 36415), as well as a copy of the form for the disclosure of lobbying activities (SF-LLL) (see 62 FR 36419). While Appendix B of the NOFA did include the form for the disclosure of lobbying activities, HUD inadvertently failed to provide a copy of the required certification. Therefore, a copy of that certification is attached to this notice.

Another application submission requirement is the Standard Form (SF) 424, the Application for Federal Assistance (see 62 FR 36414). Applicants should note that since the funding for Homeownership Zones is relatively new, there is no Catalog of Federal Domestic Assistance number for the program; applicants should indicate "not applicable" in box 10 of application form.

The lobbying certification, the lobbying disclosure form (SF-LLL), and the application form (SF-424), as well as general background information about homeownership zones, are also

available through Community Connections by calling (800) 998-9999. The forms are also available through HUD's homepage on the Internet (<http://www.hud.gov>).

Criteria for Rating Applications

The July 7, 1997 NOFA described the criteria HUD will consider when selecting applications for funding (see 62 FR 36415-16). The description of criteria (5)—Capacity to Successfully Carry Out the Plan—in the NOFA contains a typographical error. Although the NOFA provides that 15 points are available for this criteria, the NOFA incorrectly provides that HUD will award not more than 19 points to proposals that do not include a local partnership recognized by the National Partners in Homeownership. The NOFA should, however, provide that no more than 14 points will be awarded in the absence of such a partnership.

Accordingly, FR Doc. 97-17548, the NOFA and Program Guidelines for Homeownership Zones, published in the **Federal Register** on July 7, 1997 (62 FR 36412) is amended on page 36416, column 3, by correcting the introductory paragraph of section IJ(5), to read as follows:

I. Purpose and Substantive Description

J. Criteria for Rating Applications

* * * * *

(5) Capacity to Successfully Carry Out the Plan

HUD will award up to 15 points based on the capacity of the applicant, its development team, and other partners to implement Homeownership Zone activities successfully. HUD is primarily concerned that the experience of the entities and key staff carrying out each activity reflect the specific areas of competency required for success in carrying out that activity. For example, if a nonprofit developer will be responsible for building and marketing 100 homes, HUD will expect that the developer has successfully undertaken similar projects in the past. HUD may consider information from performance reports, financial status information, monitoring reports, audit reports, and other information available to HUD in making its determination under this criterion. HUD will not award more than 14 points under this criterion to any proposal that does not include a local partnership recognized by the National Partners in Homeownership. In responding to this criterion, applicants should:

National Park Service

Notice of Inventory Completion for Native American Human Remains and Associated Funerary Objects from Shawnee County, KS in the Possession of the Kansas State Historical Society, Topeka, KS

AGENCY: National Park Service.

ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 25 U.S.C. 3003 (d), of the completion of an inventory of human remains and associated funerary objects from Shawnee County, KS in the possession of the Kansas State Historical Society, Topeka, KS.

A detailed assessment of the human remains was made by Kansas State Historical Society (KSHS), Kansas State

University, and Wichita State University professional staff in consultation with representatives of the Citizen Band of Potawatomi, the Prairie Band of Potawatomi Indians, and the Kaw Indian Tribe.

In 1969, human remains representing two individuals were recovered from site 14SH322 during legally authorized excavations by KSHS for the proposed Grove Reservoir project. No known individuals were identified. The 31 associated funerary objects include ceramic sherds, glass beads, a copper bracelet, a fire steel, a projectile point, and a gunflint.

Site 14SH322 has been identified as precontact Plains Woodland and historic Native American habitation site based on material culture. Based on the associated funerary objects and indications of wood coffins, these individuals have been determined to be Native American, and the burials date from approximately 1825-1870 A.D. This site is within the boundaries of the Potawatomi reservation of 1848-1861. Consultation with representatives of the Citizen Band of Potawatomi, the Prairie Band of Potawatomi Indians, and the Kaw Indian Tribe indicates these burials are likely to be affiliated with the Potawatomi rather than the Kaw Indian Tribe.

In 1984 and 1992, human remains representing one individual were recovered from the surface of site 14SH334, a plowed field on the west edge of Rossville by KSHS archeologists. No known individual was identified. The associated funerary object is a copper or brass crucifix.

Site 14SH334 may be associated with the farmstead of the Potawatomi families Laughton and Laughton-Nadeau dating from 1848 to 1868 based on historic records pertaining to the Potawatomi reservation located in Shawnee county during 1848-1861. Several other Potawatomi family farmsteads were also present in the area, known from both historical documents and confirmed through archeological evidence. The associated funerary object, dating from the mid-nineteenth century, is a likely indicator of Catholic religious affiliation, common for many Potawatomi. Based on the associated funerary object and likely age of the burial, this individual is believed to be Native American, and the historic records for this site indicate this individual was likely Potawatomi.

In 1880, human remains representing three individuals were donated to the Kansas State Historical Society by Mr. Joel Lucas. No known individuals were identified. The three associated funerary objects include a decoratively carved
