

Status: Open to the public, limited only by the space available. The meeting room accommodates approximately 50 people.

Background: Under a Memorandum of Understanding (MOU) signed in December 1990 with DOE and replaced by an MOU signed in 1996, the Department of Health and Human Services (HHS) was given the responsibility and resources for conducting analytic epidemiologic investigations of residents of communities in the vicinity of DOE facilities, workers at DOE facilities, and other persons potentially exposed to radiation or to potential hazards from non-nuclear energy production use. HHS delegated program responsibility to CDC.

In addition, an MOU was signed in October 1990 and renewed in November 1992 between ATSDR and DOE. The MOU delineates the responsibilities and procedures for ATSDR's public health activities at DOE sites required under sections 104, 105, 107, and 120 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or "Superfund"). These activities include health consultations and public health assessments at DOE sites listed on, or proposed for, the Superfund National Priorities List and at sites that are the subject of petitions from the public; and other health-related activities such as epidemiologic studies, health surveillance, exposure and disease registries, health education, substance-specific applied research, emergency response, and preparation of toxicological profiles.

Purpose: This subcommittee is charged with providing advice and recommendations to the Director, CDC, and the Administrator, ATSDR, regarding community, American Indian Tribes, and labor concerns pertaining to CDC's and ATSDR's public health activities and research at this DOE site. The purpose of this meeting is to provide a forum

for community, American Indian Tribal, and labor interaction and serve as a vehicle for community concern to be expressed as advice and recommendations to CDC and ATSDR.

Matters To Be Discussed: Agenda items include presentations from the National Center for Environmental Health (NCEH) regarding current activities, the National Institute for Occupational Safety and Health and ATSDR will provide updates on the progress of current studies, and working group discussions.

Agenda items are subject to change as priorities dictate.

Proposed Information Collection Activity; comment request

Title: Administration for Children and Families (ACF) Uniform Project Description (UPD).

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Uniform Project Description	4,418	1	4	17,672

Estimated Total Annual Burden Hours: 17,672.

Additional Information: Copies of the proposed collection may be obtained by writing to The Administration for Children and Families, Office of Information Services, Division of Information Resource Management Services, 370 L'Enfant Promenade, S.W., Washington, D.C. 20447, Attn: ACF Reports Clearance Officer.

OMB Comment: OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication. Written

comments and recommendations for the proposed information collection should be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, 725 17th Street, N.W., Washington, D.C. 20503, Attn: Ms. Wendy Taylor.

Dated: August 13, 1997.

BILLING CODE 4184-01-M

OMB No.: 0970-0139.

Description: ACF has more than forty discretionary grant programs. The proposed information collection narratives would comprise a set of descriptive language provisions usable for all of these grant programs to collect the information from grant applicants needed to evaluate and rank applications and protect the integrity of the grantee selection process. All ACF discretionary grant programs would be eligible but not required to use this project description.

The ACF uniform project description consists of a menu of narratives that can be selected as required to configure a project description appropriate for individual program announcements. Narratives selected for use in a given program announcement would define the required program description portion for the grant applicant. The ability to pick and choose appropriate language for any given program announcement simplifies application preparation by eliminating irrelevant portions of the application format for a given program announcement.

Respondents: State, Local or Tribal Governments; and Not-for-profit institutions.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4274-D-01]

Redelegation of Authority to Directors of the Single Family Housing Division and the Multifamily Housing Division

AGENCY: Office of the Assistant Secretary for Housing—Federal Housing Commissioner, HUD.

ACTION: Redelegation of authority.

SUMMARY: This notice amends the redelegation portion of the field reorganization Revocation and Redelegation of Authority for the Office of Housing published in the **Federal Register** on December 6, 1994, at 59 FR

62739. It redelegates authority presently delegated to the Office of Housing Directors in Category AA (double A) Offices to the Directors of the Single Family Housing Division and the Multifamily Housing Division in those offices when the position of Housing Director is vacant in those offices.

EFFECTIVE DATE: August 12, 1997.

FOR FURTHER INFORMATION CONTACT:

Robert G. Hunt, Director, Management Services Division, or Charles E. Patterson, Chief, Program Analysis Branch, Management Services Division, Department of Housing and Urban Development, 451 Seventh Street SW, Room 9116, Washington, DC 20410, (202) 708-0820. Persons with hearing or speech impairments may call HUD's TTY number (202) 708-1455, or the Federal Information Relay Service at (800) 877-8339. (With the exception of the "800" number, these telephone numbers are not toll-free.)

SUPPLEMENTARY INFORMATION: In November of 1993, the Secretary announced the reorganization of HUD's field structure to improve performance and provide HUD's customers—members of the public and program beneficiaries—more efficient service and less bureaucracy by empowering HUD's employees to more effectively serve these customers. As part of the ongoing process, on December 6, 1994, at 59 FR 62739, the Department published a Notice of Revocation and Redelelegation of Authority pertaining to authority in the field over Office of Housing programs, which was amended by the Revocation and Redelelegation of Authority published on June 26, 1996 at 61 FR 33130 and was further amended by the Redelelegation of Authority published on February 3, 1997 at 62 FR 5029.

HUD continues to streamline its Housing operations by consolidating functions. It is essential that the line of authority to the field officials operating Housing programs and functions be maintained. Therefore the authority held by the Director of Housing in Category AA offices is being redelegated to the Directors of the Single Family Housing Division and the Multifamily Housing Division, when the position of Director of Housing is vacant.

Accordingly, the Assistant Secretary for Housing—Federal Housing Commissioner redelegates authority as follows:

Section A. Authority Redelegated

This amendment redelegates authority previously delegated to Office of Housing Directors in Category AA (Double A) offices to the Director of the

Single Family Housing Division and the Director of the Multifamily Housing Division, when the position of the Office of Housing Director is vacant.

Authority: Sec. 7(d) of the Department of Housing and Urban Development Act (42 U.S.C. 3535(d)).

Dated: August 12, 1997.

Nicolas P. Retsinas,

Assistant Secretary for Housing—Federal Housing Commissioner.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Availability of a Draft Recovery Plan for Point Arena Mountain Beaver (California) for Review and Comment

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of document availability and public comment period.

SUMMARY: The U.S. Fish and Wildlife Service announces the availability for public review of a draft recovery plan for the Point Arena mountain beaver (*Aplodontia rufa nigra* (Rafinesque)) listed as an endangered species on December 12, 1991 (50 FR 64716). The Point Arena mountain beaver occurs western Mendocino County, California. The Service solicits review and comment from the public on this draft plan.

DATES: Comments on the draft recovery plan received by October 20, 1997, will be considered by the Service.

ADDRESSES: Persons wishing to review the draft recovery plan may obtain a copy by contacting the U.S. Fish and Wildlife Service, 3310 El Camino Avenue, Suite 130, Sacramento, California 95821. Written comments and material regarding the plan should be addressed to the Field Supervisor at the above address. Comments and materials received are available on request for public inspection, by appointment, during normal business hours at the above address.

FOR FURTHER INFORMATION CONTACT: Please contact Karen Miller, U.S. Fish and Wildlife Service, at 916/979-2725 (see **ADDRESSES**).

SUPPLEMENTARY INFORMATION:

Background

Restoring an endangered or threatened plant or animal to the point where it is again a secure, self-sustaining member of its ecosystem is a

primary goal of the U.S. Fish and Wildlife Service's endangered species program. To help guide the recovery effort, the Service is working to prepare recovery plans for most of the listed species native to the United States. Recovery plans describe the site specific management actions considered necessary for conservation and survival of the species, establish objectives, and measurable criteria for the recovery levels for downlisting or delisting species, and estimate time and cost for implementing the recovery measures needed.

The Endangered Species Act of 1973 (act), as amended (16 U.S.C. 1531 *et seq.*) requires the development of recovery plans for listed species unless such a plan would not promote the conservation of a particular species. Section 4(f) of the Act, as amended in 1988, requires the public notice and an opportunity for public review and comment be provided during recovery plan development. The Service, and other affected Federal agencies will take these comments into account in the course of implementing approved recovery plans.

The Point Arena mountain beaver is endemic to western Mendocino County, where 24 separate occurrences are known. Management issues and concerns include elimination or degradation of habitat from land development, grazing, timber harvest and invasion by alien plant species. Direct threats to the species may include predation by household pets and feral animals, poisoning, genetic isolation and drift, and possible sensitivity to disturbance.

The Point Arena mountain beaver draft recovery plan was developed by selected experts on the biology of the species and has been reviewed by the appropriate Service staff in Region 1. The plan will be made final and approved following incorporation of comments and material received during this comment period.

Public Comments Solicited

The Service solicits written comments on the draft recovery plan described. All biological comments received by the date specified above will be considered prior to the approval of the plan.

Authority: The authority for this action is section 4(f) of the Endangered Species Act, 16 U.S.C. 1533(f).

Dated: July 15, 1997
