Record of Decision (ROD) for the Disposal and Reuse Final Environmental Impact Statement for McClellan Air Force Base (AFB), California (CA)

On August 19, 1997, the Air Force issued a ROD for the disposal of McClellan Air Force Base (AFB), CA. The decisions included in this ROD have been made in consideration of the Final Programmatic Environmental Impact Statement for the Disposal and Environmental Impact Report for Reuse (FPEIS/EIR) of McClellan AFB, CA, which was filed with the Environmental Protection Agency on July 3, 1997, and other relevant considerations.

McClellan AFB will officially close on July 13, 2001, pursuant to the Defense Base Closure and Realignment Act of 1990, (Pub. L. 101–510) and the recommendations of the Defense Secretary's Commission on Base Realignment and Closure. This ROD documents the McClellan AFB disposal decisions.

The Air Force has decided to dispose of the approximately 3,452 acres fee and 93 acres of easements of McClellan AFB and associated off base sites in the following manner: Parcel A (approximately 6 acres), Parcel B (approximately 8 acres), Parcel C (approximately 13 acres), Parcel D1 (approximately 1 acre), Parcel E (approximately 14 acres), Parcel F (approximately 3 acres) will be retained by Department of Defense; Parcel G (approximately 5 acres) and Camp

Kohler Annex (approximately 35 acres) will be transferred to the Department of Transportation Federal Aviation Administration for aviation use; Parcel H (approximately 39 acres) will be transferred to the County of Sacramento Board of Supervisors which is the official Local Redevelopment Authority (LRA) for federal leaseback for the Department of Transportation United States Coast Guard for air rescue operations; Parcel I (approximately 1 acre) and McClellan Hospital Complex (approximately 26 acres) will be transferred to the Department of Veterans Affairs for a hospital and dental clinic; Parcel J (approximately 2,415 acres) will be transferred to the LRA for the establishment of an aviation technology center; Parcel K (approximately 1 acre) will be offered as a negotiated sale to Sacramento Area Federal Employees (SAFE) Credit Union; Parcel DC–1 (approximately 115 acres) will be transferred to the Department of Interior United States Fish and Wildlife Service to protect and manage natural habitats and wetlands; and Parcel DC–2 (approximately 5 acres) will be transferred to the Department of Commerce National Oceanic and Atmospheric Administration National Weather Service for weather surveillance. The decision on the remaining land and facilities has been deferred until a later date.

The uses proposed for the property by the prospective recipients of the property under the ROD are included in the proposed action in the FPEIS/EIR and are consistent with the community's revised redevelopment plan for the base. The LRA prepared the plan with the assistance of the broader community.

By this decision, the Air Force adopts certain mitigation measures, as described in this ROD, to protect public health and the environment. In response to the existing or forecasted environmental impacts to or in the area of McClellan AFB, subsequent property owners should consider implementation of the more specific mitigation measures associated with reuses they may undertake, as set forth in Chapter 4 of the PFEIS.

Any questions regarding this matter should be directed to Mr. Charles R. Hatch, Program Manager, Division C. Correspondence should be sent to AFBCA/DC, 1700 North Moore Street, Suite 2300, Arlington, VA 22209–2809.

Barbara A. Carmichael,

Alternate Air Force Federal Register Liaison Officer.

Availability of Non-Exclusive, Exclusive, or Partially Exclusive Licensing of U.S. Patent Application Concerning "Bacterial Superantigen Vaccines"

AGENCY: U.S. Army Medical Research and Materiel Command, DoD.

ACTION: Notice of availability.

SUMMARY: In accordance with 38 CFR 404.6, announcement is made of the availability of U.S. Patent Application SN 08/882,431 entitled "Bacterial Superantigen Vaccines." This patent has been assigned to the United States Government as represented by the Secretary of the Army.

ADDRESSES: Commander, U.S. Army Medical Research and Materiel Command, Command Judge Advocate, MCMR–JA, 504 Scott Street, Fort Detrick, MD 21702–5012.

FOR FURTHER INFORMATION CONTACT: Mr. John F. Moran, Patent Attorney, 301–619–7807, Fax 301–619–5034.

SUPPLEMENTARY INFORMATION:

"Recombinant vaccines for control of bacterial superantigen-associated diseases have been developed. These include vaccines of staphylococcal enterotoxin A, staphylococcal enterotoxin B, staphylococcal enterotoxin C1, toxic-shock syndrome toxin-1, and streptococcal pyrogenic exotoxin-A. Engineered changes in the proteins have attenuated receptor binding and biological activity to an essentially nonspecific level. The vaccines retain a high degree of antigenicity and have been successfully tested in murine and nonhuman primate animal models for protective immunity and safety. These vaccines offer the safety and advantages of defined recombinant proteins and may be useful for controlling toxic-shock syndromes and certain autoimmune diseases associated with these bacterial superantigens."

DEPARTMENT OF DEFENSE**Defense Logistics Agency****Privacy Act of 1974; Computer Matching Program Between the National Science Foundation and the Defense Manpower Data Center of the Department of Defense**

AGENCY: Defense Manpower Data Center, Defense Logistics Agency, Department of Defense.

ACTION: Proposed computer matching program between the National Science Foundation and the Defense Manpower Data Center of the Department of Defense (DoD).

SUMMARY: DMDC, as the matching agency under the Privacy Act of 1974, as amended, (5 U.S.C. 552a), is hereby giving constructive notice in lieu of direct notice to the record subjects of a proposed computer matching program between the National Science Foundation (NSF) and DMDC that their records are being matched by computer. The record subjects are delinquent debtors of the National Science Foundation, who are current or former Federal employees or military members

receiving Federal salary or benefit payments and indebted and delinquent in their payment of debts owed to the United States Government under certain programs administered by the National Science Foundation so as to permit the National Science Foundation to pursue and collect the debt by voluntary repayment or by administrative or salary offset procedures under the provisions of the Debt Collection Act of 1982.

DATES: This proposed action will become effective September 29, 1997, and the computer matching will proceed accordingly without further notice, unless comments are received which would result in a contrary determination or if the Office of Management and Budget or Congress objects thereto.

ADDRESSES: Any interested party may submit written comments to the Director, Defense Privacy Office, Crystal Mall 4, Room 920, 1941 Jefferson Davis Highway, Arlington, VA 22202-4502. Telephone (703) 607-2943.

SUPPLEMENTARY INFORMATION: Pursuant to subsection (o) of the Privacy Act of 1974, as amended, (5 U.S.C. 552a), the National Science Foundation and DMDC have concluded an agreement to conduct a computer matching program between the agencies. The purpose of the match is to exchange personal data between the agencies for debt collection from defaulters of obligations held by the National Science Foundation under the Debt Collection Act of 1982. The match will yield the identity and location of the debtors within the Federal government so that the Foundation can pursue recoupment of the debt by voluntary payment or by administrative or salary offset procedures. Computer matching appeared to be the most efficient and effective manner to accomplish this task with the least amount of intrusion of personal privacy of the individuals concerned. It was therefore concluded and agreed upon that computer matching would be the best and least obtrusive manner and choice for accomplishing this requirement.

A copy of the computer matching agreement between the National Science Foundation and DMDC is available to the public upon request. Requests should be submitted to the address caption above or to the Debt Management Officer, National Science Foundation, 4201 Wilson Boulevard, Arlington, VA 22230.

Set forth below is a public notice of the establishment of the computer matching program required by paragraph (e)(12) of the Privacy Act.

The matching agreement, as required by 5 U.S.C. 552a(r) of the Privacy Act, and an advance copy of this notice were submitted on August 15, 1997, to the Committee on Government Reform and Oversight of the House of Representatives, the Committee on Governmental Affairs of the Senate, and the Administrator of the Office of Information and Regulatory Affairs, Office of Management and Budget pursuant to paragraph 4d of Appendix I to OMB Circular No. A-130, 'Federal Agency Responsibilities for Maintaining Records about Individuals,' dated February 8, 1996 (61 FR 6435, February 20, 1996). This matching program is subject to review by OMB and Congress and shall not become effective until that review period of 40 days has elapsed.

Dated: August 25, 1997.

L. M. Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

Computer Matching Program Between the National Science Foundation, and the Defense Manpower Data Center of the Department of Defense for Debt Collection

A. Participating agencies: Participants in this computer matching program are the National Science Foundation (NSF) and the Defense Manpower Data Center (DMDC), Department of Defense (DoD). The National Science Foundation is the source agency, i.e., the agency disclosing the records for the purpose of the match. DMDC is the specific recipient or matching agency, i.e., the agency that actually performs the computer matching.

B. Purpose of the match: The purpose of the match is to identify and locate any matched Federal personnel, employed or retired, who owe delinquent debts to the Federal Government under certain programs administered by NSF. NSF will use this information to initiate independent collection of those debts under the provisions of the Debt Collection Act of 1982.

C. Authority for conducting the match: The legal authority for conducting the matching program is contained in the Debt Collection Act of 1982 (Pub. L. 97-365), as amended by the Debt Collection Improvement Act of 1996 (Pub. L. 104-134, section 31001); 31 U.S.C. Chapter 37, Subchapter I (General) and Subchapter II (Claims of the United States Government), 31 U.S.C. 3711 Collection and Compromise, 31 U.S.C. 3716 Administrative Offset, 5 U.S.C. 5514, as amended, Installment Deduction for
