Administration for Children and Families

Privacy Act of 1974; Altered System of Records

AGENCY: Office of Child Support Enforcement, ACF, DHHS.

ACTION: Notice.

We are also proposing to amend the routine uses for this system.

Comments received will be available for inspection at this same address from 9 a.m. to 3 p.m., Monday through Friday.

FOR FURTHER INFORMATION CONTACT: Director, Division of Program Operations, Office of Child Support Enforcement, Administration for Children and Families, 370 L'Enfant Promenade, SW, 4th Floor East, Washington, DC 20447, (202) 401-9271. The numbers listed above are not toll free.

SUPPLEMENTARY INFORMATION: Notice is hereby given that the Office of Child Support Enforcement (OCSE) is amending one of its Systems of Records, "The Federal Parent Locator System and Federal Tax Offset System (FPLS)", DHHS/OCSE No. 09-90-0074.

Information on this system was last published at 61 FR 38754, July 25, 1996.

OCSE wishes to advise the public that OCSE is changing the name of this system to the "Federal Parent Locator and Federal Tax Refund/Administrative Offset System" (FPLS). Furthermore, the uses of the FPLS are being expanded pursuant to Pub. L. 104-193, the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA) and pursuant to Pub. L. 104-134, the Debt Collection Improvement Act of 1996 (DCIA) and Executive Order 13019, dated September 28, 1996.

The system is divided into two subsystems: Parent Locator Service and Tax Refund/Administrative Offset (TROP/ADOP). The Parent Locator portion of the system is being expanded consistent with section 316 of the PRWORA, which authorizes the establishment of a National Directory of New Hires (NDNH) effective no later than October 1, 1997. The NDNH will be comprised of three components. First, the NDNH will maintain employment data on newly-hired employees (new hire reporting) submitted by the State Directories of New Hires (SDNH) pursuant to section 453A(g)(2)(A) of the Social Security Act (the Act) and by Federal agencies pursuant to section 453A(B)(1)(c) of the Act. Second, the NDNH will maintain quarterly wage information on individual employees, submitted by States under the authority of sections 453A(g)(2)(B) and 303(h) of the Act, and section 3304(a)(16) of the Internal Revenue Code (IRC) of 1986, as well as quarterly wage information on Federal employees pursuant to section 453(n) of the Act. Third, the NDNH will maintain unemployment compensation claims data submitted by States under the authority of sections 453A(g)(2)(B) and 303(h) of the Act, and section 3304(a)(16) of the Internal Revenue Code of 1986. Federal agencies and States will transmit new hire and quarterly wage and data electronically to the NDNH and States will transmit claim information electronically as well.

The TROP/ADOP portion of the system is expanding the current use of Federal tax refund intercepts to assist families in collecting past-due child support, intercept certain other Federal payments owed by child support obligors, and divert the payment to obligees/States for the payment of past-due child support. Specifically, the TROP/ADOP will: (1) Combine the Federal Tax Refund Offset program with the Administrative Program operated by Department of Treasury's Financial Management Service (FMS); (2) periodically match cases from the

TROP/ADOP system with the NDNH; (3) conduct crossmatches with the State Department for denial of passports; (4) conduct crossmatches for asset identification with the Department of Treasury (Project 1099) against States' obligor file(s); (5) disclose information to additional sources; and (6) allow access to new authorized users.

The Social Security Act, as amended by PRWORA and the DCIA require an expansion of the uses of the FPLS. The Parent Locator portion of the FPLS will now be used to obtain and transmit information to any authorized person, for the purpose of establishing parentage, establishing, setting the amount of, modifying, or enforcing child support obligations, investigating parental kidnapping cases, or making or enforcing child custody or visitation orders. Additionally, PRWORA replaced the AFDC programs with TANF programs, and routine uses are being updated to reflect that change.

The Federal TROP/ADOP portion of the system will be used for the purposes of: Collecting past-due child support from Federal tax refunds and from certain Federal payments otherwise owed to child support obligors; identifying assets of obligors; and enforcing child support orders by assisting the State Department in preventing delinquent obligors from travelling outside the country by the denial, restriction and/or revocation of passports.

Section 370 of PRWORA established a new section 452(k) of the Act which requires that after October 1, 1997, the Secretary of HHS shall transmit to the Secretary of the Department of State, certifications from State child support enforcement (CSE) agencies of individuals who owe arrearages of child support exceeding \$5000 and that the Department of State may revoke, restrict or deny passports to such individuals.

Project 1099 provides State CSE agencies access to all earned and unearned income information reported to the Department of Treasury by employers and financial institutions. This information is used to locate noncustodial parents and to verify income and employment, which is essential to establishing and enforcing child support obligations.

Sections 452 and 453 of the Social Security Act require the Secretary of HHS to establish and conduct the Federal Parent Locator Service, a computerized national location network which provides address and social security number (SSN) information to State and local child support enforcement agencies (CSEAs) for purposes of locating parents to establish
