#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

The International Trade Administration's Business Information Service for the Newly Independent States (BISNIS) offers business information and counseling to U.S. companies seeking to export or invest in the countries of the former Soviet Union. One of the essential components

of BISNIS' services is assisting companies in locating suitable financing for exports. Often, official sources, such as the Export-Import Bank of the United States, cannot handle all requests for a variety of reasons. The proposed BISNIS Finance Link collection of information is an internet-based service to facilitate contact between exporters and financing agencies. Exporters fill out a form giving relevant details about their company and desired transaction. The form is then submitted via Internet's World Wide Web to BISNIS. If complete, BISNIS will, in turn, distribute the information collected to potential financing agencies. The intention is to provide a service that benefits both exporters and financing agencies.

##### II. Method of Collection

The request is sent via internet to Department of Commerce, BISNIS Information Service for the Newly Independent States, Trade Finance Specialist.

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

Respondents will be commercial fishing industry individuals, partnerships, or corporations which want to enter into Capital Construction Fund agreements with the Secretary of Commerce allowing deferral of Federal taxation on fishing vessel income deposited into the fund for use in the acquisition, construction, or reconstruction of fishing vessels. Deferred taxes are recaptured by reducing an agreement vessel's basis for depreciation by the amount withdrawn from the fund for its acquisition, construction, or reconstruction. The
