**Square D Company Groupe Schneider
Milwaukee, WI; Notice of Revised
Determination on Reconsideration**

On May 13, 1997, the Department issued an Affirmative Determination Regarding Application for Reconsideration for the workers and former workers of the subject firm. The notice was published in the **Federal Register** on May 29, 1997 (62 FR 29157).

The workers at Square D Company in Milwaukee, Wisconsin produced low and medium voltage transformers. The workers are not separately identifiable by product line. The worker petition for TAA was denied because the "contributed importantly" test of the Group Eligibility Requirements of Section 222 of the Trade Act of 1974, as amended, was not met. A survey of the customers of Square D Company revealed that none of the respondents increased import purchases of low and medium voltage transformers while decreasing their purchases from the subject firm. The worker petition for NAFTA-TAA was denied on the basis that there was no shift in production to Mexico or Canada, nor were there company or customer imports of low or medium voltage transformers from Mexico or Canada.

The International Brotherhood of Electrical Workers, AFL-CIO, Local 2336, alleges that Square D Company/Groupe Schneider continues to shift production of low voltage transformers from Milwaukee to Mexico.

New findings on reconsideration show that there were increasing company imports of low voltage transformers from Mexico during the relevant time period.

Conclusion

After careful consideration of the new facts obtained on reconsideration, it is concluded that the workers of Square D Company/Group Schneider, Milwaukee, Wisconsin were adversely affected by increased imports of articles like or

directly competitive with transformers produced at the subject firm.

All workers of Square D Company/Groupe Schneider, Milwaukee, Wisconsin, engaged in employment related to the production of low or medium voltage transformers, who became totally or partially separated from employment on or after February 18, 1996 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974;" and "All workers of Square D Company/Groupe Schneider, Milwaukee, Wisconsin, engaged in employment related to the production of low or medium voltage transformers, who became totally or partially separated from employment on or after February 18, 1996, are eligible to apply for NAFTA-TAA Section 250 of the Trade Act of 1974.
