This Notice also lists the following information:

Title of Proposal: HUD Survey Instructions and Report for Insured Multifamily Projects.

OMB Control Number: 2502-0010.

Description of the Need for the Information and Proposed Use: Form HUD-2457, HUD Survey Instructions and Report For Insured Multifamily Projects, is required to assure that land surveys and survey maps: are appropriate for marketable title and title insurance; identify elements of regulatory concern, e.g., flood hazard, for the property offered as security for mortgage insurance; and where new construction or regarding are applicable, provide necessary data for proper site

design. Form HUD-2457 is also used by the surveyor to flag site features and exceptions to title having significant bearing on site suitability and value for the intended purpose, and to certify to the surveyor's site visit to verify the continuing accuracy of older surveys and redated survey maps submitted in conjunction with applications for mortgage insurance and loan closing transactions. Form HUD-2457 is essential to the multifamily housing programs for the above reasons, and it is also highly beneficial to sponsors and surveyors involved in the delivery of projects under such programs. It defines the survey standards and requirements to meet HUD criteria for various types of projects and project circumstances and may be used as a specification for a purchase order between the project sponsor and surveyor. It also permits the surveyor to more readily determine survey and related fees and charges for mortgagor applications under various FHA programs, and provides for the surveyor's certification regarding conduct of the survey in accordance with the prescribed standards and requirements. Program regulations, 24 CFR 200.61(b), state "Title evidence for the Commissioner's examination shall include a lender's title insurance policy, which title policy provides survey coverage based on a survey acceptable to the title company and the Commissioner; or as the Commissioner may otherwise require, in accordance with terms, conditions and standards established by the Commissioner."

Agency Form Numbers: HUD 2457.

Member of Affected Public:

Approximately 750 respondents per year are estimated with an average of two submissions per project for 1500 annual submissions, each requiring 1/2 hour to complete and handle.

Status of The Proposed Information Collection: Reinstatement with change. The changes include: use of industry rather than HUN standards of performance in great part, identifying survey related program criteria in a single location to better inform industry participants, revision of the surveyor's certification requirements to recognize current professional liability underwriting practices and making the document more user friendly.

Authority: Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: September 16, 1997.

Nicolas P. Retsinas,

Assistant Secretary for Housing—Federal Housing Commissioner.

This Council provides advice and recommendations to BLM on land use planning and management of the public lands within Lander, Eureka, Elko and White Pine Counties in Nevada. Public nominations will be considered for 30 days after the publication date of this notice.

The Federal Land Policy and Management Act (FLPMA) directs the Secretary of the Interior to involve the public in planning and issues related to management of lands administered by BLM. Section 309 of FLPMA directs the Secretary to select 10 to 15 member citizen-based advisory councils that are established and authorized consistent with the requirements of the Federal Advisory Committee Act (FACA). As required by the FACA, Resource Advisory Council members appointed to the council must be balanced and representative of the various interests concerned with the management of the public lands. These include three categories:

Category One—holders of federal grazing permits, representatives of energy and mining development, timber industry, off-road vehicle use and developed recreation;

Category Three—representatives of State and Local government, Native American tribes, academicians involved in natural sciences, and the public-at-large.

The position for which nominations are sought represents wild horse interests in category two. Individuals may nominate themselves or others. Nominees must be residents of Nevada or that portion of California managed by Nevada Offices of the Bureau of Land Management. Nominees will be evaluated based on their education, training, and experience of the issues and knowledge of the geographical area
