Coast Guard

33 CFR Part 100

[CGD07-97-047]

RIN 2115-AE46

Special Local Regulations; City of Augusta, GA

AGENCY: Coast Guard, DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to establish temporary special local regulations for the Augusta Port Authority's Head of the South Rowing Regatta. The event will be held from 7:00 a.m. to 6:00 p.m. Eastern Standard Time (EST) on November 7 and 8, 1997, on the Savannah River at Augusta, GA. These regulations are necessary for the safety of life on the navigable waters during the event.

DATES: Comments must be received on or before October 27, 1997.

ADDRESSES: Comments may be mailed to Commander, U.S. Coast Guard Group Charleston, 196 Tradd Street, Charleston, SC 29401, or may be delivered to the Operations Office at the same address between 7:30 a.m. and 3:30 p.m. Monday through Friday, except federal holidays. The telephone number is (803) 724-7621.

The Group Commander maintains the public docket for this rulemaking. Comments will become part of this docket and will be available for inspection or copying at the above address.

FOR FURTHER INFORMATION CONTACT: LTJG M.J. DaPonte, Project Manager, Coast Guard Group Charleston at (803) 724-7621.

SUPPLEMENTARY INFORMATION:

Request for Comments

The Coast Guard encourages interested persons to participate in this rulemaking by submitting written data, views, or arguments. Persons submitting comments should include their name and address, identify this rulemaking (CGD7 97-047) and the specific section of this proposal to which each comment applies, and give a reason for each comment. Persons desiring acknowledgment of receipt of comments

should enclose a stamped, self-addressed postcard or envelope.

The Coast Guard will consider all comments received during the comment period. It may change this proposal in view of the comments.

The Coast Guard plans no public hearing. Persons may request a public hearing by writing to the Project Manager at the address under **ADDRESSES**. If it is determined that the opportunity for oral presentations will aid this rulemaking, the Coast Guard will hold a public hearing at the time and place announced by a later notice in the **Federal Register**.

Background and Purpose

The proposed regulations are needed to provide for the safety of life during the Head of the South Rowing Regatta. There will be up to 6000 participants racing singles, doubles, four and eight person rowing shells on a fixed course. These regulations are intended to promote the safe navigation on the Savannah River immediately before, during, and after the regatta by controlling the traffic entering, exiting, and traveling within the regatta area. The anticipated concentration of spectator vessels poses a safety concern which is addressed in this proposed special local regulation. The proposed regulation would not permit the entry or movement of spectator vessels and other non-participating vessel traffic between a line drawn directly across the Savannah River at mile markers 200.2 and 197.45 on Friday, November 7th and Saturday, November 8th, 1997, between the hours of 6:30 a.m. and 6:30 p.m. EST.

Regulatory Evaluation

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. It has been exempted from review by the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this proposal to be so minimal that a full Regulatory Evaluation under paragraph 10(e) of the regulatory policies and procedures of DOT is unnecessary. The regulated area encompasses less than 3 nautical miles on the Savannah River between mile markers 200.2 and 197.45, entry into which is prohibited for only twelve hours on each day of the event.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), the Coast Guard must consider whether this proposed rule, if adopted, will have a significant economic impact on a substantial number of small entities. "Small entities" include small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their field and governmental jurisdictions with populations of less than 50,000.

Therefore, the Coast Guard certifies under section 605(b) that this proposed rule, if adopted, will not have a significant effect upon a substantial number of small entities because it encompasses less than 3 nautical miles on the Savannah River between mile markers 200.2 and 197.45, entry into which is prohibited for only twelve hours on two days.

If, however, you think that your business or organization qualifies as a small entity and that this proposed rule will have a significant economic impact on your business or organization, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and in what way and to what degree this proposed rule will economically affect it.

Collection of Information

These regulations contain no collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Federalism

This action has been analyzed in accordance with the principals and criteria contained in Executive Order 12612 and it has been determined that this rulemaking does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Environmental Assessment

The Coast Guard has considered the environmental impact of this action, and has determined pursuant to Section 2.B.2.e(34)(h) of Commandant Instruction M16475.1B, that it is categorically excluded from further environmental documentation. A Categorical Exclusion Determination and Environmental Analysis Checklist will be prepared during the comment period and will be available for inspection and copying after the comment period for this proposed rulemaking has expired.
