

reimburse EPA's response costs in the amount of \$302,276.63 plus interest from October 6, 1994, through December 31, 1996. The federal agencies are required under the Agreement to reimburse EPA's response costs in the amount of \$2,022,928.23 plus interest from October 6, 1994, through December 31, 1996. Under the Agreement, EPA will be reimbursed for all of its past response costs at the Site. The Agreement provides to the Municipality of Anchorage and the federal agencies the contribution protection afforded by sections 113(f)(2) and 122(h)(4) of CERCLA, 42 U.S.C. 9613(f)(2) and 9622(h)(4). The Agreement contains a reopener section that permits the United States, in certain situations, to institute additional proceedings to require that these defendants perform further response actions or to reimburse the United States for additional costs of response.

EPA will receive written comments relating to this proposed Agreement for a period of thirty (30) days from the date of this publication.

The proposed Agreement may be obtained in person or by mail from EPA's Region 10 Office of Regional Counsel, ORC-158, 1200 Sixth Avenue, Seattle, Washington, 98101; the U. S. Department of Justice, Environmental & Natural Resources Division, 801 B Street, #504, Anchorage, Alaska, 99501-3657. The Administrative Record for the Spruce Street Site may be examined at EPA's Region 10, Hazardous Waste Division Records Center, 1200 Sixth Avenue, Washington, 98101, and at the Alaska Resources Library, U.S. Bureau of Land Management, 222 West Seventh, #36, Anchorage, Alaska.

Philip Millam,

Acting Regional Administrator.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

[OPPTS-44643; FRL-5747-3]

TSCA Chemical Testing; Receipt of Test Data

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's receipt of test data on Tertiary Amyl Methyl Ether (TAME) (CAS No. 994-05-8). These data were submitted pursuant to an enforceable testing consent agreement/order issued by EPA under section 4 of the Toxic Substances

Control Act (TSCA). Publication of this notice is in compliance with section 4(d) of TSCA.

FOR FURTHER INFORMATION CONTACT:

Susan B. Hazen, Director, Environmental Assistance Division (7408), Office of Pollution Prevention and Toxics, Environmental Protection Agency, Rm. E-543B, 401 M St., SW., Washington, DC 20460, (202) 554-1404, TDD (202) 554-0551; e-mail: TSCA-Hotline@epamail.epa.gov.

SUPPLEMENTARY INFORMATION: Under 40 CFR 790.60, all TSCA section 4 enforceable consent agreements/orders must contain a statement that results of testing conducted pursuant to testing enforceable consent agreements/orders will be announced to the public in accordance with procedures specified in section 4(d) of TSCA.

I. Test Data Submissions

Test data for tertiary amyl methyl ether were submitted by The American Petroleum Institute pursuant to a TSCA section 4 enforceable testing consent agreement/order at 40 CFR 799.5000 and were received by EPA on September 3, 1997. The submission includes four final reports entitled (1) "Tertiary Amyl Methyl Ether (TAME): Pilot Study (95063) for Metabolism, Distribution, and Pharmacokinetics in Male F-344 Rats After a Single Nose-Only Inhalation Exposure," (2) "Blood Pharmacokinetics of Tertiary Amyl Methyl Ether in Male and Female F-344 Rats and CD-1 Mice After Nose-Only Inhalation Exposure," (3) "Tertiary Amyl Methyl Ether (TAME): Metabolism and Distribution in Male and Female F-344 Rats and CD-1 Mice After Single or Repeated Inhalation or Gavage Exposures," and (4) "A 13-Week Inhalation Toxicity/Neurotoxicity Study of Tert-Amyl Methyl Ether (TAME) in the Rat and Mouse via Whole-Body Exposures with a 4-Week Recovery Period." This chemical is widely seen as a possible additive in gasoline. EPA has initiated its review and evaluation process for this data submission. At this time, the Agency is unable to provide any determination as to the completeness of the submission.

II. Public Record

EPA has established a public record for this TSCA section 4(d) receipt of data notice (docket number OPPTS-44643). This record includes copies of all studies reported in this notice. The record is available for inspection from 12 noon to 4 p.m., Monday through Friday, except legal holidays, in the TSCA Nonconfidential Information Center (also known as the TSCA Public Docket Office), Rm. B-607 Northeast

Mall, 401 M St., SW., Washington, DC 20460. Requests for documents should be sent in writing to: Environmental Protection Agency, TSCA Nonconfidential Information Center (7407), 401 M St., SW., Washington, DC 20460 or fax: (202) 260-5069 or e-mail: oppt.ncic@epamail.epa.gov.

Authority: 15 U.S.C. 2603.

List of Subjects

Environmental protection, Test data.
Dated: September 24, 1997.

Charles M. Auer,

Director, Chemical Control Division, Office of Pollution Prevention and Toxics.

BILLING CODE 6560-50-F

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) being Reviewed by the Federal Communications Commission

September 26, 1997.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility, the accuracy of the Commission's burden estimate, ways to enhance the quality, utility, and clarity of the information collected and ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before December 2, 1997. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should

advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Judy Boley, Federal Communications Commissions, Room 234, 1919 M St., NW., Washington, DC 20554 or via internet to jboley@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collections contact Judy Boley at 202-418-0214 or via internet at jboley@fcc.gov.

OMB Approval No.: 3060-0110.

Title: Application for Renewal of License for AM, FM, TV Translator or LPTV Station (FCC Form 303-S).

Form No.: FCC 303-S.

Type of Review: Revision.

Respondents: Business or other for-profit, not-for-profit institutions.

Number of Respondents: 5,492.

Estimated Hours Per Response: 2.67-11.25 hours (0.67-1.25 hours respondent; 0-10 hours for an attorney).

Frequency of Response: Upon license expiration.

Cost to Respondents: \$3,054,891.

Estimated Total Annual Burden: 9,190 hours.

Needs and Uses: FCC Form 303-S is used in applying for renewal of license for a commercial or noncommercial AM, FM to TV broadcast station and FM translator, TV translator, or Low Power TV broadcast stations. It can also be used in seeking the joint renewal of licenses for an FM of TV translator station and its co-owned primary FM, TV, or LPTV station.

This collection also includes the third party disclosure requirement of § 73.3580. This section requires local public notice of the filing of the renewal application. For AM, FM, TV stations, these announcements are made on-the-air. For FM/TV Translators and AM/FM/TV stations that are silent, the local public notice is accomplished through publication in a newspaper of general circulation in the community or area being served.

On September 1, 1997, the Commission's revised children's television programming reporting requirements adopted on 8/8/96 in MM Docket No. 93-48 (Policies and Rules Concerning Children's Television Programming) became effective. Each commercial television licensee is required to describe in its renewal application its efforts to provide children's educational and informational programming, including the newly defined core programming (§ 73.671(c)). The Commission has developed a supplement to the FCC Form 303-S to capture the required information. Until such time as the form

has been revised, commercial television broadcast licensees, whose license renewal applications are filed after September 1, 1997, must file this supplement with the FCC 303-S. This supplement will take approximately 4 hours 15 minutes to complete.

In 1996, the Commission adopted new guidelines and procedures for evaluating environmental effects of radio frequency emissions. All applications filed on or after October 15, 1997, must demonstrate compliance with the new requirements. The Commission eliminated the use of the health and safety guidelines issued by the American National Standards Institute regarding RF emissions. The Commission adopted the new RF exposure requirements set forth in 47 CFR 1.1307(b). There is no change in burden associated with this change.

The data is used by FCC staff to assure that the necessary reports connected with the renewal application have been filed and that licensee continues to meet basic statutory requirements to remain a licensee of a broadcast station. The local public notice informs the public that the station has filed for license renewal.

OMB Approval No.: 3060-0348.

Title: Section 76.79 Records available for public inspection.

Form No.: None.

Type of Review: Extension.

Respondents: Business or other for-profit.

Number of Respondents: 2,150.

Estimated Hours Per Response: 2 hours.

Frequency of Response:

Recordkeeping requirement.

Cost to Respondents: None.

Estimated Total Annual Burden: 4,300 hours.

Needs and Uses: Section 76.79 requires that every cable employment unit and multichannel video program distributor (MVPD) maintain, for public inspection, a file containing copies of all annual employment reports and related documents. The data is used by the general public to assess a cable unit's/MVPD's EEO program.

OMB Approval No.: 3060-0349.

Title: Section 76.73/76.75 - Cable TV EEO Policy and Programs.

Form No.: N/A.

Type of Review: Extension.

Respondents: Business or other for-profit.

Number of Respondents: 5,600.

Estimated Hours Per Response: 2,125 cable employment units/MVPD with 6 or more employees will have an average burden of 52 hours/year; 3,475 cable employment units/MVPD with fewer than 6 employees will have an average burden of 8 hours/year.

Frequency of Response:

Recordkeeping requirement.

Cost to Respondents: None.

Estimated Total Annual Burden: 138,300 hours.

Needs and Uses: Section 76.73 provides that equal opportunity in employment shall be afforded by all cable entities and multichannel video program distributors (MVPD) to all qualified persons and no person shall be discriminated against in employment by such entities because of race, color, religion, national origin, age or sex.

Sections 76.73/76.75 require that each cable employment unit/MVPD shall establish, maintain and carry out a program to assure equal opportunity in every aspect of a cable entity's policy and practice.

The data is used by cable entities/MVPD in the preparation of the Cable Television/MVPD Annual Employment Report (FCC Form 395-A/395-M). The data is also used by FCC staff, in field investigations involving equal employment opportunity. If this program was not maintained there could be no assurance that efforts are being made to afford equal opportunity in employment.

OMB Approval No.: 3060-0635.

Title: Amateur Vanity Call Sign Request.

Form No.: FCC 610V.

Type of Review: Revision of a currently approved collection.

Respondents: Individuals.

Number of Respondents: 80,000.

Estimated Hours Per Response: .33 (20 minutes).

Frequency of Response: On occasion.

Cost to Respondents: N/A.

Estimated Total Annual Burden: 26,400.

Needs and Uses: FCC Rules require that applicants file FCC Form 610V to apply for a vanity (special) call sign, in lieu of a systematically issued call sign. This form is required by Section 9(g) of the Communications Act.

Commission personnel use the data to determine eligibility for radio station authorization and to issue a radio station/operator license. Data is also used by Compliance personnel in conjunction with Field Engineers for enforcement and interference resolution purposes.

This form is being revised to eliminate the need for attaching a photocopy of the applicant's current operator/primary station license document and to add spaces for applicant to provide Taxpayer Identification Number and an Internet or E-mail address.

Federal Communications Commission.

William F. Caton,

Acting Secretary.

BILLING CODE 6712-01-F

FEDERAL COMMUNICATIONS COMMISSION

[CC Docket No. 92-237; DA 97-2074]

Renewal of North American Numbering Council Charter Through October 4, 1999; GSA Approval

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: On September 25, 1997, the Commission released a public notice announcing the General Services Administration (GSA) approval for the renewal of the North American Numbering Council (NANC) charter through October 4, 1999. The intended effect of this action is to make the public aware of the NANC's amended charter and its renewal.

FOR FURTHER INFORMATION CONTACT:

Marian Gordon, Designated Federal Official at (202) 418-2320 or via the Internet at mgordon@fcc.gov. The address is: Network Services Division, Common Carrier Bureau, Federal Communications Commission, 2000 M Street, NW, Suite 235, Washington, DC 20054. The fax number is: (202) 418-2345. The TTY number is: (202) 418-0484.

SUPPLEMENTARY INFORMATION: The North American Numbering Council (Council) charter has been renewed, through October 4, 1999, by the General Services Administration (GSA) to allow it to continue advising the Federal Communications Commission on evolving and competitively significant numbering issues facing the telecommunications industry. The Council's original charter was filed with Congress on October 5, 1995, and is scheduled to expire on October 4, 1997. See Attachments A and B for the NANC amended charter and current membership list.

Since its first meeting held on October 1, 1996, the Council has provided the Commission with critically important recommendations regarding numbering administration. On May 1, 1997, the Council issued recommendations regarding the implementation of telephone number portability. Specifically, the Council issued recommendations in the following areas: (1) What party or parties should be selected as Local Number Portability

Administrators (LNPA's); (2) whether one or multiple LNPA(s) should be selected; (3) how the LNPA(s) should be selected; (4) specific duties of the LNPA(s); (5) geographic coverage of the regional databases; (6) technical standards, including interoperability standards, network interfaces standards, and technical specifications for regional databases; (7) the sharing of numbering information between the North American Numbering Plan Administrator and the LNPA(s); and (8) the future role of the Council with respect to local number portability issues. On May 15, 1997, the Council issued recommendations regarding neutral entities to serve as North American Numbering Plan Administrator (NANPA) and NANPA Billing and Collection Agent, and recommended a mechanism for recovering the costs of numbering administration in the United States.

The continuation of the Council and its future recommendations to the Commission will facilitate establishment of a new foundation for numbering administration in North America that will ensure that numbering resources are provided to all telecommunications service providers on an equitable basis consistent with the requirements of the Telecommunications Act of 1996.

Federal Communications Commission.

Geraldine A. Matise,

Chief, Network Services Division, Common Carrier Bureau.

Attachment A

Amended Charter for the North American Numbering Council

A. The Committee's Official Designation

The official designation of the advisory committee will be the "North American Numbering Council" (NANC or Council).

B. The Committee's Objectives and Scope of Its Activity

The purpose of the Council is to advise the Federal Communications Commission and to make recommendations, reached through industry consensus, that foster efficient and impartial number administration. The Council will continue to develop recommendations on numbering policy issues, initially resolve disputes, provide oversight guidance to the North American Numbering Plan (NANP) Administrator and the Local Number Portability Administrator(s) (LNPA's) to ensure fair and equitable access to numbering resources, and facilitate number conservation including identification of technical solutions to

numbering exhaust. The Council will further provide recommendations to the Commission on toll free database administration.

In carrying out its responsibilities, the Council shall assure that NANP administration supports the following policy objectives: (1) That the NANP facilitates entry into the communications marketplace by making numbering resources available on an efficient, timely basis to communications service providers; (2) that the NANP does not unduly favor or disfavor any particular industry segment or group of consumers; (3) that the NANP does not unduly favor one technology over another; (4) that the NANP gives consumers easy access to the public switched telephone network; and (5) that the NANP ensures that the interests of all NANP member countries are addressed fairly and efficiently, fostering continued integration of the NANP across NANP member countries.

C. Period of Time Necessary for the Committee to Carry Out Its Purposes

The Commission will seek advice from the Council regarding whether the NANC, after two years, should again renew this charter to continue as a Federal Advisory Committee.

D. Agency or Official to Whom the Committee Reports

The Council will report to the Chief, Common Carrier Bureau, Federal Communications Commission.

E. Agency Responsible for Providing Necessary Support

The Federal Communications Commission will provide the necessary staff support for the Council. The Federal Communications Commission will provide facilities needed to conduct the meetings, if the Commission has meeting facilities available. Otherwise, private sector members will provide facilities. Private sector members of the Council will serve without any government compensation, and will not be entitled to travel expenses or per diem subsistence allowances.

F. Description of the Duties for Which the Committee is Responsible

The duties of the Council are to gather and discuss information necessary to develop recommendations to the FCC related to the attainment of the objectives listed under (B). The Council will also advise the Commission on the following, which are not exclusive to its portfolio of duties: a plan to transfer responsibility for administering central office codes to the NANP Administrator; a plan to promote conservation of
