**SUPPLEMENTARY INFORMATION:** The National Board of the Fund for the Improvement of Postsecondary Education is established under Section 1001 of the Higher Education Amendments of 1980, Title X (20 U.S.C. 1131a-1). The National Board of the Fund is authorized to recommend to the Director of the Fund and the Assistant Secretary for Postsecondary Education priorities for funding and approval or disapproval of grants of a given kind.

The meeting of the National Board is open to the public. The National Board will meet on Thursday, October 30, from 9:00 a.m. to 4:00 p.m. to provide an overview of the Fund's program status and special initiatives and orient new Board members.

The meeting site is accessible to individuals with disabilities. An individual with a disability who will need an auxiliary aid or service to participate in the meeting (e.g., interpreting service, assistive listening device or materials in an alternate format) should notify the contact person listed in this notice at least two weeks before the scheduled meeting date. Although the Department will attempt to meet a request received after that date, the requested auxiliary aid or service may not be available because of insufficient time to arrange it.

Records are kept of all Board proceedings, and are available for public inspection at the office of the Fund for the Improvement of Postsecondary Education, Room 3100, Regional Office Building #3, 7th & D Streets, SW., Washington, DC 20202 from the hours of 8:00 a.m. to 4:30 p.m.

Dated: October 10, 1997.

[Docket No. CP97-783-000]

### Federal Energy Regulatory Commission

#### ANR Pipeline Company; Notice of Application

October 9, 1997.

Take notice that on September 30, 1997, ANR Pipeline Company (ANR), 500 Renaissance Center, Detroit Michigan 48243, filed, in Docket No. CP97-783-000, an application pursuant to Section 7(c) of the Natural Gas Act and Part 157 of the Commission's Regulations for authorization to utilize temporary work spaces and for any other authorization deemed necessary associated with a pipeline replacement project in La Porte County, Indiana, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

ANR proposes to replace a 0.62 mile line segment of both its 22-inch O.D. main line and its 30-inch O.D. loop line beginning at Mile Post 891.69 to satisfy the safety requirements of Part 192 of the U.S. Department of Transportation's regulations. ANR states that in order to make the replacement it will have to utilize temporary work spaces which may not have been included in the scope of the original authorization to construct the facilities. Therefore, ANR requests the temporary use of work space and any other authorizations deemed necessary by the Commission in order to make the replacement. ANR states that the construction will be done within the existing right-of-way under the authority of section 2.55 of the Commission's regulations, which authorizes replacement within the existing right-of-way.

Any person desiring to be participate in the hearing process or to make any protest with reference to said

application should on or before October 30, 1997, file with the Federal Energy Regulatory Commission, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party, in any hearing therein must file a motion to intervene in accordance with the Commission's rules.

A person obtaining intervenor status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by every one of the intervenors. An intervenor can file for rehearing of any Commission order and can petition for court review of any such order.

However, an intervenor must submit copies of comments or any other filing it makes with the Commission to every other intervenor in the proceeding, as well as 14 copies with the Commission.

A person does not have to intervene, however, in order to have comments considered. A person, instead, may submit two copies of comments to the Secretary of the Commission. Commenters will be placed on the Commission's environmental mailing list, will receive copies of environmental documents and will be able to participate in meetings associated with the Commission's environmental review process. Commenters will not be required to serve copies of filed documents on all other parties. However, commenters will not receive copies of all documents filed by other parties or issued by the Commission and will not have the right to seek rehearing or appeal the Commission's final order to a federal court.

The Commission will consider all comments and concerns equally, whether filed by commenters or those requesting intervenor status.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Commission by sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the

time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for ANR to appear or to be represented at the hearing.

#### ANR Pipeline Company; Notice of Application

October 9, 1997.

Take notice that on October 1, 1997, ANR Pipeline Company (ANR), 500 Renaissance Center, Detroit, Michigan 48243, filed an application in Docket No. CP98-2-000 pursuant to section 7(c) of the Natural Gas Act, for authorization to utilize temporary work spaces and any other authorization deemed necessary associated with a pipeline replacement project in Kent County, Michigan, all as more fully set forth in the application on file with the Commission and open to public inspection.

ANR proposes to replace a 0.96 mile line segment of its mainline system because of increased population density in order to satisfy U.S. Department of Transportation safety regulations. ANR states that in order to make the replacement, it will have to utilize temporary work spaces which may not have been included in the scope of the original authorization to construct the facilities. ANR states that the construction will be done within the existing right-of-way under the authority of Section 2.55 of the Commission's Regulations, which authorizes replacement within the existing right-of-way.

Any person desiring to be heard or to make any protest with reference to said application should on or before October 30, 1997, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the

Commission's Rules of Practice and Procedure (18 CFR 385.214 and 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for ANR to appear or be represented at the hearing.

#### Columbia Gas Transmission Corporation; Notice of Request Under Blanket Authorization

October 9, 1997.

Take notice that on October 2, 1997, Columbia Gas Transmission Corporation (Columbia), 1700 MacCorkle Avenue, S.E., Charleston, West Virginia 25314-1599, filed in Docket No. CP98-3-000 a request pursuant to sections 157.205, and 157.211, of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.211) for authorization to construct and operate a new point of delivery to Bayer Corporation in Wetzel County, West Virginia, under Columbia's blanket certificate issued in Docket No. CP83-

76-000 pursuant to Section 7 of the Natural Gas Act, all as more fully set forth in the request that is on file with the Commission and open to public inspection.

Columbia states that the point of delivery has been requested by Bayer Corporation for industrial service. The estimated quantities of natural gas to be delivered will be up to 2,737,500 Dth/annually with a volume of 20,000 Dth/day. The estimated cost to construct is \$250,000.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.
