MidAmericna Energy Company (formerly Midwest Power Systems Inc.); Order Granting Intervention and Denying Rehearing

Issued October 22, 1997.

Before Commissioners: James J. Hoecker, Chairman; Vicky A. Bailey, and William L. Massey.

On June 13, 1997, Southern Company Services, Inc. (Southern)¹ filed a motion to intervene out of time and a request for rehearing of the Commission's order issued May 15, 1997. *MidAmerican Energy Company (formerly Midwest Power Systems, Inc.)*, 79 FERC ¶ 61,169 (1997) (May 15 order). For the reasons stated below, we will grant the motion

to intervene and deny the rehearing request.

Background

In the May 15 order, the Commission: (a) dismissed as moot a request by Midwest Power, a division of Midwest Power Systems Inc. (Midwest Power or Applicant),² for a declaratory order authorizing it to reduce its annual composite rate of depreciation for accounting purposes;³ and (b) clarified its order, issued April 19, 1994, in *Midwest Power Systems Inc.*, 67 FERC ¶ 61,076 (1994) (*Midwest Power*), which noted that section 302(a) of the FPA, 16 U.S.C. § 825a(a) (1994), requires that public utilities and licensees filed for Commission approval of proposed depreciation rate changes for accounting purposes. The Commission noted that, notwithstanding the clear language of section 302(a), there apparently was some confusion in the industry as to what should be done. Accordingly, the Commission did not require public utilities and licensees to file for formal approval of depreciation rate changes for accounting purposes where the depreciation rate changes were based on sound depreciation accounting practices and implemented prior to April 19, 1994. For changes in depreciation rates for accounting purposes implemented on or after April 19, 1994, and prior to the date of publication of the May 15 order in the **Federal Register**,⁴ the Commission accorded public utilities and licensees an amnesty period extending to and including December 31, 1997, to make filings to change their depreciation rates for accounting purposes.⁵

Southern's Rehearing Request

Southern has moved to intervene out of time in order to seek rehearing of the

² By order issued June 22, 1995, the Commission authorized the merger of Midwest Power and Iowa-Illinois Gas and Electric Company. MidAmerican Energy Company is the surviving corporation. See *Midwest Power Systems, Inc. and Iowa-Illinois Gas and Electric Company*, 71 FERC ¶ 61,386 (1995).

³ Midwest Power did not make this proposal in the context of a ratemaking proceeding under sections 205 or 206 of the Federal Power Act (FPA). 16 U.S.C. §§ 824d, e (1994). Accordingly, this order addresses only changes in depreciation rates for accounting purposes, and not recovery of depreciation-related expenses in, or changes in, electric rates and charges. Likewise, this order does not address requests to change depreciation rates that are made as part of proposals to change electric rates and charges under sections 205 or 206 of the FPA.

⁴ The order was published in the Federal Register on May 22, 1997.

⁵ The Commission also clarified that requests for depreciation rate changes for accounting purposes may be made under Rule 204 of the commission's Rules of Practice and Procedure, 18 CFR § 385.204 (1996), which does not require payment of a filing fee.
