BILLING CODE 3190-01-M

[Docket No. NAFTA/D-2]

NAFTA Dispute Settlement Proceeding Concerning Safeguard Measures on Broom Corn Brooms From Mexico

AGENCY: Office of the United States Trade Representative.

ACTION: Notice; invitation for submissions from the public.

SUMMARY: The Office of the United States Trade Representative (USTR) is providing notice that the Free Trade Commission of the North American Free Trade Agreement (NAFTA), at the request of the Government of Mexico, has established an arbitral panel to examine the consistency with U.S. obligations under the NAFTA of the emergency safeguard measures of the United States with respect to imports of broom corn brooms from Mexico. USTR invites written submissions from the public concerning the issues raised in the dispute.

DATES: Although USTR will accept submissions from the public at any time during the course of the dispute settlement proceeding, any submission should be made on or before March 7, 1997, to be assured of timely consideration by USTR in preparing its first written submission to the panel.

ADDRESSES: Submissions should be made to Sybia Harrison, Office of the General Counsel, Room 222, Attn: Broom Corn Brooms Dispute, Office of the U.S. Trade Representative, 600 17th Street, NW., Washington, DC 20508.

FOR FURTHER INFORMATION CONTACT: John M. Melle, Director, Mexican Affairs, (202) 395-3412.

SUPPLEMENTARY INFORMATION: At the request of the U.S. Cornbroom Task

Force, the U.S. International Trade Commission (ITC) began, on March 4, 1996, bilateral and global safeguard investigations regarding the importation of broom corn brooms. USITC Inv. Nos. TA-201-65 and NAFTA 302-1, USITC Pub. 2984 (August 1996). On July 2, 1996, the ITC made affirmative determinations in both cases, finding that broom corn brooms are being imported into the United States in such increased quantities as to be a substantial cause of serious injury to the domestic industry producing a like or directly competitive product. In reaching its determination, the ITC defined the domestic industry as consisting of facilities producing broom corn brooms, but not facilities producing plastic brooms. The ITC also found, pursuant to section 311(a) of the NAFTA Implementation Act (19 U.S.C. 3371(a)), that broom corn brooms produced in Mexico account for a substantial share of total imports and contribute importantly to the serious injury caused by imports.

On November 28, 1996, the President implemented relief action under section 203 of the Trade Act of 1974, as amended (19 U.S.C. 2253), and section 312(a) of the NAFTA Implementation Act (19 U.S.C. 3372(a)). This action included a temporary increase in duties over the next three years. Additional tariffs were imposed on brooms covered under subheading 9603.1050 of the Harmonized Tariff Schedule of the United States (HTS). For HTS subheading 9603.1060, tariffs are maintained at pre-safeguard levels until a specified quantity of imports is exceeded through the use of a tariff-rate quota (TRQ). Imports above TRQ levels are subject to additional duties. TRQs are allocated individually for each substantial supplier, with a residual allocation for all other suppliers. Developing countries which are not substantial suppliers are exempt from the safeguard.

The Government of Mexico has asked for the establishment of a panel under Chapter Twenty of the NAFTA to examine the consistency of the safeguard action—specifically, the ITC domestic industry determination—with the obligation of the United States under the NAFTA. Members of the panel are currently being selected, and the panel is expected to meet, as necessary, in Washington, D.C. to examine the dispute. The panel is expected to issue its final report detailing its findings and recommendations within 120 days after the last panelist is selected.

Requirements for Submissions From the Public

Interested persons are invited to submit written information or advice concerning the issues raised in the dispute. Submissions must be in English and provided in fifteen copies. A submitter requesting that information contained in the submission be treated as confidential business information must certify that such information is business confidential and would not customarily be released to the public by the submitter. Confidential business information must be clearly marked "BUSINESS CONFIDENTIAL" in a contrasting color ink at the top of each page of each copy.

A submitter requesting that information or advice contained in the submission, other than business confidential information, be treated as submitted in confidence in accordance with section 135(g)(2) of the Trade Act of 1974, as amended (19 U.S.C. 2155(g)(2))—

(1) Must so designate that information or advice;

(2) Must clearly mark the material as "SUBMITTED IN CONFIDENCE" in a contrasting color ink at the top of each page of each copy; and

(3) Is encouraged to provide a non-confidential summary or the information of advice.

USTR will maintain a public file on this dispute settlement proceeding, accessible to the public, in the USTR Reading Room: Room 101, Office of the United States Trade Representative, 600 17th Street, N.W., Washington, DC 20508. The public file will include non-confidential versions of submissions made to the dispute settlement panel and the final report of the dispute settlement panel. Under NAFTA Article 2017.4, the final report of the panel will be published 15 days after it is transmitted to the Free Trade Commission unless the Commission decides otherwise. A non-confidential version of the hearing transcript may be made available 15 days after the final report is published.

An appointment to review the public file (Docket NAFTA/D-2, "Mexico-Brooms") may be made by calling Brenda Webb, (202) 395-6186. The USTR Reading Room is open to the public from 9:30 a.m. to 12 noon and 1 p.m. to 4 p.m., Monday through Friday. A. Jane Bradley,

Assistant U.S. Trade Representative for Monitoring and Enforcement.
