*Description:* The Corporation for National and Community Service proposes to revise a form that is currently being used by former AmeriCorps members to make payments from their accounts in the National Service Trust Fund. The National and Community Service Trust Act of 1993 states that individuals who complete a term of community service in an approved national service position be given an "educational award". These awards represent amounts of money kept in the National Service Trust, which is an account in the U.S. Treasury. The education awards may be used by the individuals who earn them— AmeriCorps members—to pay costs of attending educational institutions and to repay student loans. The Act requires the Corporation for National Service to establish procedures that will allow AmeriCorps members to make payments to qualified institutions of higher education and to holders of their qualified student loans.

The form under consideration here, the Voucher and Payment Request Form (OMB No. 3045-0014), has been used since the summer of 1994 to meet the payment requirements of the Act. This form has three purposes. It is the vehicle by which an AmeriCorps member authorizes and requests that a payment be made from his or her account. It serves as the document by which the school or loan company indicates the amount for which the individual is eligible. And the school or loan company uses it to certify that the payment meets various legislative and regulatory requirements.

This application is to renew the form but in a somewhat revised format. The revisions are to (1) eliminate one unnecessary response contained on the

current form, (2) clarify instructions for completing the form, (3) simplify technical language on the original form, and (4) put onto one document space for signatures and the statements for which the signatories indicate affirmation. Regarding this last point, the current form refers those who complete the form to certain statements contained in a separate document. It is assumed that, by signing the form, the signatories are verifying agreement with those statements. On the proposed revised form, the statements and the signatures will be on one document. This will clearly bind the statements to the affirming signatures.

Dated: November 5, 1997.

POLICY JUSTIFICATIONUnited Arab Emirates - RIM-7M (F1 Build) SEASPARROW Missiles

The Government of the United Arab Emirates has requested the purchase of 72 RIM-7M (F1 Build) SEASPARROW missiles with one training missile, containers, spare and repair parts, supply support, training, shipboard equipment, support and test equipment, publications, U.S. Government and contractor technical assistance and other related elements of logistics support. The estimated cost is \$27 million.

This sale is consistent with the stated U.S. policy of assisting friendly nations to provide for their own defense by allowing the transfer of reasonable amounts of defense articles and services. The platform for these surfaced-launched, anti-aircraft missiles will be the two Kortenaer class frigates being obtained by the UAE from the Netherlands.

The United Arab Emirates will have no difficulty absorbing these missiles into its inventory for use in the defense of its coastline and surrounding islands.

The sale of this equipment and support will not affect the basic military balance in the region.

The prime contractor will be Raytheon Company, Lowell, Massachusetts and Hughes Missile System Company, Tucson, Arizona. There are no offset agreements proposed to be entered into in connection with this potential sale.

Implementation of this sale may require the assignment of three to five contractor representatives to support this program for two years.

There will be no adverse impact on U.S. defense readiness as a result of this sale.
