[Docket No. OA97-618-000]

**Ohio Valley Electric Corporation  
Indiana-Kentucky Electric Corporation;  
Notice of Revision of Tariff**

November 6, 1997.

Take notice that on July 9, 1997, Ohio Valley Electric Corporation and its wholly-owned subsidiary, Indiana-Kentucky Electric Corporation (together, the "OVEC System") tendered for filed an amended version of their Open Access Transmission Tariff (the "compliance Tariff").

As required by the Commission's Order No. 888-A, the Compliance Tariff incorporates changes to the OVEC System's Open Access Transmission Tariff filed with the Commission on July 9, 1996. The requested effective date of the Compliance Tariff is September 7, 1997, sixty (60) days after the date of the OVEC System's filing.

Copies of the filing were served upon the OVEC System's jurisdictional

customers and upon each state public service commission with retail rate jurisdiction over such customers.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 18 CFR 385.214). All such motions or protests should be filed on or before November 18, 1997. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this application are on file with the Commission and are available for public inspection.

**Pacific Gas and Electric Company, San Diego Gas & Electric Company, and Southern California Edison Company; Notice of Filings**

November 6, 1997.

Take notice that on October 31, 1997, the California Power Exchange Corporation (PX), tendered for filing a *pro forma* agreement and PX protocols that it had committed to file with the Commission by November 1, 1997. In addition, the PX submitted proposed amendments to the PX Tariff. The PX states that certain of these protocols and proposed tariff changes are submitted for informational purposes.

Any person desiring to be heard or to protest said filings should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 or 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). All such motions or protests should be filed on or before November 21, 1997. Filings must include a one page executive summary.

Protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants

parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

**Pacific Gas and Electric Company, San Diego Gas & Electric Company, and Southern California Edison Company, et al.; Notice of Filings**

November 6, 1997.

Take notice that on October 31, 1997, Pacific Gas and Electric Company (PG&E), San Diego Gas and Electric Company (SDG&E), and Southern California Edison Company (Edison), (collectively "the Companies"), and the California Independent System Operator Corporation (ISO), tendered for filing several filings related to the *pro forma* reliability Must-Run Agreements contained in Exhibit G of the ISO Operating Agreement and Tariff.

*Docket Nos. EC96-19-007 and ER96-1663-008*

In Docket No. EC96-19-007 and ER96-1663-008, the ISO filed amendments to the *pro forma* reliability Must-Run Agreements contained in Exhibit G of the ISO Operating Agreement and Tariff. The ISO requests that these amendments be considered with the reliability Must-Run Agreement rate filings of the Companies, filed on October 31, 1997.

*Docket No. ER98-495-000*

In Docket No. ER98-495-000, PG&E tendered for filing a proposed Must-Run Agreement and Cost support for rates included in schedules to the Agreement. PG&E requests that this filing be made effective by January 1, 1998, to enable the ISO to provide transmission service using the dispatch of reliability must-run generating units covered by this Agreement when needed.

PG&E states that this filing is a further part of the comprehensive restructuring proposal for the California electric power industry whose implementation relies on several rate schedules filed and to be filed with the Commission. According to PG&E, the Agreement authorizes the ISO to dispatch, for

energy or specified ancillary services, certain steam thermal, geothermal and hydroelectric generating facilities owned and operated by PG&E, when needed to assure reliable service. PG&E states that this dispatch will normally be necessary when a local transmission constraint limits the ability of the ISO to transmit enough energy or ancillary services available from successful bids into the California Power Exchange (PX) to serve load in certain areas with transmission constraints.

**Docket No. ER98-496-000**

In Docket No. ER98-496-000, SDG&E tendered for filing the terms and conditions, including rates and performance criteria of SDG&E's proposed Master Must Run Agreement to be entered into with the ISO. SDG&E requests that the filing be made effective subject to refund within 60 days of this filing but no later than January 1, 1998.

SDG&E states that the proposed filing is intended to implement a portion of the comprehensive restructuring of the California electric industry proposed in Docket Nos. EC96-19-000 and ER96-1663-000. SDG&E further states that the proposed filing would establish the rates, terms, and conditions under which it will provide energy and ancillary services to the ISO as necessary to ensure reliability of the ISO controlled grid.

**Docket No. ER98-441-000**

In Docket No. ER98-441-000, Edison filed six Must-Run Agreements, applicable to Edison's six must-run facilities. Edison requests that the proposed filing be made effective on the date that the PX commences operations.

Any person desiring to be heard or to protest said filings should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 or 214 of the Commission's Rules of Practice and Procedure (18 CFR §§ 385.211, 385.214). All such motions or protests should be filed on or before November 21, 1997. Filings must include a one page executive summary.

Protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.

### FEDERAL ENERGY REGULATORY COMMISSION

[Project No. 2042-008]

#### Public Utility District No. 1 of Pend Oreille County, Washington; Notice Of Application For Approval of Contracts For The Sale Of Power for A Period Extending Beyond The Term of The License

November 6, 1997.

On October 3, 1997, pursuant to Section 22 of the Federal Power Act, 16 U.S.C. § 815, Public Utility District No.

1 of Pend Oreille County, Washington (Pend Oreille), filed an application requesting Commission approval of a contract for the sale of power from the Box Canyon Project No. 2042 for a period extending approximately three and one-half years beyond the January 30, 2002 expiration date of the license. The project is located on the Pend Oreille River in Pend Oreille County, Washington.

Section 22 provides that contracts for the sale and delivery of power for periods extending beyond the termination date of a license may be entered into upon the joint approval of the Commission and the appropriate state public service commission or other similar authority in the state in which the sale or delivery of power is made. Pend Oreille states in its application that Commission approval of the power sales contract is in the public interest because the contract permitted Pend Oreille to finance the construction of the project when it did not have the necessary credit rating to do so independently.

Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure, 18 CFR 385.210, 385.211 and 385.214. In determining the appropriate action to take, the Commission will consider all protests and other comments, but only those who file a motion to intervene may become a party to the proceeding. Comments, protests, or motions to intervene must be filed by [the 30th day following publication of this notice in the **Federal Register**]; must bear in all capital letters the title "COMMENTS," "PROTEST," or "MOTION TO INTERVENE," as applicable, and "Project No. 2042." Send the filings (original and 14 copies) to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, N.E. Washington, D.C. 20426. A copy of any filing must also be served upon each representative of the licensee specified in its application.
