

(Adoption and Foster Care Analysis and Reporting System (AFCARS) required by section 479(b)(2) of the Social Security Act, or CAPTA reporting requirements) about the extent of the problems facing these children or the effectiveness of various methodologies designed to provide assistance to this population, without access to timely and accurate information. Forty-six States and the District of Columbia have developed or have committed to develop a SACWIS system with enhanced (75 percent) Federal financial

participation (FFP). The purpose of these reviews is to ensure that all aspects of the project, as described in the approved Advance Planning Document (APD), have been adequately completed, and conform with applicable regulations and policies.

States will submit the completed SACWIS Assessment Review Questionnaire and other documentation. The additional documents should all be readily available to the State as a result of good project management.

The information collected in the Assessment Review Guide will allow State and Federal officials to determine if the State's SACWIS system meets the requirements for enhanced title IV-E Federal financial participation defined at 45 CFR 1355.50. Additionally, other States will be able to use the documentation provided as part of this review process, in their own system development efforts.

Respondents: State, Local or Tribal Govt.

Annual Burden Estimates:

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Review	10	1	60	600

Estimated Total Annual Burden Hours: 600.

Additional Information: Copies of the proposed collection may be obtained by writing to The Administration for Children and Families, Office of Information Services, Division of Information Resource Management Services, 370 L'Enfant Promenade, SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer.

OMB Comment: OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication. Written comments and recommendations for the proposed information collection should be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, 725 17th Street, NW., Washington, DC 20503, Attn: Ms. Wendy Taylor.

Dated: December 17, 1997.

Bob Sargis,

Acting Reports Clearance Officer.

BILLING CODE 4184-01-M

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Services Administration

Advisory Council; Notice of Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), announcement is made of the following National

Advisory bodies scheduled to meet during the month of February, 1998.

Name: Advisory Commission on Childhood Vaccines (ACCV).

Date and Time: February 12, 1998; 9:00 a.m.-5:00 p.m.; February 13, 1998; 8:30 a.m.-4:00 p.m.

Place: The Westin City Center, 1400 M Street, N.W., Washington, D.C. 20005, (202) 429-1700.

The meeting is open to the public.

The Committee provides advice and recommendations to the Secretary of HHS on the following: Department programs which are directed at reducing infant mortality and improving the health status of pregnant women and infants; factors affecting the continuum of care with respect to maternal and child health care, including outcomes following childbirth; factors determining the length of hospital stay following childbirth; strategies to coordinate the variety of Federal, State, and local and private programs and efforts that are designed to deal with the health and social problems impacting on infant mortality; and the implementation of the Healthy Start initiative and infant mortality objectives from *Healthy People 2000: National Health Promotion and Disease Prevention Objectives*.

Agenda: Topics that will be discussed include: updates on the Children's Health Initiative and the Children's Health Insurance Program; Discrepancies in Infant Mortality; the Healthy Start Program; Early Postpartum Discharge; Unintended Pregnancies; and Breastfeeding Issues.

Contact: Anyone requiring information regarding the Committee should contact Dr. Peter C. van Dyck, Executive Secretary, Advisory Committee on Infant Mortality, Health Resources and Services Administration, Room 18-31, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857, Telephone (301) 443-2204.

Persons interested in attending any portion of the meeting or having questions regarding the meeting should contact Ms. Kerry P. Nessler, Health Resources and Services Administration, Maternal and Child Health Bureau, Telephone (301) 443-2204.

Agenda items are subject to change as priorities indicate.

Dated: December 16, 1997.

Jane M. Harrison,

Committee Management Officer, HRSA.

BILLING CODE 4160-15-P

DEPARTMENT OF THE INTERIOR

Geological Survey

Federal Geographic Data Committee (FGDC); Public Review of Data Content Standard for Facility Location and Identification

ACTION: Notice; Request for comments.

SUMMARY: The FGDC is conducting a public review of the Data Content Standard for Facility Location and Identification. The purpose of this public review is to provide data users and producers with an opportunity to comment on this standard in order to ensure that it meets their needs. Specifically, the FGDC requests responses in three areas: (1) identify any "ad hoc" or "defacto" standards being used that address data content for facility location and identification; (2) identify additional data requirements or concepts not contained in this standard that are necessary to meet a user's requirements; (3) identify any issues that a user may have in implementing the standard in the users information systems.

Participants in the public review are encouraged to provide comments that address specific issues/changes/additions that may result in revisions to the draft facility location and identification standard. All participants who make comments during the public

review period will receive an acknowledgment of the receipt of their comment. After comments have been considered, participants will receive notification of how their comments were addressed. After the formal adoption of the standard by the FGDC, the revised standard and a summary analysis of the changes will be made available.

DATES: Comments must be received on or before April 10, 1998.

CONTACT AND ADDRESSES: The complete proposal is included in this notice. It is also posted at Internet address: http://www.fgdc.gov/Standards/Documents/Standards/Facility_ID/.

Requests for written copies of the standard should be addressed to "Data Content Standard for Facility Location and Identification", FGDC Secretariat (attn: Jennifer Fox), U.S. Geological Survey, 590 National Center, 12201 Sunrise Valley Drive, Reston, Virginia, 20192; or telephone 703-648-5514; facsimile 703-648-5755; or Internet at gdc@usgs.gov.

Reviewer's comments may be sent to the FGDC via Internet mail to: gdc-fid@www.fgdc.gov.

Reviewer comments may also be sent to the FGDC Secretariat at the above address. Please send one hardcopy version of the comments and a soft copy version, preferably on a 3.5x3.5 diskette in WordPerfect 5.0 or 6.0/6.1 format.

For answers to general questions related to this standard, please contact the Federal Geographic Data Committee (FGDC) Facilities Working Group, U.S. Army Corps of Engineers, General Engineering Branch, 20 Massachusetts Avenue, NW, Washington, DC 20314-1000; voice telephone numbers: Kevin Backe (703) 428-6505, Nancy Blyler (202) 761-8893; facsimile telephone number: (703) 428-6991.

For answer to questions related to the content of this standard, please contact Bruce Bargmeyer, Facility Identification Working Group Chairman, U.S. Environmental Protection Agency (EPA), Office of Information Resources Management (OIRM), Enterprise Information Management Division (EIMD), 401 M Street, S.W., Washington, DC 20460; voice telephone numbers: Bruce Bargmeyer (202) 260-5306, Dave Catlin (202) 260-3069; facsimile telephone number: (202) 401-8390.

SUPPLEMENTARY INFORMATION: Following is the complete proposal for the "Data Content Standard for Facility Location and Identification"

Project Title

Development of a Federal Geographic Data Committee (FGDC) Facility ID Data Standard

Submitting Organization

Facilities Working Group (FWG)

Objective

To develop a Facility Identification data standard that supports identification of place-based objects that are generally known as facilities.

Scope

This geospatial standard will consist of a set of standardized data elements which identify and locate place-based facilities. This includes a core set of identifying information such as a standard identifier, latitude longitude, name, and facility type.

The effort will develop a set of "type" categories to classify the type of facility identified and to assist in linking related place-based facility objects such as parts of a facility (e.g., smokestack) to a whole facility. Part of the effort will be to establish what is included within "facility" types and to establish how extensions can be made. The work on a facility typing scheme will consider relationships to typing schemes developed in related standards.

Justification/Benefits

Currently, many organizations maintain facility data utilizing a wide variety of identifiers. The lack of a standard data elements for facility identification and the lack of a core set of locational and identifying information makes sharing data very cumbersome (expensive) and imposes a large reporting burden on regulated/managed facilities.

There is considerable interest, among organizations that share information about facilities, in developing a data standard that supports sharing, reporting, managing, linking and using data about facilities. Development of this standard through the FGDC will ensure broad participation including national, state, and local government and private industry. Several organizations, inside and outside the federal government have indicated an interest in this standard, including EPA, DOD, USACE, FEMA, GSA, Applied Geographics, ASCE, and the New York City Transit Authority.

The Facility Identification Standard will benefit Federal, state and local governments, and companies that use or report facilities information. This Facility Identification Standard may also be used to support the FGDC's integrated standard database project.

This standard will provide new data sharing opportunities for the National Spatial Data Infrastructure.

Approach

The FWG will establish a Facility Identification project team to develop a draft of this Standard. Relevant standards such as ISO/IEC 11179 will serve as input to this work. The FWG or participating agencies may establish and test this data standard based on existing systems and proof of concept efforts. The FWG will package the standard data element definitions as an FGDC standard. The standard may be established to operate in a centralized (automated registration authority), a decentralized or a hybrid fashion.

Related Standards

Related standards, such as ISO/IEC 11179 and the FGDC Utility (and potentially Hazardous Waste) standards, will be identified and reviewed. Many organizations have developed systems that record facility identifiers. There will serve as input to this effort. It is intended for this standard to be compatible with the use of existing facility identifiers. This work is also related to the FGDC framework concept.

Schedule

The FWG will form a Facility Identification project team and begin work on the development of this standard as soon as this project is approved by the FGDC Standards Working Group (SWG). The development of a working draft Facility Identification Standard is expected to take 3-6 months. A proof of concept demonstration may also be conducted in a period of nine months. Once the FWG is satisfied with the content of this Standard it will be forwarded to the SWG for consideration to go out for public review. The FWG expects to accomplish the development of this standard in 18 months.

Resources

The FWG has resources to work on the content development of this Facility Identification Standard. We expect to pursue acquisition of additional resources from the FGDC for coordination of this effort.

Potential Participants

The primary participants will be the members of the FWG which includes representatives from federal agencies, municipalities, private industry, and professional associations.

Target Authorization Body

The FWG proposes pursuing the development of this Facility Identification Standard as an FGDC standard. The FWG may consider pursuing (at a later date) the development of the Integrated Standard as an ANSI (American National Standards Institute) Standard within an ANSI's technical committee. FGDC would serve as the Target Authorization Body until this Facility Identification Standard becomes an ANSI Standard.

Dated: December 15, 1997.

John Fischer,

Acting Chief, National Mapping Division, U.S. Geological Survey.

BILLING CODE 4310-31-M

Supervisors Chambers, Lake County Courthouse, 255 North Forbes, Lakeport, CA

All meetings will be from 7 to 10 p.m. Written comments can be sent to: Bureau of Land Management, Clear Lake Field Office, 2550 North State St., Ukiah CA 95482, Attention: Rich Burns, Field Manager.

Comments will be accepted until January 30, 1998.

FOR FURTHER INFORMATION CONTACT: Jim Cooper, Outdoor Recreation Planner at the Clear Lake Field Office, or telephone (707) 468-4000.

Philip L. Damon,

Acting Field Manager.

[FR Doc. 97-33341 Filed 12-19-97; 8:45 am]

BILLING CODE 4310-40-P

shelter of natural or synthetic material, or parking a motor vehicle, motor home, or trailer for overnight occupancy.

b. *Occupation* means the taking or holding possession of a camp or residence on public land.

c. *Public land* means any land or interest in land owned by the United States and administered by the BLM.

d. *Authorized Officer* means any employee of the BLM who has been delegated the authority to perform under Title 43 Code of Federal Regulations.

e. *Developed Site* means sites that contain structures or capital improvements primarily used by the public for recreation purposes.

EFFECTIVE DATE: This restriction order will go into effect January 1, 1998, and shall remain in effect unless revised, revoked or amended.

FOR FURTHER INFORMATION CONTACT: District Law Enforcement Ranger, Burns District, Bureau of Land Management, HC 74-12533 Hwy 20 West, Hines, Oregon 97738, Telephone (541) 573-4400.

SUPPLEMENTARY INFORMATION: This restriction order is necessary to:

a. Preclude any individual or group from camping for an excessively long period, thereby denying others recreation opportunities;

b. Prevent or reduce the incidence of unauthorized, long-term occupancy of areas from occurring under the guise of recreational use;

c. Prevent unacceptable sanitary and solid waste disposal conditions;

d. Preserve and protect the natural, cultural, and scenic values of areas that are typically being used for camping purposes; and

e. Provide consistency to visitors moving from one BLM district to another.

Authority for this restriction order is contained in 43 CFR 8364.1. Violations of this restriction order may be punishable as listed in 43 CFR 8360.0-7.

Dated: December 12, 1997.

Michael T. Green,

District Manager.

**Notice of Public Scoping Meetings
South Cow Mountain Recreation Area**

AGENCY: Bureau of Land Management, Interior.

ACTIONS: Notice of intent and scoping period.

SUMMARY: The South Cow Mountain Recreation Area is currently managed under the Management Framework Plan of 1971 (MFP) and the ORV plan of 1982. Due to changing public values and the acquisition of additional parcels, it is necessary to amend the MFP. No major shift in management strategy is anticipated. The aim of the plan amendment is to refine the existing successful policies and address social, economic and environmental issues resulting from the success of the present management strategy. The objectives are to better serve the recreating public in an environmentally sound, socially acceptable manner. A series of scoping meetings will be held to accept public comment on issues that should be addressed in this plan amendment. Written comments will also be accepted.

Oregon: Camping Stay Limits

AGENCY: Bureau of Land Management (BLM), DOI.

ACTION: Establish an overnight camping restriction order for areas on BLM land within the BLM, Burns District, Hines, OR.

SUMMARY: Person(s) may camp within designated campgrounds, developed recreation sites or on public land not closed or otherwise restricted to camping within the Burns District for a period of not more than 14 days within any period of 28 consecutive days. The 14-day limit may be reached either through a number of separate visits or through a period of continuous occupation on public land. After the 14th day of camping, person(s) must move outside of a 25-mile radius of the previous location. When the camping limit has been reached, use of a site shall not occur again until at least 14 days have elapsed from the last day of use.

Under special circumstances and upon written request, the authorized officer may give written permission for extensions to the 14-day camping limit. Persons exempt from this restriction order include agency and emergency personnel in the performance of official duties.

Definitions

As used in this restriction order, the term:

a. *Camping* is defined as preparing a sleeping bag or other bedding material for use, or the erecting of a tent or
