

public health or safety, nor State or local governments. This policy will not interfere with an action taken or planned by another agency nor raise new legal or policy issues. Finally, this action will not alter the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients of such programs. Accordingly, this policy is not subject to OMB review Executive Order 12866.

Moreover, this policy has been considered in light of the Regulatory Flexibility Act (5 U.S.C. 601, *et seq.*), and it is hereby certified that this action will not have a significant economic impact on a substantial number of small entities as defined by that act. The decision to retain a stumpage rate adjustment procedure and to equalize the risks in declining or increasing markets treats small and large purchasers equally.

Pursuant to Title II of the Unfunded Mandates Reform Act of 1995, which the President signed into law on March 22, 1995, the Department has assessed the effects of this policy on State, local, and tribal governments and the private sector. This action does not compel the expenditure of \$100 million or more by any State, local, or tribal governments or anyone in the private sector. Therefore, a statement under section 202 of the Act is not required.

#### Environmental Impact

This action falls within a category of actions excluded from documentation in an Environmental Impact Statement or an Environmental Assessment. Section 31.1b of Forest Service Handbook 1909.15 (57 FR 43180; September 18, 1992) excludes from documentation in an environmental assessment or impact statement "rules, regulations, or policies to establish Service-wide administrative procedures, program processes, or instructions." The agency's assessment is that this policy falls within this category of actions and that no extraordinary circumstances exist which would require preparation of an environmental assessment or environmental impact statement.

#### Controlling Paperwork Burdens on the Public

The policy does not require any recordkeeping or reporting requirements or other information collection requirements as defined in 5 CFR part 1320 not already approved for use and, therefore, imposes no additional paperwork burden on the public. Accordingly, the review provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501, *et seq.*) and

implementing regulations at 5 CFR part 1320 do not apply.

Dated: November 24, 1997.

### Natural Resources Conservation Service

#### Notice of availability of Record of Decision for Waimea-Paauilo Watershed, Hawaii County, Hawaii

**AGENCY:** USDA Natural Resources Conservation Service.

**ACTION:** Notice of availability of record of decision.

**SUMMARY:** Kenneth M. Kaneshiro, Responsible Federal Official for projects administered under the provisions of Public Law 83-566 in the State of Hawaii, is hereby providing notification that a record of decision to proceed with the installation of the Waimea-Paauilo Watershed project, signed December 16, 1997, is available.

The record of decision documents the intent to implement Alternative 5—Kauahi Reservoir Plan as set forth in the final Watershed Plan-Environmental Impact Statement (FEIS) for the Waimea-Paauilo Watershed, Hawaii County, Hawaii. The project will address the problems of inadequate and inconsistent irrigation water supply that prevent area farmers from full utilization of cropland and cause crop damage and losses during drought. The project will also address inconsistent supply and distribution of livestock drinking water to Waimea area ranches. The Selected Plan proposes the following improvements to the Waimea Irrigation System installation of a 131-million gallon reservoir, reservoir supply pipeline, extension of the irrigation water distribution system pipeline, and installation of a livestock drinking water system. The economic benefits derived by implementation of the irrigation water supply components will exceed economic costs. The social and cultural benefits of the livestock drinking water system, which will primarily serve native Hawaiian ranchers, has been judged by the funding source, the Department of Hawaiian Home Lands, to justify its construction. The project meets the needs of the sponsoring local organizations.

The record of decision documents that the Waimea-Paauilo Watershed

project uses all practicable means, consistent with other essential considerations of national policy, to meet the goals established in the National Environmental Policy Act. The FEIS has been prepared, reviewed, and accepted in accordance with the National Environmental Policy Act.

**ADDRESSES:** Single copies of this record of decision may be obtained from Kenneth M. Kaneshiro, State Conservationist, Natural Resources Conservation Service, 300 Ala Moana Blvd., Room 4316, P.O. Box 50004, Honolulu, Hawaii 96850.

**FOR FURTHER INFORMATION CONTACT:** Michael Kolman, Assistant State Conservationist, Natural Resources Conservation Service, 300 Ala Moana Blvd., Room 4316, P.O. Box 50004, Honolulu, Hawaii 96850, telephone (808) 541-2602.

(This activity is listed in the Catalog of Federal Domestic Assistance under No. 10.904, Watershed Protection and Flood Prevention, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials.)

### Submission For OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* Bureau of the Census.

*Title:* Report of Privately Owned Building or Zoning Permits Issued  
*Form Number(s):* C-404, C-404(I), C-404(B).

*Agency Approval Number:* 0607-0094.

*Type of Request:* Revision of a currently approved collection.

*Burden:* 30,716 hour.

*Number of Respondents:* 18,900.

*Avg Hours Per Response:* 25 minutes.

*Needs and Uses:* The Census Bureau conducts the Report of Privately Owned Building or Zoning Permits Issued to collect data to provide estimates of the number and valuation of new residential housing units authorized by building permits. We use the data, a component of the index of leading economic indicators, to estimate the number of housing units started, completed, and sold, if single-family,

and to select samples for the Census Bureau's demographic surveys. Policymakers, planners, businessmen/women, and others use the detailed geographic data collected from state and local officials on new residential construction authorized by building permits to monitor growth and plan for local services, and to develop production and marketing plans. This survey is the only source of statistics on residential construction for states and smaller geographic areas.

The most significant revision we are making in this submission is that we plan to no longer collect any data on publicly-owned construction projects because we no longer need these data. Additionally, some other items have been either combined or dropped because of changing data needs.

We are seeking an agreement with outside sources to provide funding for the collection of much of the private construction projects data we now collect (all projects except new residential housekeeping buildings which we will continue to collect, regardless). We plan to discontinue collecting these data if no reimbursement agreement is made, as we can no longer fund their collection. This would reduce considerably the scope of the information collection. This request provides for the contingent collection of these data.

*Affected Public:* State, local, or tribal government.

*Frequency:* Monthly and annually.

*Respondent's Obligation:* Voluntary.

*Legal Authority:* Title 13 USC, Sections 8(b), 9(b), 161, and 182; and Title 15 USC, Section 1525.

*OMB Desk Officer:* Nancy Kirkendall, (202) 395-7313.

Copies of the above information collection proposal can be obtained by calling or writing Linda Engelmeier, DOC Forms Clearance Officer, (202) 482-3272, Department of Commerce, room 5327, 14th and Constitution Avenue, NW, Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Nancy Kirkendall, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: December 23, 1997.

### Submission For OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

*Agency:* Bureau of the Census.

*Title:* Survey of Building and Zoning Permit Systems.

*Form Number(s):* C-411.

*Agency Approval Number:* 0607-0350.

*Type of Request:* Reinstatement, with change, of an expired collection.

*Burden:* 500 hours.

*Number of Respondents:* 2,000.

*Avg Hours Per Response:* 15 minutes.

*Needs and Uses:* The Census Bureau conducts the Survey of Building and Zoning Permit Systems to gather data from State and local building permit officials on the existence of new permit issuing systems or changes to existing systems. The survey is sent to building permit officials when we have reason to believe that a new permit-issuing system has been established or changes have been made to an existing system. The questionnaire asks for such items as geographic coverage and types of construction for which permits are issued. We use data gathered in this survey to update the universe of building permit-issuing places, the sampling frame for the Building Permits Survey (BPS) and the Survey of Construction (SOC). These two sample surveys provide widely used measures of construction activity, including the economic indicators *Housing Units Authorized by Building Permits* and *Housing Starts*.

In this submission we are dropping two questions and adding two others because of changing data needs. There will be no net change in respondents' time burden in completing the form. Additionally, we are seeking an agreement with outside sources to provide funding for the collection of much of the information we now collect about types of construction for which permits are issued (all construction except new residential housekeeping buildings which we will continue to collect, regardless). We plan to discontinue collecting these data if no reimbursement agreement is made, as we can no longer fund their collection. This would reduce considerably the scope of the information collection. This request provides for the contingent collection of these data.

*Affected Public:* State, local, or tribal government.

*Frequency:* On occasion.

*Respondent's Obligation:* Voluntary.

*Legal Authority:* Title 13 USC, Sections 8(b), 9(b), 161, and 182; and Title 15 USC, Section 1525.

*OMB Desk Officer:* Nancy Kirkendall, (202) 395-7313.

Copies of the above information collection proposal can be obtained by calling or writing Linda Engelmeier, DOC Forms Clearance Officer, (202) 482-3272, Department of Commerce, room 5327, 14th and Constitution Avenue, NW, Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Nancy Kirkendall, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: December 23, 1997.

### Color Television Receivers From the Republic of Korea; Notice of Termination of Anticircumvention Inquiry

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of termination of anticircumvention inquiry.

**EFFECTIVE DATE:** December 31, 1997.

**FOR FURTHER INFORMATION CONTACT:** Jim Terpstra or Holly Kuga, Office of AD/CVD Enforcement, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone (202) 482-3965, and 4737 respectively.

### Termination of Inquiry

On August 11, 1995, the International Brotherhood of Electrical Workers, the International Union of Electronic, Electrical, Salaried, Machine & Furniture Workers, and the Industrial Union Department (collectively the petitioners), filed an application requesting that the Department conduct an anti-circumvention inquiry of the antidumping duty order on color television receivers from the Republic of
