Suspension Agreements

None.

In accordance with § 351.213 of the regulations, an interested party as defined by section 771(9) of the Act may request in writing that the Secretary conduct an administrative review. In recent revisions to its regulations, the Department has changed its requirements for requesting reviews for countervailing duty orders. Pursuant to 771(9) of the Act, an interested party must specify the individual producers or exporters covered by the order or suspension agreement for which they are requesting a review (Department of Commerce Regulations, 62 FR 27295, 27424 (May 19, 1997)). Therefore, for both antidumping and countervailing duty reviews, the interested party must specify for which individual producers or exporters covered by an antidumping finding or an antidumping or countervailing duty order it is requesting a review, and the requesting party must state why it desires the Secretary to review those particular producers or exporters. If the interested party intends for the Secretary to review sales of merchandise by an exporter (or a producer if that producer also exports merchandise from other suppliers) which were produced in more than one country of origin and each country of origin is subject to a separate order, then the interested party must state

specifically, on an order-by-order basis, which exporter(s) the request is intended to cover.

Seven copies of the request should be submitted to the Assistant Secretary for Import Administration, International Trade Administration, Room 1870, U.S. Department of Commerce, 14th Street & Constitution Avenue, N.W., Washington, D.C. 20230. The Department also asks parties to serve a copy of their requests to the Office of Antidumping/Countervailing Enforcement, Attention: Sheila Forbes, in room 3065 of the main Commerce Building. Further, in accordance with § 351.303(f)(1)(i) of the regulations, a copy of each request must be served on every party on the Department's service list.

The Department will publish in the **Federal Register** a notice of "Initiation of Administrative Review of Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation" for requests received by the last day of March 1998. If the Department does not receive, by the last day of March 1998, a request for review of entries covered by an order, finding, or suspended investigation listed in this notice and for the period identified above, the Department will instruct the Customs Service to assess antidumping or countervailing duties on those entries at a rate equal to the cash deposit of (or

bond for) estimated antidumping or countervailing duties required on those entries at the time of entry, or withdrawal from warehouse, for consumption and to continue to collect the cash deposit previously ordered.

This notice is not required by statute but is published as a service to the international trading community.

Dated: March 5, 1998.

Richard W. Moreland,
Deputy Assistant Secretary, Import
Administration.

Applications for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and

be filed within 20 days with the Statutory Import Programs Staff, U.S. Department of Commerce, Washington, D.C. 20230. Applications may be examined between 8:30 A.M. and 5:00 P.M. in Room 4211, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C.

Docket Number: 98-005. **Applicant:** University of California, Davis, 1 Shields Avenue, Davis, CA 95616. **Instrument:** Electron Microscope, Model LEEM III. **Manufacturer:** Elmitec Elektronenmikroskopie GmbH, Germany. **Intended Use:** The instrument will be used for investigations of the following materials and phenomena: (1) Dynamics of surface structural changes, including nucleation and growth of metal, semiconductor, and oxide overlayers and critical phenomena in surface and island diffusion, (2) structural effects on adsorbates, including segregation, diffusion, and reactivity, and (3) synthesis and characterization of nano-scale materials, including quantum dots, thin-film fullerene polymers, and nanoclusters. **Application accepted by Commissioner of Customs:** February 4, 1998.

Docket Number: 98-006. **Applicant:** Centers for Disease Control & Prevention, National Institute for Occupational Safety and Health, 1095 Willowdale Road, MS 3014, Morgantown, WV 26505-2888. **Instrument:** Stereological Microscope System, Model BX50. **Manufacturer:** Olympus Denmark, Denmark. **Intended Use:** The instrument will be used for studies of the neural cell number, cell size and cell density contained in microscopic sections of brain tissue prepared from experimental animals used in occupational safety and health research. The objective of these investigations will be to obtain a greater understanding of how brain cells are affected by exposure to chemicals in the workplace environment. In addition, the instrument will be used for training postdoctoral fellows and staff in biomedical research. **Application accepted by Commissioner of Customs:** February 4, 1998.

Docket Number: 98-007. **Applicant:** University of Minnesota, Neurosurgery Department, Lions Research Building, 2001 Sixth Street, S.E., #421, Minneapolis, MN 55455. **Instrument:** 7-Channel Multi-electrode Manipulator, System Echorn 7. **Manufacturer:** Thomas Recording, Germany. **Intended Use:** The instrument will be used to investigate how the brain processes visual information to move our limbs. **Application accepted by Commissioner of Customs:** February 4, 1998.

Docket Number: 98-008. **Applicant:** University of California, San Diego, 9500 Gilman Drive, La Jolla, CA 92093-0359. **Instrument:** Imaging Plate X-ray Detector for Protein Crystallography. **Manufacturer:** MAR Research, Germany. **Intended Use:** The instrument will be used in a high speed data collection system for protein crystallography using both copper Ka x-ray and molybdenum Ka x-ray to collect data to find the three-dimensional structure of proteins or enzymes using x-ray diffraction methods at very high resolution. In addition, the instrument will be used on a one-to-one basis in the training of graduate students. **Application accepted by Commissioner of Customs:** February 6, 1998.

Docket Number: 98-009. **Applicant:** National Institute of Standards and Technology, U.S. Department of Commerce, Rt. 270 and Quince Orchard Road, Gaithersburg, MD 20899. **Instrument:** Neutron Velocity Selector. **Manufacturer:** Mirrotron, Ltd., Hungary. **Intended Use:** The instrument will be used to monochromate low energy neutrons so that they can be used to probe the microscopic structure of a broad range of advanced materials such as tough plastics, high strength metal alloys, structural ceramics, magnetic recording media, colloidal solutions, liquid crystals, micro-porous materials, etc. **Application accepted by Commissioner of Customs:** February 9, 1998.

Frank W. Creel,

Director, Statutory Import Programs Staff.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Northeast Region Dealer Purchase Reports; Proposed Collection; Comment Request

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: Written comments must be submitted on or before May 11, 1998.

ADDRESSES: Direct all written comments to Linda Engelmeier, Departmental

Forms Clearance Officer, Department of Commerce, Room 5327, 14th and Constitution Avenue, NW, Washington DC 20230.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Kelley McGrath, One Blackburn Drive, Gloucester, MA 01940, (978) 281-9307.

SUPPLEMENTARY INFORMATION:

I. Abstract

Dealer reporting is needed to obtain fishery-dependent data on the landings and purchases of fish and shellfish to monitor, evaluate and enforce fishery regulations, collect basic fisheries statistics (species, pounds, and value), and to collect certain effort information for economic and biological assessment of the stocks.

II. Method of Collection

Dealer purchase forms are provided to respondents. Weekly reports for some species will be made via telephone with an Interactive Voice Response (IVR) system

III. Data

OMB Number: 0648-0229

Form Number: 88-30, 88-142

Type of Review: Regular Submission

Affected Public: Business or other for profit organizations

Estimated Number of Respondents: 1,245

Estimated Time Per Response: 2 minutes for dealer purchase reports (88-30), 30 minutes for shellfish processor reports (88-142), and 4 minutes for IVR reporting. These estimates do not include the time for entries that respondents would make to their own business records as part of their normal business practices.

Estimated Total Annual Burden Hours: 3,391.

Estimated Total Annual Cost to Public: \$0 (no capital expenditures are required).

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the
