

equal transaction value as defined in applicable U.S. Customs Service regulations.

On July 31, 1997, the ALJ also issued Order No. 96 in the investigation finding that respondents and certain of their counsel have engaged in discovery abuses and abuse of process justifying the imposition of evidentiary and monetary sanctions. Pursuant to rule 210.25(d) of the Commission's Rules of Practice and Procedure, 19 C.F.R. § 210.25(d), the Commission on October 2, 1997, specified the schedule for the filing of petitions appealing Order No. 96 and responses thereto. On August 13, 1997, August 14, 1997, October 2, 1997, and November 6, 1997, respondents filed petitions appealing Order No. 96. Quickturn filed a reply to respondents' petitions on November 14, 1997. The Commission investigative attorneys filed a reply to respondents' petitions on November 17, 1997.

Having examined the record in this investigation, including Order No. 96, the petitions appealing Order No. 96, and the responses thereto, the Commission determined to deny the appeals and to adopt Order No. 96 with the exception of those portions of Order No. 96 granting Motion Docket No. 383-116 and Motion Docket No. 383-124, both of which the Commission did not adopt. The Commission also determined to deny respondents' request for a hearing and their motion for leave to file a reply to Quickturn's and the Commission investigative attorneys' responses to respondents' petitions. In connection with the final disposition of this matter, the Commission has ordered the presiding administrative law judge to issue an initial determination within six months ruling on the precise dollar amount of sanctions to be awarded pursuant to Order No. 96.

A Commission opinion in support of its determination will be issued shortly.

This action is taken under the authority of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) and sections 210.4, 210.25, 210.27, and 210.33 of the Commission's Rules of Practice and Procedure (19 CFR 210.4, 210.25, 210.27, and 210.33).

Copies of the public versions of the Final ID, Order No. 96, and all other nonconfidential documents filed in connection with this investigation are or will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street, SW, Washington, D.C. 20436, telephone 202-205-2000. Hearing-impaired persons are advised that information can be obtained by contacting the Commission's TDD

terminal on 202-205-1810. General information concerning the Commission may also be obtained by accessing its Internet server (<http://www.usitc.gov>).

Issued: March 6, 1998.

By order of the Commission.

**Donna R. Koehnke,**

*Secretary.*

## DEPARTMENT OF JUSTICE

### President's Advisory Board on Race; Notice of Meetings

**SUMMARY:** The President's Advisory Board on Race will meet on March 23 and 24, 1998, at Turnhalle, Tivoli Student Union, on the Auraria Campus, 900 Auraria Parkway, Denver, Colorado. On March 23, from 7:00 p.m. until 9:00 p.m., the Advisory Board will host a small-group citizen dialogue on race and stereotypes that is open to the public. The meeting will include an opportunity beginning at approximately 8:30 p.m. for members of the community to contribute to the conversation.

On March 24, the Advisory Board will meet from 9:00 a.m. to 12:00 p.m. and from 2:00 p.m. until 3:00 p.m. The morning session will include a panel discussion addressing the causes and effects of racial stereotyping, the link between stereotypes and prejudice/racism, and strategies for combating stereotypes and their effects. In the afternoon, the Advisory Board will continue the discussion, adjourning at approximately 3:00 p.m.

The public is welcome to attend the meetings on a first-come, first-seated basis. Interested persons are encouraged to attend. Members of the public may also submit to the contact person, any time before or after the meeting, written statements to the Board. Written comments may be submitted by mail, telegram, facsimile, or electronic mail, and should contain the writer's name, address and commercial, government, or organizational affiliation, if any. The address of the President's Initiative on Race is 750 17th Street, N.W., Washington, D.C. 20503. The electronic mail address is <http://www.whitehouse.gov/Initiatives/OneAmerica>.

**FOR FURTHER INFORMATION:** Contact our main office number, (202) 395-1010, for the exact time and location of the meetings. Other comments or questions regarding this meeting may be directed to Randy D. Ayers, (202) 395-1010, or via facsimile, (202) 395-1020.

Dated: March 9, 1998.

**Randy D. Ayers,**

*Executive Officer.*

BILLING CODE 4410-AR-M

## NUCLEAR REGULATORY COMMISSION

[Docket No.: 040-08980]

### Heritage Minerals, Incorporated License Renewal and Opportunity for Hearing

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Notice of intent to approve renewal request for the Heritage Minerals, Inc. (HMI), facility located in Manchester Township, New Jersey, and opportunity for hearing.

The U.S. Nuclear Regulatory Commission (NRC) is considering approval of the renewal request for Source Material License No. SMB-1541, issued to Heritage Minerals, Inc. (HMI), to authorize decontamination and decommissioning activities of those areas of the licensee's Manchester Township, New Jersey site which require remediation prior to release for unrestricted use. The proposed licensing action also will authorize temporary storage of licensed material prior to disposition and be issued for a period of five years.

HMI is authorized by the NRC to perform within specific areas of its Manchester Township facility decontamination activities of licensed radioactive materials, and to possess, package, store, and transfer to authorized recipients monazite sands containing natural thorium. Residual radioactive contamination may also be present in some interior areas of the mill facilities on the site. There are no processing activities authorized by the license or by the proposed license renewal. The renewal is to promote timely decommissioning and remediation of the licensed material and associated monazite stockpile by HMI. Due to the lack of progress regarding disposition of the monazite pile from past operations, the NRC added this site to its Site Decommissioning Management Plan (SDMP) in 1990. The NRC established and implemented the SDMP to identify and resolve issues associated with the timely and effective cleanup of the sites on the list.

HMI ceased active operations in 1990 and maintained an active license until it expired on December 31, 1995. The licensee submitted a timely renewal

request to the NRC on November 9, 1995 for an additional license term, followed by submittal of a proposed decommissioning plan and schedule on December 30, 1996, and a Final Status Survey on November 3, 1997. The NRC requires the licensee to remediate those portions of the HMI facility licensed by NRC to meet the NRC guidance criteria for release of facilities for unrestricted use, and to maintain effluents and doses within NRC requirements and as low as reasonably achievable during remediation activities.

The decommissioning plan schedule describes time estimates to complete various elements of the decommissioning process. Included in the schedule are arrangements to obtain governmental approval to export materials, obtain agreements with freight handlers and transporters, complete facility decontamination, and conduct a final NRC survey followed by license termination. The licensee also intends to remediate interior areas of the site in accordance with the NRC guidance criteria. No demolition of site structures was requested, however, the licensee may determine future use of the buildings and equipment after license termination. Open land areas within the site where enhanced natural radioactivity has been detected will not be addressed by this action. NRC final radiation surveys and inspection will not be performed and license termination will not be approved until HMI's decontamination and remediation activities are completed.

Prior to approving the renewal request, NRC will have made findings required by the Atomic Energy Act of 1954, as amended, and NRC's regulations. These findings will be documented in a Safety Evaluation Report.

The NRC hereby provides notice that this is a proceeding on an application for renewal of a license falling within the scope of Subpart L, "Informal Hearing Procedures for Adjudications in Materials and Operator Licensing Proceedings," of NRC's rules and practice for domestic licensing proceedings in 10 CFR part 2. Pursuant to § 2.1205(a), any person whose interest may be affected by this proceeding may file a request for a hearing in accordance with § 2.1205(c). A request for a hearing must be filed within thirty (30) days of the date of publication of this **Federal Register** Notice.

The request for a hearing must be filed with the Office of the Secretary either:

1. By delivery to the Docketing and Service Branch of the Secretary at One

White Flint North, 11555 Rockville Pike, Rockville, MD 20852-2738; or

2. By mail or telegram addressed to the Secretary, U.S. Nuclear Regulatory Commission, Washington, DC 20555. Attention: Docketing and Service Branch.

In addition to meeting other applicable requirements of 10 CFR part 2 of the NRC's regulations, a request for a hearing filed by a person other than an applicant must describe in detail:

1. The interest of the requestor in the proceeding;
2. How that interest may be affected by the results of the proceeding, including the reasons why the requestor should be permitted a hearing, with particular reference to the factors set out in § 2.1205(g);
3. The requestor's areas of concern about the licensing activity that is the subject matter of the proceeding; and
4. The circumstances establishing that the request for a hearing is timely in accordance with § 2.1205(c).

In accordance with 10 CFR 2.1205(e), each request for a hearing must also be served, by delivering it personally or by mail, to:

1. The applicant, Heritage Minerals, Inc., Attention: Anthony J. Thompson, Esquire, Shaw, Pittman, Potts & Trowbridge, 2300 N Street NW, Washington, DC 20037-1128; and
2. The NRC staff, by delivery to the Executive Director for Operations, One White Flint North, 11555 Rockville Pike, Rockville, MD 20852-2738 or by mail, addressed to the Executive Director for Operations, U.S. Nuclear Regulatory Commission, Washington, DC 20555.

For further details with respect to this action, the application for amendment request is available for inspection at the NRC's Public Document Room, 2120 L Street NW., Washington, DC 20555 or at NRC's Region I offices located at 475 Allendale Road, King of Prussia, PA 19406. Persons desiring to review documents at the Region I Office should call Ms. Sheryl Villar at (610) 337-5239 several days in advance to assure that the documents will be readily available for review.

Dated at King of Prussia, Pennsylvania this 27th day of February 1998.

For the Nuclear Regulatory Commission.

**A. Randolph Blough,**  
Director, Division of Nuclear Materials Safety,  
Region I.

## NUCLEAR REGULATORY COMMISSION

[Docket No. 72-9]

### Public Service Company of Colorado Notice of Docketing of the Materials License SNM-2504 Amendment Application for the Fort St. Vrain Independent Spent Fuel Storage Installation

By letter dated November 25, 1997, the Public Service Company of Colorado (PSCo) submitted an application to the Nuclear Regulatory Commission (the Commission) in accordance with 10 CFR part 72 requesting the amendment of the Fort St. Vrain (FSV) independent spent fuel storage installation (ISFSI) license (SNM-2504) and the Technical Specifications for the FSV ISFSI located in Weld County, Colorado. PSCo is seeking Commission approval to amend the materials license and the FSV ISFSI Technical Specifications to reflect the recent termination of the FSV 10 CFR part 50 possession only license (DPR-34) by deleting references to programs and provisions that no longer apply and replacing them with references to stand-alone ISFSI programs.

This application was docketed under 10 CFR part 72; the PSCo FSV ISFSI Docket No. is 72-9 and will remain the same for this action. The amendment of an ISFSI license is subject to the Commission's approval.

The Commission will determine if the amendment presents a genuine issue as to whether public health and safety will be significantly affected and may issue either a notice of hearing or a notice of proposed action and opportunity for hearing in accordance with 10 CFR 72.46(b)(1) or take immediate action on the amendment in accordance with 10 CFR 72.46(b)(2).

For further details with respect to this application, see the application dated November 25, 1997, which is available for public inspection at the Commission's Public Document Room, 2120 L Street, NW, Washington, DC 20555.

Dated at Rockville, Maryland, this 3rd day of March 1998.

For the U.S. Nuclear Regulatory Commission.

**Charles J. Haughney,**  
Acting Director, Spent Fuel Project Office,  
Office of Nuclear Material Safety and  
Safeguards.
