k. *Description of Proceeding:* The Commission has initiated a proceeding to determine if reserved authority under article 11 of the project license should be used to require modifications to the project. On September 25, 1995, the New Hampshire Department of Justice filed New Hampshire Fish and Game Department's (FGD) petition to revise the license for the Cocheco Falls Project with respect to upstream and downstream fish passage. In the petition, the FGD requested that a proceeding be initiated to require the licensee to modify the upstream and downstream fish passage facilities and trash boom and to extend the schedule of operation of the passage facilities. On August 30, 1996, Commission staff forwarded its preliminary analysis to the licensee, the New Hampshire Department of Justice and the FGD. Comments were received from each entity and the U.S. Fish and Wildlife Service.

Commission staff concluded in the preliminary analysis that modifications to the fish passage facilities and their operating schedules are warranted, along with a plan to correct trash boom problems.

Copies of the New Hampshire Department of Justice petition and Commission staff's preliminary analysis may be obtained from the Commission's public file in this proceeding.

ENVIRONMENTAL PROTECTION AGENCY

[FRL-5977-2]

Proposed Settlement Agreement, Clean Air Citizen Suit

AGENCY: Environmental Protection Agency.

ACTION: Notice of proposed settlement; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended ("Act" or "CAA"), 42 U.S.C. 7413(g), notice is hereby given of a proposed partial consent decree, which was lodged with the United States District Court for the District of Columbia by the United States District Court of Columbia by the United States Environmental Protection Agency ("EPA") on February 27, 1998, to address a lawsuit filed by the Sierra Club. This lawsuit, which was filed pursuant to section 304(a) of the Act, 42 U.S.C. 7604(a), addresses EPA's

alleged failure to meet a mandatory deadline under section 202(i)(2)(B) of the Act, 42 U.S.C. 7521(i)(2)(B), which concerns a study and report to Congress regarding whether EPA should require further reductions in emissions from light-duty vehicles and light-duty trucks. The proposed partial consent decree provides, in part, that "[n]o later than July 15, 1998, the Administrator shall sign a letter transmitting a report to Congress containing the results of the study described by CAA section 202(i)(1) and (2), 42 U.S.C. 7521(i)(1) and (2). Within five business days thereafter, EPA shall deliver to Congress such letter and report."

For a period of thirty (30) days following the date of publication of this notice, the Agency will receive written comments relating to the proposed consent decree from persons who were not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed partial consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determine, following the comment period, that consent is inappropriate, the final partial consent decree will establish a deadline for specific actions under section 202(i)(2)(B) of the Act.

A copy of the proposed partial consent decree was lodged with the Clerk of the United States District Court for the District of Columbia for February 27, 1998. Copies are also available from Phyllis J. Cochran, Air and Radiation Division (2344), Office of General Counsel, U.S. Environmental Protection Agency, 401 M Street, SW., Washington, DC 20460, (202) 260-7606. Written comments should be sent to Michael J. Horowitz at the address above and must be submitted on or before April 13, 1998.

Dated: March 6, 1998.
