3. The action will result in authorizing small entities to furnish the service to the Government.

There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the service proposed for addition to the Procurement List. **EFFECTIVE DATE:** March 20, 1998.

#### SUPPLEMENTARY INFORMATION:

#### Applicable Statute and Regulations

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all references to the Department's regulations are to 19 CFR Part 353 (April 1, 1997).

### Scope of the Order

The products covered by this administrative review constitute one class or kind of merchandise: certain cut-to-length carbon steel plate. These products include hot-rolled carbon steel universal mill plates (i.e., flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 millimeters but not exceeding 1,250 millimeters and of a thickness of not less than 4 millimeters, not in coils and without patterns in relief), of rectangular shape, neither clad, plated nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances; and certain hot-rolled carbon steel flat-rolled products in straight lengths, of rectangular shape, hot rolled, neither clad, plated, nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances, 4.75 millimeters or more in thickness and of a width which exceeds 150 millimeters and measures at least twice the thickness, as currently classifiable in the Harmonized Tariff Schedule (HTS) under item numbers 7208.40.3030, 7208.40.3060, 7208.51.0030, 7208.51.0045, 7208.51.0060, 7208.52.0000, 7208.53.0000, 7208.90.0000, 7210.70.3000, 7210.90.9000, 7211.13.0000, 7211.14.0030, 7211.14.0045, 7211.90.0000, 7212.40.1000, 7212.40.5000, and 7212.50.0000. Included are flat-rolled products of nonrectangular cross-section where such cross-section is achieved subsequent to the rolling process (i.e., products which have been worked after rolling) for example, products which have been beveled or rounded at the edges. Excluded is grade X-70 plate. These HTS item numbers are provided for convenience and Customs purposes. The written description remains dispositive.

### Ministerial Error in Final Results of Review

In the course of reviewing the content of the final results of review of the antidumping duty order on certain cut-to-length carbon steel plate from Belgium for the period August 1, 1995 through July 31, 1996, the Department realized that it had inadvertently published the incorrect "all others" rate. Therefore, we are correcting the "all others" cash deposit rate to be 6.84 percent, the rate established in the less-than-fair-value (LTFV) investigation (see Antidumping Duty Order and Amendment to Final Determination of Sales at Less Than Fair Value: Certain

Cut-to-Length Carbon Steel Plate from Belgium, 58 FR 44164 (August 19, 1993)). This correction of the "all others" rate does not change Fabrique de Fer de Charleroi's margin of 13.75 percent, published in the final results of the 1995-96 administrative review on January 20, 1998.

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. Individual differences between export price and normal value may vary from the percentage stated above. The Department will issue appraisement instructions directly to the Customs Service.

Furthermore, the following deposit requirements will be effective for all shipments of certain cut-to-length carbon steel plate from Belgium within the scope of the order entered, or withdrawn from warehouse, for consumption on or after the publication date of these amended final results, as provided by section 751(a)(1) of the Tariff Act: (1) The cash deposit rate for the reviewed company will be the rate listed above; (2) for previously reviewed or investigated companies not listed above, the rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) for all other producers and/or exporters of this merchandise, the cash deposit rate of 6.84 percent, the "all others" rate, established in the LTFV investigation, shall remain in effect.

We will calculate importer-specific duty assessment rates on an ad valorem basis against the entered value of each entry of subject merchandise during the period of review (POR).

### Notification of Interested Parties

This notice serves as a final reminder to importers of their responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information

disclosed under APO in accordance with 19 CFR 353.34(d). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested.

This administrative review and notice are in accordance with Section 751(a)(1) of the Tariff Act 19 U.S.C. 1675(a)(1)).

Dated: March 10, 1998.
