BILLING CODE 6718-04-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Final rule.

SUMMARY: Base (1% annual chance) flood elevations and modified base flood elevations are made final for the communities listed below. The base flood elevations and modified base flood elevations are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

EFFECTIVE DATE: The date of issuance of the Flood Insurance Rate Map (FIRM) showing base flood elevations and modified base flood elevations for each community. This date may be obtained by contacting the office where the FIRM is available for inspection as indicated in the table below.

ADDRESSES: The final base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Matthew B. Miller, P.E., Chief, Hazards Study Branch, Mitigation Directorate, 500 C Street SW., Washington, DC 20472, (202) 646-3461.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency makes final determinations listed below of base flood elevations and modified

base flood elevations for each community listed. The proposed base flood elevations and proposed modified base flood elevations were published in newspapers of local circulation and an opportunity for the community or individuals to appeal the proposed determinations to or through the community was provided for a period of ninety (90) days. The proposed base flood elevations and proposed modified base flood elevations were also published in the **Federal Register**.

This final rule is issued in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR Part 67.

FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR Part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM available at the address cited below for each community.

The base flood elevations and modified base flood elevations are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Associate Director for Mitigation certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because final or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This final rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of

September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 67 is amended to read as follows:

PART 67—[AMENDED]

1. The authority citation for Part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.11 [Amended]

2. The tables published under the authority of § 67.11 are amended as follows:

Source of flooding and location	#Depth in feet above ground. *Elevation in feet (NGVD).
Arkansas	
Adona (City), Perry County (FEMA Docket No. 7184)	
<i>Howell Creek:</i>	
At confluence with Rocky Cypress Creek	* 363
Approximately 400 feet upstream of Locust Road	* 411
<i>Rocky Cypress Creek:</i>	
Approximately 6,950 feet downstream of Railroad Street	* 339
Approximately 1,500 feet upstream of Railroad Street ..	* 366
Maps are available for inspection at the City of Adona City Hall, Highway 10 West, Adona, Arkansas.	

Source of flooding and location	#Depth in feet above ground. *Elevation in feet (NGVD).	Source of flooding and location	#Depth in feet above ground. *Elevation in feet (NGVD).	Source of flooding and location	#Depth in feet above ground. *Elevation in feet (NGVD).

programming distributors. 47 CFR 76.613, 76.802 and 76.804 contained new and modified information collection requirements and became effective on March 13, 1998.

Compliance with 47 CFR 76.5, 76.620, 76.800, 76.805 and 76.806 also is required as of March 13, 1998.

DATES: The amendments to 47 CFR 76.613, 76.802 and 76.804, published at 62 FR 61016, became effective on March 13, 1998. Compliance with 47 CFR 76.5, 76.620, 76.800, 76.805 and 76.806, published at 62 FR 61016, is required as of March 13, 1998.

FOR FURTHER INFORMATION CONTACT: JoAnn Lucanik or Lynn Crakes, Cable Services Bureau, (202) 418-7200.

SUPPLEMENTARY INFORMATION:

1. On October 9, 1997, the Commission adopted an order amending its rules regarding the disposition of cable home wiring and home run wiring of multichannel video programming distributors, signal leakage and interference from a multichannel video programming distributor, access to molding and customer pre-termination access to cable home wiring. See 62 FR 61016, November 14, 1997. Because amended §§76.613, 76.802 and 76.804 of the Commission's rules imposed new or modified information collection requirements, they could not become effective until approved by the Office of Management and Budget ("OMB"). In addition, compliance with the amendments to 47 CFR 76.5, 76.620, 76.800, 76.805, and 76.806, was not required until OMB approval of the information collection requirements in 47 CFR 76.613, 76.802 and 76.804. OMB approved the rule changes on March 13, 1998.

2. The order stated that the rules as amended would become effective upon approval by OMB, and that the Commission would publish a document announcing the effective date of the rules. The amendments to 47 CFR 76.613, 76.802 and 76.804 became effective on March 13, 1998. Compliance with 47 CFR 76.5, 76.620, 76.800, 76.805 and 76.806 is also required as of March 13, 1998.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 76

[CS Docket No. 95-184; MM Docket No. 92-260; FCC 97-376]

Cable Television Consumer Protection and Competition Act of 1992

AGENCY: Federal Communications Commission.

ACTION: Final rule; announcement of effective date.

SUMMARY: The Commission amended its rules regarding cable home wiring and home run wiring for multichannel video
