Agency Information Collection Activities; Submissions for OMB Review

This notice lists information collection packages that have been sent to the Office of Management and Budget (OMB) for clearance, in compliance with Pub. L. 104-13 effective October 1, 1995, The Paperwork Reduction Act of 1995.

1. Government Pension Questionnaire—0960-0160. The Social Security Act and Regulations provide that an individual receiving spouse's benefits and concurrently receiving a Government pension, based on the individual's own earnings, may have the Social Security benefit amount reduced by two-thirds of the pension amount. The data collected on Form SSA-3885 is used by the Social Security Administration (SSA) to determine if the individual's Social Security benefit will be reduced, the amount of reduction, the effective date of the reduction and if one of the exceptions in 20 CFR 404.408a applies. The respondents are individuals who are receiving (or will receive) Social Security spouse's benefits and also receive their own Government pension.

Number of Respondents: 76,000.
Frequency of Response: 1.
Average Burden Per Response: 12.5 minutes.
Estimated Annual Burden: 15,833 hours.

2. Telephone Replacement Card Interview Script—0960-0570. SSA will conduct a pilot study by telephone to obtain information from individuals who need a duplicate Social Security Number (SSN) card. The information collected will be used to properly identify an individual prior to releasing

a replacement SSN card, thus eliminating the need for the respondent to take or mail his/her identity documents to a Social Security office. The information provided, which should be known by the true Social Security number holder, will be compared to information available in our current electronic systems. The respondents are U.S. Citizens applying for a replacement SSN card.

Number of Respondents: 100,000.
Frequency of Response: 1.
Average Burden Per Response: 4 minutes.

Estimated Average Burden: 6,667 hours.

3. Reconsideration Report for Disability Cessation—0960-0350. Form SSA-782-BK will be used by claimants and SSA field offices to document new developments on the claimant's condition (as perceived by the claimant), since the prior continuing disability interview was conducted. The form will also be used by the SSA interviewer to provide his/her observations of the claimant. The respondents are claimants for Old-Age, Survivors and Disability Insurance and Supplemental Security Income, who file a Request for Reconsideration—Disability Cessation.

Number of Respondents: 100,000.
Frequency of Response: 1.
Average Burden Per Response: 30 minutes.
Estimated Average Burden: 50,000 hours.

Written comments and recommendations regarding the information collection(s) should be directed within 30 days to the OMB Desk Officer and SSA Reports Clearance Officer at the following addresses:
