codified at 16 CFR 1500.18(a)(13) and
 Part 1508. These regulations were
 issued to reduce hazards of
 strangulation, suffocation, pinching,
 bruising, laceration, and other injuries
 associated with full-size cribs. (A full-

 length ranging from 49¾ inches to 55

 regulations prescribe performance,
 design, and labeling requirements for
 full-size cribs. They also require
 manufacturers and importers of those
 products to maintain sales records for a
 period of three years after the
 manufacture or importation of full-size
 cribs. If any full-size cribs subject to
 provisions of 16 CFR 1500.18(a)(13) and
 Part 1508 fail to comply in a manner
 severe enough to warrant a recall, the
 required records can be used by the
 manufacturer or importer and by the
 Commission to identify those persons
 and firms who should be notified of the
 recall. The Commission will consider all
 comments received in response to this
 notice before requesting approval of this
 collection of information from the Office
 of Management and Budget.

DATES: Written comments must be
 received by the Office of the Secretary
 not later than June 8, 1998.
