Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration

(SAMHSA) will publish a list of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (301) 443-8005.

Proposed Project

State Prevention Needs Assessments: Alcohol and Other Drugs—New—SAMHSA's Center for Substance Abuse Prevention (CSAP) has awarded contracts to several States (Cohort III) to collect data to assess the nature and extent of substance abuse prevention services needs. In addition, the data collection from these States will be used to pilot test several instruments and methodologies to determine standard measures and methodologies to be used by the next cohort of States (Cohort IV) funded to conduct needs assessment studies.

Data will be collected in school surveys, community-based prevention resource assessments (CRA), and special population studies. The information collected in this project will be combined with existing sources and may use multiple approaches to assess risk and protective factors for substance use, prevention service needs, and substance abuse prevalence. These needs assessment studies will permit cross-State comparisons of predictor variables to assist Federal program planning, allocating resources, and responding to the Government Performance and Results Act (GPRA).

The estimated annualized burden for the five-year project is shown below.

	Five year project			Total annualized burden hours
	Number of respondents	No. of responses per respondent	Average burden per response (hours)	
COHORT III:				
Students	45,600	1	0.75	6,840
Young Adults	29,350	1	0.50	2,935
Community/Program Providers	1,253	1	1.00	251
COHORT IV:				
Students	90,000	1	0.75	13,500
Special Populations	9,000	1	0.50	900
Community/Program Providers	3,000	1	1.00	600
