

AD/CVD Enforcement, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-0468, (202) 482-3020.

Applicable Statute and Regulations: Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all references to the Department's regulations are to the Department's regulations set forth at 19 CFR Part 351 (May 19, 1997).

SUPPLEMENTARY INFORMATION:

Background

On December 30, 1997, respondents, SeAH Steel Corporation (SeAH), requested an administrative review of certain welded stainless steel pipe from Korea for the period December 1, 1996 through November 30, 1997 pursuant to 19 CFR 351.213(b). On February 27, 1998, in accordance with 19 CFR 351.221(b), we initiated an administrative review of this order. On April 3, 1998, we received a timely withdrawal of request for review from respondents.

Pursuant to 19 CFR 351.213(d) of the Department's regulations, the Department may allow a party that requests an administrative review to withdraw such request not later than 90 days after the date of publication of the notice of initiation of the administrative review.

Because respondent's request for termination was submitted within the 90-day time limit and there were no requests for review from other interested parties, we are terminating this review.

This termination of administrative review and notice are in accordance with section 751(a)(1) of the Act 19 CFR 351.213(d).

Dated: March 16, 1998.

Joseph A. Spetrini,

Deputy Assistant Secretary for AD/CVD Enforcement III.

Notice of Amended Antidumping Duty Order of Sales at Less Than Fair Value: Static Random Access Memory Semiconductors From Taiwan

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: April 22, 1998.

FOR FURTHER INFORMATION CONTACT: Shawn Thompson or David Genovese, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, D.C. 20230; telephone: (202) 482-1776 or (202) 482-0498, respectively.

The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department of Commerce's (the Department's) regulations are to the regulations codified at 19 CFR Part 353 (April 1, 1996).

Scope of Order

The products covered by this order are synchronous, asynchronous, and specialty static random access memory semiconductors (SRAMs) from Taiwan, whether assembled or unassembled. Assembled SRAMs include all package types. Unassembled SRAMs include processed wafers or die, uncut die and cut die. Processed wafers produced in Taiwan, but packaged, or assembled into memory modules, in a third country, are included in the scope; processed wafers produced in a third country and assembled or packaged in Taiwan are not included in the scope.

The scope of this order includes modules containing SRAMs. Such modules include single in-line processing modules (SIPs), single in-line memory modules (SIMMs), dual in-line memory modules (DIMMs), memory cards, or other collections of SRAMs, whether unmounted or mounted on a circuit board.

The scope of this order does not include SRAMs that are physically integrated with other components of a motherboard in such a manner as to constitute one inseparable amalgam (i.e., SRAMs soldered onto motherboards).

The SRAMs within the scope of this order are currently classifiable under the subheadings 8542.13.8037 through 8542.13.8049, 8473.30.10 through 8473.30.90, and 8542.13.8005 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this order is dispositive.

Amended Antidumping Duty Order

On April 9, 1998, the International Trade Commission (ITC) notified the Department of its final determination, pursuant to section 735(b)(1)(A)(i) of the Act, that an industry in the United States is materially injured by reason of imports of static random access memory semiconductors (SRAMs) from Taiwan.

On April 16, 1998, in accordance with section 736(a)(1) of the Act, the Department published the antidumping duty order on SRAMs from Taiwan. However, the antidumping duty order published on April 16, 1998, only included the weighted-average dumping margins for the four companies for which the Department calculated a margin based on company-specific data (i.e., Alliance Semiconductor Corporation, Integrated Silicon Solutions (Taiwan), Inc., United Microelectronics Corporation, and Winbond Electronics Corporation); it did not include the weighted-average dumping margins for the three companies for which the Department relied on the facts otherwise available to calculate a margin (i.e., Advance Microelectronics Products Inc., Best Integrated Technology, Inc., and Texas Instruments-Acer Incorporated, all of which either did not respond to the Department's questionnaire or only provided a partial response). This amended order is being published to correct this error.

In accordance with section 736(a)(1) of the Act, the Department will direct Customs officers to assess, upon further advice by the administering authority, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price or constructed export price of the merchandise for all entries of SRAMs from Taiwan. These antidumping duties will be assessed on all unliquidated entries of SRAMs from Taiwan entered, or withdrawn from warehouse, for consumption on or after October 1, 1997, the date on which the Department published its preliminary determination in the **Federal Register** (62 FR 51442). On or after the date of publication of this notice in the **Federal Register**, Customs officers must require, at the

same time as importers would normally deposit estimated duties on this merchandise, a cash deposit equal to the estimated weighted-average dumping

margins as noted below. The "All Others" rate applies to all exporters of SRAMs not specifically listed below.

The ad valorem weighted-average dumping margins are as follows:

Manufacturer/producer/exporter	Weighted-average margin percentage
Advance Microelectronics Products Inc	113.85
Alliance Semiconductor Corporation	50.15
Best Integrated Technology, Inc	113.85
Integrated Silicon Solutions (Taiwan), Inc	7.56
Texas Instruments-Acer Incorporated	113.85
United Microelectronics Corporation	93.71
Winbond Electronics Corporation	101.53
All Others	41.75

This amended order is published pursuant to section 736(a) of the Act and 19 CFR 353.21.

Dated: April 17, 1998.

Joseph A. Spetrini,

Acting Assistant Secretary for Import Administration.

Centers for Disease Control and Prevention, et al.; Notice of Consolidated Decision on Applications for Duty-Free Entry of Scientific Instruments

This is a decision consolidated pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 A.M. and 5:00 P.M. in Room 4211, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, D.C.

Comments: None received. *Decision:* Approved. No instrument of equivalent scientific value to the foreign instruments described below, for such purposes as each is intended to be used, is being manufactured in the United States.

Docket Number: 98-006. *Applicant:* Centers for Disease Control and Prevention, Morgantown, WV 26505-2888. *Instrument:* Stereological Microscope System, Model BX50. *Manufacturer:* Olympus Denmark, Denmark. *Intended Use:* See notice at 63 FR 11870, March 11, 1998. *Reasons:* The foreign instrument provides sophisticated sampling procedures to achieve efficient and unbiased estimates of cell number, cell density and cell size for stereological characterization of 2-D

and 3-D microscopic images. *Advice received from:* National Institutes of Health, March 5, 1998.

Docket Number: 98-007. *Applicant:* University of Minnesota, Minneapolis, MN 55455. *Instrument:* 7-Channel Multi-electrode Manipulator, System Echorn 7. *Manufacturer:* Thomas Recording, Germany. *Intended Use:* See notice at 63 FR 11870, March 11, 1998. *Reasons:* The foreign instrument provides a seven-channel electrode micropositioner for brain cell recording during visually guided movements in monkeys. *Advice received from:* National Institutes of Health, March 6, 1998.

The National Institutes of Health advises in its memoranda that (1) the capabilities of each of the foreign instruments described above are pertinent to each applicant's intended purpose and (2) it knows of no domestic instrument or apparatus of equivalent scientific value for the intended use of each instrument.

We know of no other instrument or apparatus being manufactured in the United States which is of equivalent scientific value to either of the foreign instruments.

Frank W. Creel,

Director, Statutory Import Programs Staff.

University of Vermont; Notice of Decision on Application for Duty-Free Entry of Scientific Instrument

This decision is made pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, 80 Stat. 897; 15 CFR part 301). Related records can be viewed between

8:30 AM and 5:00 PM in Room 4211, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, D.C.

Docket Number: 98-002. *Applicant:* University of Vermont, Burlington, VT 05405. *Instrument:* HD Collector Upgrade for Mass Spectrometer. *Manufacturer:* Pro-Vac Services, United Kingdom. *Intended Use:* See notice at 63 FR 8164, February 18, 1998.

Comments: None received. *Decision:* Approved. No instrument of equivalent scientific value to the foreign instrument, for such purposes as it is intended to be used, is being manufactured in the United States. *Reasons:* This is a compatible accessory for an existing instrument purchased for the use of the applicant.

The accessory is pertinent to the intended uses and we know of no comparable domestic accessory which can be readily adapted to the existing instrument.
