ACTION: Notice of open meeting.

SUMMARY: In accordance with Section 10(a)(2) of the Federal Advisory Committee Act (Public Law 92-463), this notice sets forth the schedule and proposed agenda of the forthcoming meeting of the American Heritage Rivers Advisory Committee ("Committee"), a Presidential Commission. The meeting will be open to the public except for the last portion of the meeting where the Committee will select up to 20 river communities from which the President will choose river communities for designation as American Heritage Rivers. The partial closure is necessary in order to permit the selection of the 20 finalist applicant rivers for submission to the President and to prevent premature disclosure of their identity. Because the seating capacity of the meeting room might be limited, an advance notice of intent to attend, although not required, is requested. This will help make adequate arrangements for those wishing to attend. Members of the public will not be permitted to make oral statements at the meeting due to equity considerations and time constraints. Written comments may be submitted for the record to Mr. Charles R. Smith, Executive Secretary, at the address listed below. Comments must be received by 5:00 p.m. on May 8.

The Committee shall recommend up to 20 rivers for designation as American Heritage Rivers by the President.

In its review of nominations submitted by communities, the Committee shall provide its assessment of:

The extent to which the community's plan of action is clearly defined and the extent to which the plan addresses all three American Heritage Rivers objectives—natural resource and environmental protection, economic revitalization, and historic and cultural preservation—either through planned actions or past accomplishments, as well as any other characteristics of the proposals that distinguish a nomination, such as:

- (A) Community vision and partnership;

The Committee also should seek to recommend the selection of rivers that as a group:

1. Represent the natural, historic, cultural, social, economic, and agricultural diversity of American rivers;
2. Showcase a variety of stream sizes and an assortment of urban, rural, and mixed settings from around the country, including both relatively pristine and degraded rivers;
3. Highlight a variety of innovative programs in such areas as historic preservation, sustainable development through tourism, wildlife management, fisheries restoration, recreation, community revitalization, agricultural practices, and flood plain and watershed management;
4. Include community efforts in early stages of development as well as those that are more well-established; and
5. Stand to benefit from targeted Federal assistance.
